

Protect Our Children

In California, if your daughter is under 18:

She can't get a flu shot, she can't go on a school trip, she can't have a tooth pulled, without your knowing it.

But an older boyfriend or school employee can take

your 13-year-old daughter to a doctor who can perform a SURGICAL or CHEMICAL ABORTION upon her without your knowing it.

HELP PARENTS PROTECT THEIR DAUGHTERS

Promote the **Parents' Right to Know and Child Protection** ballot initiative, which will require a doctor to notify at least one parent 48 hours before performing an abortion on their minor daughter.

Vote Yes on Proposition 85
