The Democrats are ruining the US; let's vote them out of House, Senate in 2022

Never have the Democrats in Congress or in the White House been more pro-abortion than now. Here are some examples:

Joe Biden

- Reversed the Protecting Life in Global Health Assistance Policy – also known as the Mexico City policy, which protected the United States' \$8 billion in foreign aid from funding organizations that perform or promote abortion.

- Began the process of reversing President Trump's Title X rule, which enforced the law that tax dollars earmarked for family planning services must not fund abortion. (President Trump's action forced Planned Parenthood to drop out of the program, costing them some \$56 million annually.)

- Pledged to provide \$32.5 million to the radically pro-abortion United Nations Population Fund.

- Lifted restrictions on the use of the organs, skin and

Fr. Don Calloway, MIC, Urges Support for Priests for Life

"Hi everyone, I'm Fr. Donald Calloway and I want to really encourage you to find out about Priests for Life. You know, I'm a convert to Catholicism. Many people know my story of being a really bad guy in my youth and causing a lot of problems and living for things of the world. But then God came into my life and got me with the divine 2x4 I call it, with the truth. And one of those aspects was the sanctity of human life. And I have to say that when I had my conversion, received my call and went into seminary, there was one person in particular that I looked to and still do to this day, still look to him for guidance because he's such an authority. He speaks with such conviction and love. And that is Fr. Frank Pavone. I was so inspired by him in my days in seminary. Went to some of his talks, especially at the March for Life in Washington DC, where I lived for about 6 years and now as a priest. This is a true brother for me. A man who is truly a prophet in many ways in our times, right there on the cutting edge of this cause for life. And you know, there really is no greater cause because if we're not defending babies,

body parts of aborted babies in medical research.

- Appointed abortion extremists to Cabinet-level positions, including the departments of Health and Human Services, Justice, Commerce and Transportation.

The House of Representatives, with a slim Democrat majority, has been busy pushing its own radical agenda. Actions include:

- Passing the Equality Act, which amends the 1964 Civil Rights Act, adding language that would put abortion on par with legitimate medical procedures and require that it not be restricted and that it be fully funded, and removing conscience and religious freedom protections from individuals and groups that are opposed to participating in or paying for abortions.

- Passing the Equal Rights Amendment modification, removing the deadline for ratification of the radically pro-abortion amendment.

- Including funding for abortion, for the first time, in the Covid Relief Act.

- Introducing a bill to add four justices to the U.S. Supreme Court so that the Democrats could immediately fill it with radical Leftist judges and once again have the majority.

- Passing a measure to make Washington, D.C. a state, ensuring two more Democrat Senators.

- Opposing all pro-life legislation, including the Born-Alive Abortion Survivors Protection Act, the Pain Capable Unborn Child Protection Act and the Hyde Amendment, which keeps taxpayer money from funding most abortions.

Most Democrats in the Senate support these radical measures, but the legislative filibuster makes it necessary for them to garner 60 votes to actually pass most things, and that will not happen in an evenly divided Senate. Therefore, we see a push among the Democrats to abolish the filibuster, so that the Senate could then pass these bills with just 50 Democrat votes and the tie-breaking vote by Kamala Harris. Nothing could be worse for our country, as radical policies would be enacted without consensus in the public.

The only way to undo the damage the Democrats are inflicting on our nation is to vote them out of office in 2022. The whole House will be up for re-election and there will be Senate elections in the following states: Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Florida, Georgia, Hawaii, Idaho,

Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Missouri, Nevada, New Hampshire, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, South Carolina, South Dakota, Utah, Vermont, Washington, and Wisconsin.

The Good Shepherd Project

When Priests for Life was founded in 1991, its main mission was to equip Catholic priests and all clergy with the tools they would need to be effective advocates for the unborn and to inspire, energize and activate their congregations to join the fight to end abortion.

Although we have expanded to more than a dozen ministries, including Rachel's Vineyard, the Silent No More Awareness Campaign and Civil Rights for the Unborn, we have never forgotten our roots.

Our new Good Shepherd Project, for instance, seeks to better empower clergy of all denominations to help bring back to Christ and the Church all those who have had abortions or participated in them. The project will offer resources on how and why to preach about abortion, as well as online conferences by which priests and deacons can discuss with us their own experiences and advice.

The project invites clergy to join our expert team, as well as other clergy from across the nation, for our regular training seminars about preaching the healing message and counseling moms, dads, grandparents, other family members and friends who are grieving a child killed by abortion.

Priests for Life has published two new brochures (Catholic and interdenominational) that outline seven steps that Catholics and other Christians can take to help their priests, deacons and pastors join the fight to end abortion.

You can order these pamphlets, as well as the overall brochure describing the project, on page 4 or at www.TheGoodShepherdProject.org.

In the Light of His Word – A new prayer booklet for the pro-life movement

Father Frank Pavone has written a new pocket-sized prayer booklet focused on ending abortion.

In the Light of His Word: Biblically Based Prayers to End Abortion is the third in a special series of prayer booklets Father Frank has written specifically for the pro-life movement. The first, ***In the Palm of His Hand: Prayers to End Abortion***, equips God's people to pray for the unborn in a variety of circumstances and special times of the year. The second, ***In the Heart of His Mercy: Prayers to Heal the Wounds of Abortion***, asks for God's mercy and healing for many groups of people who are wounded by each abortion.

Now this book, ***In the Light of His Word: Biblically Based Prayers to End Abortion***, takes key themes in God's Word as the launching point for interceding for our brothers and sisters in the womb. These launching points are outlined in more detail in two key sources: *The Gospel of Life* by Saint John Paul II, and the Priests for Life brochure, *The Bible's Teaching Against Abortion*. Scripture quotes are mostly from the New American Bible translation.

The 25 prayers include "You Formed Me in the Womb;" "Children Are a Gift;" "Calling Evil Good," and "Jesus is Life."

what are we doing? This is human life. This is God's gift to humanity. The life of a child. And so I cannot encourage you enough to find out about Priests for Life. Get involved. Support them by your prayers, financially and pray for Fr. Pavone. He's in the crosshairs of course because of what he's doing. The devil is not going to be happy about what he's doing. And I pray for my brother. He is a good man and he is doing great work. So my friends, please, please, please support this wonderful organization because we need to champion human life. God bless you all."

Communion for Pro-Abortion Politicians?

"Rejection of human life ... is really a rejection of Christ" (St. John Paul II, The Gospel of Life, n. 104). How, then, does it make sense for politicians to want Communion with Christ while permitting, promoting, and funding the killing of the unborn?
