

PRIESTS FOR LIFE

OVER 25 YEARS of defending Life!

Ending abortion through the Church
and working toward greater unity
within the pro-life movement

Rachel's Vineyard

Founded by our Pastoral Associates Dr. Theresa and Kevin Burke, Rachel's Vineyard is the world's largest ministry for healing after abortion. A retreat program based on sound psychology, Scripture and the sacraments, nearly a thousand retreats each year bring healing to thousands of individuals and families wounded by abortion.

Silent No More

In conjunction with Anglicans for Life, we co-founded and operate "Silent No More," the world's largest mobilization of mothers, fathers and families who have lost children to abortion and speak out about it. "Healing the Shockwaves of Abortion" is an initiative of Silent No More which points out the damage abortion does to other relatives, friends, the abortionist and the pro-lifers.

Pastoral Associates

Speaking to tens of thousands around the country Each year our dedicated team of priests and lay leaders speak all over the world at hundreds of parishes, seminars, rallies, and other pro-life events. Priests for Life is committed to assisting the local life-saving efforts of tens of thousands of pro-life activists working to end the holocaust of abortion.

Unifying the pro-life movement

Priests for Life is committed to assisting all pro-life organizations—especially their leaders—by providing regular leader retreats and conferences, helping run the National Pro-Life Religious Council, and working with Bishops and Cardinals to develop effective pro-life strategies. Much of this work is behind the scenes, but its effects are seen daily throughout the world as pro-life leaders unify in their efforts to end abortion and spread the Gospel of Life.

Special Projects

Each year Priests for Life participates and supports pro-life efforts around the country and the world, including...

- Annual March for Life in Washington DC
- West Coast Walk for Life
- National Memorial for the Pro-born and their Mothers and Fathers
- Nationwide prayer campaigns and Novenas
- Terri's Day – honoring Terri Schindler Schiavo and all our vulnerable brothers and sisters
- TV and internet commercials and video.

Civil Rights for the Unborn

Led by Evangelist Alveda King, niece of Dr. Martin Luther King, Jr., this outreach unites black leaders to fight abortion in their community, which is targeted by the abortion industry and suffers a disproportionate number of the nation's abortions.

Stand True

Building the next generation of pro-life activists, Stand True (our Youth Outreach) witnesses to teens at events around the world—inspiring them to take action in defense of life and encourage their peers to promote a culture of life.

Voter Education: ProLifeVote.com

We assist believers to be faithful and active citizens, electing public servants who know the difference between serving the public and killing the public. Through seminars on the road and online, we educate voters about the political process, the positions of candidates and parties, and how to register and mobilize voters. We assist Churches and organizations to realize that they can say and do much more about elections than they think, and we mobilize a national prayer campaign during each election year.

Defending Life, hosted by Fr. Frank on EWTN, is the longest running, farthest reaching program on abortion in the world. We also produce "The Catholic View for Women." Our team appears regularly on FOX News, Newsmax, and other secular outlets. We have our own national radio show, "Gospel of Life," our "EndAbortion Podcast," and our pastoral team have interviews and spots daily on numerous radio networks in the Catholic and wider Christian world, as well as on secular stations.

Fundraising and Administration

PPriests for Life relies solely on the generosity of tens of thousands of individual supporters across the country through direct mail and the Internet. We are not funded through any diocese or the Vatican, or by the government or foundations. Priests for Life is constantly working to maximize its fundraising and administration dollars by keeping its overhead and fundraising costs to a minimum. We receive clean annual audits and other independent audits that have shown our finances to be well-managed.
