

3 Pro-Life/Anti-Abortion Events in Tallahassee Friday, March 4 and Saturday, March 5

FIRST:

Calling all pro-life elected officials, candidates, and grassroots activists. In this three-hour seminar, United for Life Director John Michener will summarize the political reality of abortion in Florida, then discuss the moral and constitutional mandate for the Right to life and equal protection of the laws for our preborn neighbors, and finally present a strategic plan for Governor Ron DeSantis to immediately abolish child-sacrifice by abortion in Florida.

In this session, John Michener will explain the Constitutional and Legal underpinnings of his unique strategy and why Governor DeSantis is in a unique position to execute this plan.

This session is filled with foundational instruction that activists can take back to their communities and help others engage in the long-term battle against abortion in Florida.

For legislators and public officials, this session will provide the knowledge that will allow Florida to return to the pre- “Women’s Choice” era, when abortion was considered by all to be murder.

SECOND:

On Saturday, March 5, beginning at 11:00 am, a March for the Preborn will be held in Tallahassee, beginning in McCarty Park, close to the Capitol building. There will be information tables, a Liturgy for the Preborn, Pro-Life Speakers, Prayer, and the March, itself.

THIRD:

Join United for Life Director John Michener for an interactive apologetics workshop that will help you become a more effective ambassador for life.

Can you defend life graciously, or do you sometimes speak rashly and give offense? Do you assume all those who call themselves Christians are fully opposed to legal abortion? In a world full of doubt and tough questions about abortion, we must prepare ourselves to “know how we ought to answer each person” (Col. 4:6).

With presentation, explanation and role-playing practice, this session will train participants to:

- Create gracious and persuasive conversation about abortion in church gatherings, with outsiders, and on social media.
- Make a biblical, moral, biological, and philosophical case for life.
- Answer the toughest arguments of abortion advocates such as, “It’s my body, so it’s my choice” and “I know abortion is wrong, but we can’t tell other people what to do.”
- Share their faith in every conversation about abortion.

You will leave this event with a greater ability to understand and counter all the arguments supporting abortion.

FINALLY:

For the fight to end abortion to be successful, God's people MUST act. When WE work, God works. It takes more than just hope and prayer.

From the book of James, "faith without works is dead."

But, NEVER forget the importance of prayer. We must have an army of Prayer Warriors and Intercessors supporting the efforts of the citizen lobbyists, the elected officials, the candidates, the sidewalk counselors.

Also, there will ALWAYS be a need for financial support. Pro-Life citizens and organizations spent tens of thousands of dollars in 2024 to defeat the Abortion Amendment. That was a LIMITED WIN. 57% of Floridians voted to create a Constitutional "Right" to kill preborn children. We have to change hearts and minds.

Thankfully, Roe v Wade was overturned in 2022. We had been living under a FALSE doctrine for 50 years. It will take time to overcome the influence of that EVIL philosophy, that the unique human is only a meaningless "clump of cells," that human life is unimportant, that one class of human has the "right" to destroy another, that sexual immorality is acceptable. Prayer, Discussion and Education is essential.

In spite of what may be apparent in the left leaning, propaganda media, WE have the momentum. We MUST use the current momentum to change public opinion. We must continue to fight, because the war against the Death Culture must continue. Evil will not rest and neither can we.
