## Priests join Priests for Life as pastoral associates

Priests for Life has welcomed two new priest associates.

Father David P. Begany, SSJ, a Catholic priest of the Josephite community, and Father Terry Gensemer, a priest in the Charismatic Episcopal Church, will represent our ministry on trips and at pro-life events.

Father Begany was ordained in 2014 for the Society of St. Joseph of the Sacred Heart, whose mission is to promote the spiritual, emotional, and material welfare of the African American community.

## Successful election training in Kissimmee, Florida

Priests for Life co-sponsored an event with the Leadership Institute on August 5 in Kissimmee, Florida, training pro-life supporters from across the state on how to more effectively battle the pro-abortion attempt to place unlimited abortion rights in the Florida State Constitution. The

event was a success, with nearly 75 people turning out for an all-day training.

Janet Morana, our Executive Director, spoke about the power of women's testimonies. Frank Pavone, National Director, spoke of the national to state collaboration philosophy where every state battle becomes a national battle, the importance of early voting, and invited participants of the meeting to our election volunteer calls.

As for Florida and Ohio, we will be continuing all of our regular activities in the months ahead: election volunteer meetings, training and activating clergy, and recruiting volunteers to make phone calls and knock on doors. Please sign up at [ProLifeVolunteer.com](http://ProLifeVolunteer.com).

## Healing hearts, one retreat at a time

Having founded the successful Rachel's Vineyard retreats (healing for those suffering after abortion), and Grief to Grace retreats (healing the wounds of sexual abuse), our Priests for Life Pastoral Associate Dr. Theresa Burke has officially launched her third retreat program, Duty to Heal.

Duty to Heal helps Military Veterans and Law Enforcement professionals to grieve and reconcile the moral injuries suffered in war and violence. Whether psychological or physical injuries, tens of thousands of U.S. Veterans are adversely affected by traumatic experiences from war, violence, death, and destruction.

A veteran who recently attended the Duty to Heal retreat shared:

*"Nearly 20 years have passed since my deployment. I knew I carried a great deal of pain. What I didn't know is the extent of how it was affecting my family and my physical, mental, spiritual health. ... This retreat has helped in the process of healing my spirit and given me the tools to continue the healing process."*

*During each Living Scripture on the Duty to Heal Retreat, our warriors identify burdens and name them by painting a rock after each Living Scripture. By the end of the retreat, this collection of rocks represents the moral injuries and traumatic memories of combat. After laying down their burdens one by one at the foot of the cross, we head to the chapel for a purification ritual followed by a memorial service for all fallen warriors whom they wish to remember and honor.*

While Duty to Heal is just beginning to take off, Rachel's Vineyard has continued to grow around the world. They recently wrapped up their four-part virtual training

conference. The conference offered 40 classes from speakers such as Dr. Theresa Burke, Kevin Burke, Frank Pavone, Janet Morana, Dr. Martha Shuping, and many more experts from around the Vineyard.

The conference had attendees from across the United States and the world.

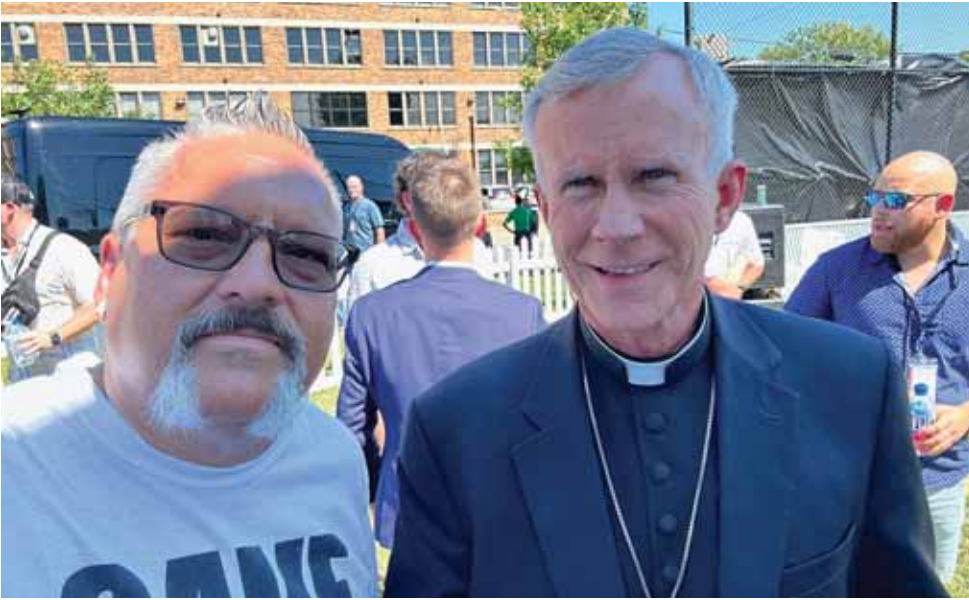

This year alone, Rachel's Vineyard has launched 10 new retreat sites internationally, with more on the way! This brings their total to 208 retreat sites offered around the world.

During these fall months, there will be 75 Rachel's Vineyard retreats held around the world. If you or someone you know is interested in attending a retreat, visit [RachelsVineyard.org](http://RachelsVineyard.org), or call 1-877-HOPE-4-ME.

The rally was in response to pro-abortion efforts in Ohio to force unlimited abortion into the State Constitution.*

## Silent No More regional coordinator is working toward a NO vote in Ohio

Christy Ballor understands exactly what's at stake for the unborn and their families in Ohio as a November vote on a pro-abortion ballot amendment inches closer.

"Ohio is a beachhead," said the Silent No More regional coordinator for Central Ohio. "If we can hold the line here in Ohio, that will encourage other states."

Christy has been working for months on the ballot issue, starting with an August special election that asked voters if the threshold for changing the state constitution should be increased from 50 to 60 percent.

That effort failed but pro-lifers have redoubled their efforts to ensure a resounding NO vote on an amendment that would invent a right to abortion up to birth and then force it into the state constitution. It would negate all other laws protecting the unborn and their mothers, and eliminate the right of parents to know their minor daughters are considering or being coerced into an abortion.

Christy took advantage of a media training that helped people navigate interviews with an often-unfriendly press. She and other pro-lifers stood outside a total of 27 churches - covering 35 Catholic Masses - spreading the message.

As pro-aborts were gathering signatures Christy and a group of pro-lifers gave out "Decline to Sign" fliers at summer fairs and festivals.

Pro-Lifers in Stark County knocked on doors, made phone calls, mailed postcards, and worked with willing pastors.

Christy's reason for getting involved in the issue is personal. At the age of 16, with the encouragement of Planned Parenthood, she had an abortion that caused her to suffer remorse in silence for years. But now, as part of our Silent No More Campaign, her voice is loud and clear.

Priests for Life has been leading multiple efforts for Ohio - see [www.EndAbortionOHIO.us](http://www.EndAbortionOHIO.us).

*Fr. Denis Wilde, O.S.A. of Priests for Life at the Maryland Face the Truth Tour in July*

## Priests for Life joins Face the Truth Tour in Maryland

When someone is being victimized, the violence thrives when it is hidden. Essential to protecting these victims is ensuring that this violence can be seen.

That's the philosophy behind Face the Truth tours that bring photos of abortion victims to our nation's major thoroughfares.

National Director Frank Pavone and Associate Chaplain Fr. Denis Wilde, OSA, this past summer took part in the 23rd annual Maryland Face the Truth Tour organized by the pro-life group Defend Life.

Pro-life leader Pavone was the keynote speaker at a luncheon on the second day of the five-day event in July. His topic was "Until Americans See Abortion, Americans Will Not Reject Abortion."

"Activism is very important," Father Denis said. "Activism in the streets reminds people once again that these are little tiny children in the womb. These children are our future, and we need to make sure that we never forget them."

### New Pastoral Associates

*Continued from pg 1*

Currently the pastor of Holy Family Catholic Church in Baytown, TX, Father Begany is a native of Pennsylvania. Prior to joining the Josephites, Fr. Begany was trained in Priests for Life's Missionaries of the Gospel of Life, and now helps train others in this pro-life spirituality. He also has been featured on Priests for Life's EndAbortion.TV network.

Father Gensemer is a well-known pro-life advocate from Alabama, serving as a pastor for more than 20 years in the Birmingham area. He is now the international director of CEC (Charismatic Episcopal Church) For Life and a board member of the National Pro-life Religious Council. He also serves as pastoral care associate for the Silent No More Awareness Campaign.

### Praise for our Work

*"Fr Frank Pavone and Priests for Life is a very important part of my life since I was lead to them by Divine Intervention 3.5 years ago.. Father and his staff are encouraging and very committed in their mission to save the unborn babies, babies born, moms, and their families. Listening to their podcasts and getting involved with the Pro-Life movement has brought me out of my shell to verbally support Pro-Life." - Debbie G.*
