

# Missions of Mercy

At [www.priestsforlife.org/Speakers](http://www.priestsforlife.org/Speakers), invite one of the members of the Priests for Life Pastoral Team to conduct a "Mission of Mercy" in your community.

Mercy – because now is the time God wants to reconcile his people to himself!

Mercy – because Pope Francis has told us that God never tires of forgiving us; we just tire of asking him to!

Mercy – because the Culture of Death can only be overcome by the Mercy of God!

The first act of God's mercy is creation: he made us when we did not deserve it and could not request it. Mercy continues when God's people intervene to save the helpless – and the most helpless among us are the children in the womb.

Mercy seeks all those who have had abortions. That is why Priests for Life operates Rachel's Vineyard, the world's largest ministry for healing after abortion, and the Silent No More Awareness Campaign, by which people healed from their abortions speak out and testify to the mercy of God!

"Missions of Mercy" consist of special talks, Masses, and healing services to connect God's people with the mercy they so need, and help them proclaim it to the rest of the world.

"The pro-life movement is a movement of love; if it isn't, then it is nothing; if it is, then nothing can stop it."  
– Fr. Frank Pavone, National Director, Priests for Life
