Help Priests for Life distribute our pro-life primer to US clergy

A short time ago Priests for Life finished work on our revolutionary booklet, "A Primer on why only the Church can end the evil of abortion."

Invoking Scripture, Church teaching, and even the admissions of the abortion industry, this booklet has the power to re-activate the clergy and equip them to fulfill their calling from God to *lead* His people to victory over abortion.

You'll recall the words of abortion industry founder Dr. Bernard Nathanson, who, in speaking to priests after his conversion, said, "We (the abortion advocates) would never have gotten away with what we did if you (the clergy) had been united, purposeful, and strong."

Never mind November; Midterm elections are now!

The Midterm elections have begun!

Primary season for U.S. Senate and House races opens March 3, with contests in Arkansas, North Carolina and Texas. It concludes, 196 days later, in Delaware.

I know I told you the 2024 presidential election was the most consequential or our lifetimes, but the races to be decided this November are every bit as important. Republicans must not only keep their advantage in both chambers; they need to increase their majorities.

It is only with a continued trifecta - White House, Senate and House – that we can advance the protection of the unborn, preserve our freedoms, and save our nation. The Republican Party is not the solution to all our problems, but the Democrat Party is the cause. They hate America.

But our new booklet can only help the clergy if they get a copy and take action. To make that happen, we are asking our supporters to order copies at the link on www.ProLife.Church and give them to priests, deacons, pastors, even bishops.

Obviously, each member of the clergy impacts the lives and thinking of thousands of people. If together we energize just a few hundred priests, *millions* will hear the pro-life message and join the battle.

The overall goal is to transform five million people into ardent pro-life warriors who will work with us to **make abortion in America unthinkable.**

That's an aggressive goal to be sure. But as Scripture teaches in Proverbs 29:18: *"Where there is no vision, the people perish."*

The Church is the only institution that has been given a Divine Guarantee of victory. *"The gates of hell will not prevail against it!"* So let's get busy, and win that victory!

Never mind November; Midterm elections are now!

The issues you voted for in 2024 will advance only with victories in 2026. President Trump's name is not on the ballot, but his policies are! And they are the policies we voted for!

As always, the whole House is up for grabs, as are 35 seats in the Senate. Nine incumbent senators will not seek re-election; four Democrats and five Republicans. Some of the Democrats who are not running include some of the most pro-abortion lawmakers, like Dick Durbin of Illinois and Tina Smith of Minnesota.

Previous to her political career, Smith was an executive vice president for Planned Parenthood in Minnesota, making her the highest-ranking executive of the nation's largest abortion cartel to serve the U.S. government!

Casting their ballots for governor will be voters in 36 states, including six of the seven key presidential battleground states from 2024. More than a half-dozen other races are seen as

likely to be competitive.

The political makeup of nine state legislatures that are considered toss-ups also will be decided.

What this all means is that every pro-life voter has to ensure his or her voter registration is valid and must know when the primary election is - and if and when early voting begins. Go to CheckYourVoterRegistration.org.

At our website StateElectionCalendar.org, you will find everything you need to know about statewide elections.

This election is too important for even one pro-life voter to sit out. So please tell your family and your friends, your church and school groups, book clubs and gym buddies that the midterm elections are already upon us.

Deepen your Lenten devotions with *The Tree of Life*

Lent is often understood as a season of sacrifice and self-denial, but at its heart, it is deeply pro-life. The 40 days invite Christians to reflect on the dignity of human life, the call to love sacrificially, and the responsibility to protect the most vulnerable. Through prayer, fasting, and almsgiving, Lent forms believers to choose life—not in words, but in concrete actions.

Fasting teaches reverence for the body and mastery over selfish desires. We train ourselves to reject the lure of pleasure and convenience. Isn't that at the heart of bravely choosing life for an unborn child, despite the challenges an unexpected pregnancy might bring?

Prayer during Lent reorients believers toward God, the source of all life. It declares that God, rather than each of us, is Lord of our choices. Praying for unborn children, for parents in crisis, for the elderly, the disabled, and the marginalized affirms that every life has inherent worth.

And almsgiving finds its highest expression when we give of our time and resources to the pro-life movement. Lent reminds Christians that defending life is not merely a political stance, but a spiritual commitment rooted in love.

The Tree of Life, an e-booklet written by Priests for Life National Director Frank Pavone provides prayers and reflections that show the connections between Lent and our commitment to defend the unborn.

The booklet aims to bring to every reader the realization that ultimately, Lent is pro-life because it leads to the Cross and the Resurrection. Christ's willing sacrifice reveals the immeasurable value of every human life and offers hope that life, not death, has the final word.
