Deacons for Life!

From the beginning, the ministry of Priests for Life, seeking to encourage clergy to defend the unborn, has included deacons (who by definition are members of the clergy). Recently, Fr. Frank and two deacons who assist this aspect of our outreach sent the following letter to all the deacons of the country:

Dear Deacons,

The pro-life movement has been making tremendous progress, thanks to the involvement of both clergy and laity, and people of every profession. This Human and Civil Rights movement needs the assistance of nearly 20,000 Catholic deacons across America. What a formidable asset this brotherhood of ordained ministers could be, if enlisted, formed and sent to defend our youngest

neighbors, children in the womb of their mother!

As the Catechism of the Catholic Church explains, “At a lower level of the hierarchy are to be found Deacons, who receive the imposition of hands ‘not unto the priesthood, but unto the ministry’ (CCC #1569, 1570). Deacons go from the Ambo to the altar and into the world. Their primary ministry is at the intersection of faith and culture.

Deacons have a special call to charity and authentic social justice. Both begin in the womb.

We know that deacons are particularly well suited to strengthen the Church’s ministry in this crucial area because most deacons are also fathers, and because the ministry of the deacon brings the ministry of the Word and of service into the world.

It is there, in the family, in the media, in business, in politics, and in so many public arenas that the battle between the Culture of Life and the culture of death is raging. It is there that the Word of Life and the service of the least among us is most urgently needed and can be most fruitful.

Therefore, we are building Deacons for Life (DeaconsForLife.org), and invite all Deacons to join! This is meant to be an opportunity for deacons to receive resources for being even more effective in advancing the protection of the unborn, and to receive encouragement through communication with a network of deacons nationwide who are particularly committed to this effort. Among the many resources we offer are ProLifePrayers.org, ProLifePreaching.org, and ideas for activities at ProLife.Church.

Interested deacons should sign up at DeaconsforLife.org and please indicate if you would like a complimentary copy of Fr. Frank Pavone’s book Proclaiming the Message of Life, which contains homily hints for preaching a pro-life message for each Sunday of the lectionary!

Please know of our availability to assist you in the ministry of the Word and service, especially at this time of need and opportunity for our most vulnerable brothers and sisters, the children in the womb.

Did you know that in addition to the donations you already make to Priests for Life (and for which we are so grateful) that you can have Amazon send its own donation to us every time you order something from them?

It’s called “Amazon Smile.” – It’s easy to set up and won’t cost you any additional money. Simply go to Smile.Amazon.com, hit Register Now and then search for Priests for Life in the charitable organizations.

Once you’re all set up, you just have to remember that every time you order from Amazon, you have to start at Smile.Amazon.com.

As of last year, $100 million was raised for charities, like Priests for Life, included in the Smile program. With Christmas coming, every purchase you make from Amazon can help save babies.

Again, it’s not adding a penny to what you are spending at Amazon. It’s simply you telling Amazon to send some of their profit to Priests for Life!

And that’s something to smile about!

The current political reality is that the positions of the political parties are diametrically opposed on abortion, with Democrats not in favor of even the slightest protection for the unborn. Congressional votes on abortion are essentially party-line votes, and federal pro-life legislation only becomes law when the House, the Senate and the White House are under Republican control.

This dynamic occurs on the state level as well. When Democrats control a state’s legislative and executive branches, we end up with extreme abortion laws like what passed in New York.

We cannot be afraid to point out these facts. By Executive Order, federal agencies are not permitted to intimidate Churches for speaking their mind about political realities.

**Praise for our Work**

I am part of the Pro-Life Movement in Northern Ireland. Our laws protect the life of both mother and child as equals however they are under grave threat... I follow Fr. Pavone’s Twitter avidly and keep up to date with the ongoing Pro-Life work in the United States. You inspire us to keep fighting for the protection of the unborn child here in Northern Ireland.
