## ***A Prayer for President Trump***

A Prayer for President Donald J. Trump  
Lord of Life and Freedom,  
You have told us that those who stand for you  
Will be persecuted because of you.

You have raised up President Donald J Trump  
As a beacon for truth and freedom and life.  
The forces of darkness have tried to cancel him,  
Silence him and jail him  
And they have not succeeded.

So now they try to kill him.

Lord, we are not surprised at what the radical Left is willing to do.  
We are not shocked that those who hate America,  
Who destroy the unborn, and who pervert morality,  
Have tried to kill the one who is standing in their way.

We pray for the full healing, strength, and protection of President Trump.  
Bless his body, soul and mind.  
Bless his family, his team and his supporters.  
And bless the nation that he has led and will lead again.

His enemies are going after him because he is standing up for us.  
They are trying to silence him because he will never allow them to silence us.

But we will not be silenced.  
We will not be intimidated.  
And we will not be stopped.

Bless this movement for freedom and for life.  
Save us from immoral, violent haters.  
May our example of strength and faithfulness  
Continue to inspire a movement that will  
Make America great again  
And that will advance your Kingdom  
And glorify your name.

We pray through Christ our Lord. Amen.
