

Prayer of Thanks for the 2024 Election

All praise to you,
Lord of all the nations,
For the glorious victory you have given your People
In the United States and around the world
In the results of the 2024 election.

Thank you, Lord, for the election
of President Donald J. Trump
And for giving him a Congress which,
Both in the House and Senate,
Will be supportive of the policies he pursues.

We thank you, Lord, for saving America,
And for giving us a new opportunity
To preserve our freedom, our Constitution, and our courts.

We thank you that as a result of this election
We can avoid World War 3,
Rebuild our economy and military,
Secure our borders,
Advance the protection of the unborn,
Increase our religious freedom,
Save our children from indoctrination,
And keep men out of women's sports.

We thank you for the many other policies that are now possible,
And for the many other victories at every level of government.

Most of all, we thank you
For all our fellow citizens and believers who voted
And who spoke up to educate and activate many other voters.

Give us wisdom and strength to build on these victories,
As faithful citizens of America
And as joyful citizens of your heavenly Kingdom,
Through Christ our Lord. Amen.
