Testimonials to Fr. Frank Pavone and Priests for Life

Scripture urges us to encourage one another as we toil in this life to advance the Kingdom of God. Priests for Life and Fr. Frank Pavone have received great encouragement from the testimonials we receive every day about the fruits of our work.

This booklet is Volume 1 of a partial collection of some of the letters and emails we have received. We have prepared this in order to encourage our supporters to see the signs of God’s hand on this fruitful ministry of Priests for Life.

There are far more where these have come from, and we retain the originals of all these messages, along with the full information of where they came from.

The testimonials in this booklet highlight the effective leadership of Fr. Frank Pavone, and demonstrate the fruits of his leadership over the Priests for Life family of ministries (which includes Rachel’s Vineyard, Silent No More, Missionaries of the Gospel of Life, Stand True, Parliamentary Network for Critical Issues, Civil Rights for the Unborn, and more). We have many testimonials about the impact of the other members of our leadership team as well.

We are grateful to all who have told us how blessed they have been by our work. These words of encouragement are simply a stimulus to work harder until our goal is achieved – the end of abortion. We have only just begun.

Protecting the unborn and defending the most vulnerable in our society is at the very heart of the Church’s mission, and she commends PFL/Missionaries of the Gospel of Life for their many laudable contributions toward that end. -- Most Reverend Patrick Zurek, Bishop of Amarillo (September 2008)

Father Pavone, in my experience, demonstrated himself to be an effective and generous priest, completely dedicated to the ministry, especially pro-life ministry. I have seen the fruits of his ministry in the diocese and elsewhere on the national and international scene. – Rev. Msgr. Harold Waldow, Episcopal Vicar and Vicar for Clergy, Diocese of Amarillo (Letter of March 5, 2016)

Congratulations! Because of you I became involved in the pro-life work and went on to become the Respect Life Director of the Amarillo diocese. You have been by far the most influential person in my life and I will be eternally grateful! - Vicky Martinez, Respect Life Director, Diocese of Amarillo, TX

Thank you so much, Father, for all you do! You are without a doubt hero to millions of pre-born babies and one of the Church’s great treasures. -- Rita Diller, Coordinator, Respect Life Ministries, Diocese of Amarillo

Just wanted to thank you for your effort for culture of life. We are praying the novena as a group in our formation house. The novices and postulants are offering their prayer and sacrifices daily for the intention of election. Thank you for composing the prayer. In Jesus and Mary, -- Sr.Juana Teresa, Community of the Disciples of the Lord Jesus Christ, Amarillo, TX

From Alveda King and her mother Naomi

As my uncle, Rev. Dr. Martin Luther King, Jr., led the civil rights movement, so Fr. Frank Pavone is playing a similar role in the civil rights movement of today, the pro-life movement. – Evangelist Alveda King, niece of Martin Luther King, Jr.

It has been my pleasure to accompany Fr. Frank on various occasions to various gatherings in Washington, New York, and Birmingham, and to see how he engages the people with his pro-life message, and how he rallies the leaders to a greater commitment to this cause. .. Alveda (my daughter) and I have welcomed Fr. Frank to many gatherings with our wider family here in Atlanta, both on the occasions of the annual national King observances, at which Fr. Frank is often invited to participate in the program, as well as at a number of family occasions. He is a trusted and valued friend. Moreover, he and his team have been the catalyst for me to share my own pro-life story through their television broadcasts and to issue public statements about
how the "Beloved Community," proclaimed by my husband and his brother, must in our day make room for the unborn children. .. Mrs. Naomi Ruth Barber King, Sister-in-Law of Rev. Dr. Martin Luther King, Jr.

From the Jane Roe of Roe vs. Wade

I am the former “Jane Roe” of Roe vs. Wade, the Supreme Court case that legalized abortion in the USA. I was on the wrong side of this issue, but Fr. Frank Pavone is the catalyst that brought me into the Catholic Church. For Fr. Frank, being a bold voice for babies and a compassionate priest for the Church is not an either/or thing. He is both – all the time. When I had questions about faith, I went to Fr. Frank and he answered them. When I needed counsel, he was there. When I decided to become a Roman Catholic in 1998, Fr. Frank received me into the Church. At no time did Fr. Frank’s tireless work on behalf of God’s precious babies interfere with his priestly work on behalf of this prodigal daughter. And I’m quite sure I am not an exception. Fr. Frank is first and foremost a priest, but he is one who has been uniquely gifted by God to speak with humility and power on behalf of those our society treats as less than human. - Norma McCorvey, The "Roe" of Roe vs. Wade.
Praise from Church Leaders

"Rachel's Vineyard is a marvelous work... It is excellent... Go forward with that!" -- Pope Francis

God bless your Apostolate for Life...God bless Priests for Life - Pope John Paul II

"Congratulations on the growth of Priests for Life over the years. Its crucially important work is needed and appreciated." -- Most Rev. Timothy M. Dolan, Archbishop of New York, Dec. 6, 2010

I hope that many priests and deacons will join the Priests for Life. This association needs many members to educate and encourage all the priests and deacons who must all work together to stop the terrible war against unborn children. – Mother Teresa of Calcutta

Thank you for...the multiple and highly well-deserving initiatives of Priests for Life in the defense of human life and in the promotion of the pastoral work in this field so fundamental and crucial today....The collaboration of Priests for Life is always valuable and precious. -- Cardinal Ennio Antonelli, President, Pontifical Council for the Family, Vatican City, September 16, 2008.

“In our present times there is an urgent need to promote a culture of life and also to undertake direct actions that help protect the life of the weakest, especially the unborn. For that reason the work done by ‘Priests for Life’ deserves the gratitude and support of the whole Church.” - Cardinal Stanislaw Rylko, President, Pontifical Council for the Laity, Vatican City State, June 7, 2011.

I have known Fr. Pavone and have followed the work of Priests for Life for many years, and have witnessed the expansion of this ministry to its current international scope, as well as to its widespread engagement of the laity in service to the most vulnerable of God’s children in the proclamation of the Gospel of Life. -- Renato Raffaele Cardinal Martino, President, Pontifical Council for Justice and Peace, Vatican City (2008).

In the capacity of National Director, I know Fr. Pavone has traveled the length and breadth of our country encouraging Catholic Priests to actively participate in the pro-life movement. I know of no effort more noble, more timely or important than the recruitment of our clergy in the cause for life. --John Cardinal O’Connor, Archbishop of New York

I wish to congratulate you for the leadership you give to Priests for Life and for the encouragement you give to our clergy around the United States – Cardinal William Keeler, Chairman, Bishops Committee for Pro-Life Activities
Dear Father Pavone,

In response to your recent update about your many activities in 2016, I wish to encourage you and your team to continue the fruitful work that Priests for Life is doing.

You have every reason to proceed with confidence, because you have welcomed the assistance of the Church to strengthen your ministry as it continues to grow around the world. At the inception of Priests for Life in 1991, when it was given recognition as a Catholic Association of the Faithful, it was a relatively small apostolate focused within the United States on assisting priests to proclaim the Gospel of Life.

Since then it has grown and diversified into an entire family of ministries, and an international apostolate. While continuing to be faithful to your original vision of assisting and training the clergy, you have sought to follow the Spirit’s lead and respond to the needs of the pro-life movement, and therefore have integrated into your ministry the work of Rachel’s Vineyard, Silent No More, the Youth Outreach of Stand True, outreach to Hispanic and African-American communities, and the international work of Marie Smith and the Parliamentary Network for Critical Issues, which assists lawmakers in many other countries to defend the most vulnerable human lives. You have also become an NGO at the United Nations and continue to assist the Holy See Mission.

As your ministry has grown and diversified, you have outgrown (by your own discernment and decision) the original category of ‘Catholic Association of the Faithful’. The Congregation for the Clergy here in Rome has accompanied you during this process and has affirmed your work.
I want to clarify for your supporters that in order for an organization to do good work in union with the Church, it is in no way necessary to be a canonical ‘Association of the Faithful’. The Congregation for the Clergy has said that you are not ‘a Catholic Association of the Faithful.’ Nobody should think this means you are not Catholic. Many well-known Catholic organizations, like the Knights of Columbus, Legatus, and EWTN, are not ‘Catholic Associations of the Faithful,’ either.

What the Congregation has done is simply to clarify what kind of structure you have. You are, like so many Catholic apostolates, a ‘non-canonical entity’. You are a civil corporation doing work to advance Catholic values. In fact, the Congregation has recognized the value of your work in the Church in the letters they have issued, stating things like the following:

*PFL is present in more than 50 nations, and its work benefits the Church both in the United States and beyond...Without doubt, PFL has offered to the Church a great service in the Pro-Life movement. By all indications, Father Pavone is a truly charismatic leader who has led PFL to significant heights...The work and finances of PFL are in order...The Association has been well administered financially...The administrative costs of PFL are in keeping with other groups receiving similar funding in the United States.’ (Visitation Report, Sacred Congregation for the Clergy, November 2013)*

Moreover, as the Congregation has indicated in a subsequent letter, ‘there is nothing to prevent ‘Priests for Life, Inc.’, together with its numerous affiliated agencies, from continuing to labor on behalf of the pro-life movement,’ with ‘the many excellent works which Priests for Life continues do in promoting respect for the sanctity of human life’ (Letter of His Eminence Cardinal Beniamino Stella, Prefect, Sacred Congregation for the Clergy, to Fr. Pavone, February 6, 2015, Prot. N.20150367). Bishops, of course, are free to associate with and support your work in the ways that they wish to do so, and as many have done over the years.
Please know, then, of my continued support as an ecclesiastical advisor and friend. I encourage all the supporters of Priests for Life to increase that support and work harder than ever to build on the progress you have already made in bringing about a Culture of Life.

Sincerely,

Ferando R. Cid-Martino

Dear Brothers and Sisters,

His Holiness Pope Benedict XVI has stated that the Church is called "to advance the common good and to show respect for the persons who are most defenseless, starting with the unborn" (Blessing Urbi et Orbi, Christmas 2009).

Throughout the world, one of the ways the Church is responding to that mission is through the work of Priests for Life, which encompasses an entire family of ministries involving both clergy and laity. This ministry, which includes education, parish activation, training in pro-life spirituality, promotion of faithful citizenship, and healing of women and men after abortion, deserves the support of the entire Church.

Established in 1991, Priests for Life has enjoyed strong support at every level of the Church, and today we ask you to join in that support, both materially and by actively engaging in the programs of prayer and outreach to which Priests for Life invites all the faithful. You will find if you receive their information and take part in their initiatives that you will grow stronger in a pro-life commitment that is integrated into the teaching and practice of the Church.

We thank the many people who are involved with this ministry for their fidelity to the Church and to the cause of life. Together, as priests and laity, let us build the Culture of Life with greater confidence than ever!

Dear Friends:

Fifteen years ago, Pope John Paul II wrote a landmark encyclical, *Evangelium Vitae.*

What Pope John Paul II wrote in *Evangelium Vitae*, *The Gospel of Life*, is that life gives us a million opportunities to make the world a better place; death gives us only one lonely answer to contemporary fears.

“We are facing an enormous and dramatic clash between good and evil, death and life, the ‘culture of death’ and the ‘culture of life,’” Pope John Paul II wrote. We are “in the midst of this conflict: we are involved and we all share in it, with the inescapable responsibility of choosing to be unconditionally pro-life” (#28).

The call to be a life-affirming people is a simple one: we must do all we can to secure protection for all human life and to promote the dignity of every human being without exception. Then, we must take an active interest in public discussion of every issue that impacts the dignity and sacredness of human life. Nothing can exclude us from this discussion, no matter the efforts to marginalize us, no matter the efforts to ridicule us.

“We are asked to love and honor the life of every man and woman and to work with perseverance and courage so that our time, marked by all too many signs of death, may at last witness the establishment of a new culture of life, the fruit of the culture of truth and love” (#77).

This is the call of the Missionaries of the Gospel of Life. This is the call we celebrate and renew in ourselves today.

We as the Church of Pittsburgh welcome the Missionaries of the Gospel of Life who help us mark the 15th anniversary of *Evangelium Vitae*. Please join them and myself in Saint Paul Cathedral at Mass at 12:05 p.m. on Thursday, March 25, 2010, the great Solemnity of the Annunciation.

Grateful for our belief that “Nothing is Impossible with God,” I am

Your brother in Christ,

Dear Father Pavone:

I was very glad to learn that the organization "Priests for Life" is growing and expanding its mission to defend and protect human life from conception to natural death.

The bylaws which you sent to this Pontifical Council for the Family show that "Priests for Life" is faithful to its principal objective of helping the clergy to proclaim the Gospel of Life. In this way, the organization makes a significant contribution to the Church and the whole of society.

Before the old and new challenges that threaten the family and human life on the threshold of the Third Millennium, I hope that "Priests for Life" will continue its important task so that the precious gift of every human life, also when weak and fragile, will be welcomed with the due respect.

I would like to encourage all the activities which the organization carries out among the clergy to assist God's people to proclaim, celebrate and serve the Gospel of Life.

With my prayerful good wishes, I am,

Sincerely yours in Christ,

Dear Father Pavone,

Thank you very much for your video presenting the work that is being carried out by Priests for Life.

There can be no doubt that the defense of human life, at all stages, is the paramount moral, legal and political issue of our day. Certainly, this requires activity on many fronts, including offering priests the resources they need to proclaim the Gospel of Life more effectively. You can be confident that many priests will find this video, and the other materials produced by your organization, to be useful tools for enriching their pro-life work in our parishes, schools and other ministries.

Please be assured that you and your colleagues will be in my prayers, as I hope to be in yours.

Very truly yours in Christ,

Dear Father Frank,
Dear Theresa and Kevin,
Dear Janet,

I would like to express my deep gratitude for your recent visit to Austria and for introducing some of my brother bishops as well as priests of the Archdiocese and the ITI to the truly hope-giving work that you are doing. The powerful message that you were able to extend to all of us, especially those in the priesthood, that defending life is not some activity one does on the side but something that forms an integral part of proclaiming the Gospel, is something very valuable. The essential role that healing and reconciliation plays in helping our society move away from abortion cannot be overestimated. Priests for Life and its entire ministry is therefore such a blessing for the Church because it is able to bring together in a remarkable way the three key elements needed to promote a culture of life: bringing out into the open the facts of abortion and its consequences, showing the mercy of Christ through healing and reconciliation and giving public witness to both the tragedy of abortion and the power of healing. I look forward to the creation of Priests for Life Austria in the near future and you can count with my full support for it. The presence of Priests for Life in Austria will be a blessing for this country and I thank you for helping to make this possible.

In Christ

Blessed Christmas to all of you!

Dear Fr. Pavone,

I join the organizers and friends of the Crisis Partnership Dinner in appreciating your efforts to promote and defend the sanctity of family and life.

Today’s circumstances around the world call for a great need to speak out against the numerous attacks against the family, which in reality are attacks against society and against humanity itself. Hence, the responsibility to proclaim the Good News of the Family and of Life falls not only on Christians, but also on all men and women of good will. May you and your collaborators continue in this mission that you have undertaken, which, thanks be to God, continues to yield much fruit. Please receive my heartfelt congratulations for the work well done.

With every best wish, I remain,

Sincerely yours in Christ,

Dear Fr. Pavone,

I am very grateful for your letter fax of the 10 November with details of the activity of your highly regarded pro-life organization.

The referendum in California has illustrated that with much effort and coordination that which may appear impossible could well become possible.

Indeed, with the victory of the new President Elect there may be further issues needing close attention, especially those regarding the Human Life, from the moment of its conception to the moment of its natural death.

Consequently, it is imperative that the activity of pro-life movements be intensified in order to persuade public opinion regarding both the Sanctity of the Human Life and the crime of abortion.

While expressing my heartfelt gratitude for your valuable support and concern, I take this opportunity to assure you of my prayers and cordial best wishes,

Sincerely yours in the Lord

Dear Christine,

His Eminence, John Cardinal O'Connor, is most grateful to you for your thoughtful letter of kindness and support. He could not agree with you more that Father Frank Pavone is a blessing, not only to the pro-life movement and to "Priests for Life" but, to the Church as well.

Continue to remember His Eminence in your prayers as he seeks to guide and unite Christ's flock, the Church.

Warm regards and all the best wishes,

Dear Vicki,

His Eminence, Cardinal O'Connor, is grateful for your kind invitation to be present at your communion brunch on Sunday, June 11, 1995.

Certainly anything that involves Father Pavone, has His Eminence's great interest and admiration.

Quite unfortunately, as you may know, it is His Eminence's custom to celebrate the Solemn Pontifical Mass each Sunday at St. Patrick's Cathedral. As such, it will be impossible for him to join you in Woodridge that morning.

However, please know of his sincere appreciation for what you are doing for the protection of all human life, especially that of the unborn.

With warm regards,

In the Lord,

My dear friends,

I greet you in God’s peace. In the eight months since my ordination and installation as bishop of this wonderful diocese, I have been greatly impressed by the strong commitment and witness of our Catholic faithful in defending the sanctity and dignity of every life, from conception to natural death. Though Catholics make up less than three percent of the population of East Tennessee, it is no exaggeration to say that we have been more than 97 percent of its moral voice and witness to the truth of the human person, especially in defense of life, marriage and family.

I am especially aware of how this diocese has grown in solidarity in promoting a culture of life and the critical part played by members of the Deacon and Lay Associates of the Priests for Life, the Missionaries of the Gospel of Life.

It was only a year ago when the abortion industry was threatening to bring its genocidal operations back to Chattanooga after a 17 year absence. Among those whose decisive efforts led to a successful blocking of this attempt were members of the Missionaries of the Gospel of Life. When during this past summer, Planned Parenthood attempted to expand its abortion services in Knoxville, again, members of the Missionaries of the Gospel of Life were instrumental in helping to neutralize this threat. And most recently, another very successful 40 Days for Life campaign was completed in great part by members of the Missionaries of the Gospel of Life. And of course, there are those whose work in our pregnancy help centers is a critical part of the Gospel of Life.

We know that for peace to truly be possible in our world there must be peace in the womb. If our society does not value the life of the unborn it will not value the life of the infirm and the elderly. Our care for the environment falls terribly short of our call to be responsible stewards of creation if the first and most precious environment — the womb — is neglected and exposed to such violence. Without a correct understanding and respect for the sanctity of life and the dignity of the human person, a correct vision for society does not follow and necessarily fails.

And so it is with much gratitude that I recognize in our diocese the efforts of all who defend life, and particularly this day, those who will make their final promises as members of the Missionaries of the Gospel of Life. May your many labors through a program of prayer and sacrifice, study and parish involvement help provide for the common good of our community and the building up of a culture of life.

May God bless you this day and all you do for the Gospel of Life.

Sincerely in Christ,

Most Reverend Richard F. Stika
Bishop of Knoxville

Dear Supporters of Priests for Life,

Over my ten years as Auxiliary Bishop of Cleveland, I crossed paths many times with Father Frank Pavone. During all this time I have found him dedicated to the preservation of life for the unborn. He and I both work and pray for the day when we will eliminate this horrendous evil from the face of the earth.

Supporting abortion happens to be the politically correct stance to take these days. God would love to restore the peace and love found in the Garden of Eden before the fall. It is our challenge in this age to build up the Kingdom of God. We will only achieve this goal if we let his will be done on earth as it is in heaven.

Please keep Father Pavone in your prayers. ... The work he had done since founding Priests for Life must continue as we face the future. Please continue to support Priests for Life.

I was proud to stand up with Father Pavone when he asked me to serve on the Advisory Board of Bishops. Every opportunity that comes my way to stand up for life will find me speaking out against abortion. Let us pray, pray and pray some more for the mothers carrying infants in their wombs. Also, let us pray for those who perform the abortions and work in those clinics for they need God’s grace to see the evil of their deeds.

God bless!
(Most Rev.) Roger W. Gries, O.S.B., Auxiliary Bishop of Cleveland

Thank you for the work you do to defend the life of the most defenseless. The ministry of Priests for Life is a much-needed work in order to overcome the culture of death. Please be assured of my continued prayers for Priests for Life. - Bishop James Wall, Bishop of Gallup (New Mexico)

Dear Fr. Pavone: Your prayers are greatly appreciated. Thank you also for everything you and Priests for Life do to protect our most vulnerable unborn brothers and sisters. Please know that you and everyone at Priests for Life remain in my prayers and that I am Fraternally yours in Christ, +Michael J. Sheridan, Bishop of Colorado Springs

Dear Fr. Pavone: I am grateful for your thoughtfulness and prayers and for all you do for God’s little ones. God Bless you and your important work for God. Sincerely, Bishop James Clifford Timlin, Bishop Emeritus of Scranton, PA

The pro-life work of Priests for Life, and Father Pavone in particular, has saved lives, strengthened families and brought countless numbers of people to a deeper appreciation of the great gift of life and the dignity of each and every human being. Priests for Life has been arguably one of the most important movements in the history of North American Church. With
the establishment of the Missionaries of the Gospel of Life even greater spiritual strength will be added to the most urgent goal of ending abortion and other pro-death practices in our society. -- **Most Reverend Robert J. Baker, Bishop Birmingham**

I remember when I first came to know Priests for Life and now see, to my great satisfaction, how the association has grown. I am delighted to see that Priests for Life is associated with so many dioceses and that the bishops are giving you the support you need in this vital ministry. Let us hope that this support increases as well as the priest members. May the Lord and our Blessed Mother bless Priests for Life. -- **His Eminence Alfonso Cardinal Lopez Trujillo, Pontifical Council for the Family**

At the beginning of my mission here in the United States of America, it has been my pleasure to know of you and the good work of Priests for Life. As the personal representative of His Holiness Pope John Paul II in this great country, I can assure you of the Holy Father's deep appreciation for your noble efforts and initiatives on behalf of the Gospel of Life. Dear Catholic Faithful: Among the numerous groups worthy of mention that seek to promote a "Culture of Life," I wish to commend the efforts of the Priests for Life under the inspiration of Fr. Frank Pavone ... I enthusiastically support their efforts, and, in particular within our diocese, those of Mr. Michael Colicchio and Mrs. Lisa Morris who are among the first lay affiliates. An essential part of the endeavors of the Missionaries of the Gospel of Life entails the creation of "Life Cells" consisting of lay affiliate members who make certain commitments to prayer,
personal study, and pro-life work to the extent that their duties permit. As such, Mike and Lisa seek to start up three initial "Life Cells" within the Diocese beginning with Knoxville, Chattanooga and Johnson City. In support of Mike and Lisa’s efforts, I encourage you to learn more about the Missionaries of the Gospel of Life by visiting their website at www.priestsforlife.org. Priests for Life has contributed significantly to the promotion of a "Culture of Life" by helping to save lives, strengthening families and bringing countless people to a deeper appreciation of the great gift of life and the dignity of each and every human being. As Mike and Lisa go forth with my blessing, I ask you to be supportive of their efforts. May God continue to bless you. Sincerely yours in the Lord -- Most Rev. Joseph E. Kurtz, D.D., Bishop of Knoxville

This is indeed positive and important ministry in the life of the church today. ...please be assured of my prayerful support. -- Most Reverend Lawrence E. Brandt, JCD, PhD, Bishop of Greensburg

The Apostolate of these groups is very important to the work of the church, particularly in keeping our priests informed and focused on the priority of life issues... Be assured of his prayers and support for this venture -- Rev. Marc V. Trudeau, Priest Secretary to Cardinal Roger Mahony

Thank you for your kindness in sending me the Priests for Life Study Guide for the
document, Living the Gospel of Life, issued by bishops of the United States in 1998. The current
controversy regarding Catholic politicians and the issue of abortion underscores how timely and
necessary your Study Guide is. While some of the energy surrounding this question is created
by the proximity of elections, the situation is one which is the fruit of many years' development,
and a true change of heart among Catholic politicians will take much time and effort. I believe
the bishops of our country are committed to that process, and the Priests for Life Study Guide
will be very helpful in this important undertaking. Thanking you for devoted ministry which
gives a voice to the voiceless unborn, I am Sincerely yours in Christ, -- Most Rev. William J.
Levada, (previously) Archbishop of San Francisco

Thank you for your support and for the commitment to your organization to the dignity of
human life. With every best wish and warm personal regards, I am Fraternally yours, Rev.
Howard J. Hubbard, Bishop of Albany

I follow your ministry with prayerful support. .... Your ministry remains with me during these
days of prayer. - With sentiments of fraternal esteem, I am prayerfully in the lord -

To whom it may concern,

Once again, I am honored to be able to write a brief letter in support of the ministry of Fr. Frank Pavone and Priest's For Life.

I have known Fr. Pavone, personally and professionally, for over two decades. I consider him a partner in the proclamation of Gospel, a laborer in the Kingdom of God, and even a friend. I look forward to many more years of working together and enjoying fellowship in the Lord Jesus.

Over these years, I have become more and more convinced that Fr. Pavone is the most powerful and influential voice in the Pro Life movement in the United States. He is certainly, in my opinion, the voice of the Roman Catholic community, as he faithfully, loyally, and obediently articulates the Pro Life message that is at the core of the Catholic faith as taught by the Bishops. I know I am not the only one that recognizes this fact. He has received in the past the endorsement of Bishops, Archbishops, Cardinals, and Popes. His work has been praised by St. John Paul II and by St. Mother Teresa. The Catholic community should rejoice because of Fr. Pavone.

I am not a Roman Catholic. I am part of the Anglican heritage. What I can say is that there is no Pro Life leader more respected outside the Roman Catholic Church than Fr. Frank Pavone. He is not only a voice for the Catholic faith, he is a voice for the Christian faith. There are hundreds of Anglicans, Orthodox, and Protestant leaders who look to Fr. Pavone for leadership. And, in the spirit of ecumenism, so strongly advocated by Pope Francis, Fr. Pavone reaches across denominational lines an has encouraged and supported their work.
I again give my voice and my resources to help Fr. Pavone and Priests for Life. It is so essential, especially in such a time as this, for Fr Pavone to be in leadership in the Pro Life Movement through Priests for Life.

Fr. Pavone is prayed for every day at our Mass at the Cathedral Church of the Intercessor. We will continue.

Under His mercy,

The Most Rev. Craig W. Bates,
Patriarch, International Communion of the Charismatic Episcopal Church.
May you continue to be blessed in your special and important work in Priests for Life. -
Sincerely yours, Bishop David B. Thompson

You are doing a great work for the Church and I wish you well. With many blessings and many
good wishes, I remain sincerely yours in Christ, -- Most Reverend Harry J. Flynn-Archbishop
Emeritus of Saint Paul and Minneapolis, Minnesota

I will remember you and all the Priests for Life in my prayers. May God continue to bless the
wonderful work you do. Most Reverend Alvaro Corrada, S.J.- Bishop of Tyler, Texas

Thanks, too, for all the hard work you do to promote deep respect for life and for the unborn.
May the Lord bless you in your mission. Sincerely in Christ, Bishop Leonard J. Olivier, SVD

Dear Father Frank, I just want you to know that I am so inspired by what you do in the Pro Life
Movement. Who would have thought that you would become such a “luminary” as Fr. John
Sorrento used to call priests who did something worthwhile? Blessings to you dear Father, and
May our Holy Mother continue to watch over you. - Archbishop Anthony, The Archdiocese of
New York (Orthodox)
Praise from Government Leaders

At the United States House of Representatives on August 1, 2012 and recorded in the Federal Register:

**Congressman Tim Walberg**... I thank you for commanding this time to call attention to people, heroes of life like Father Frank Pavone. ... Father Pavone and others who command the interest in life understand the power of truth, the truth that comes with the Creator, a Creator who has designed life itself for good and for the best interests of all. In our great document, the Declaration of Independence, it said: We hold these truths to be self-evident, that all men are created equal and are endowed by their Creator with certain unalienable, God given rights, among them, the right to life, liberty and the pursuit of happiness. And so, Mr. Speaker, I would just refer back to the truth. Tonight, as we think about life and honor and organizations like Priests for Life and others who understand the truth that are contained in words like this, “Behold, children are a gift of the Lord, The fruit of the womb is a reward”; of the prophet Jeremiah, of whom it was said, “Before I formed you in the womb, I knew you.... Father Frank, we thank you for your work and the Priests for Life. We thank all of those who stand for life.

**Congressman Chris Smith:** For two decades, I, along with countless others, have been moved, inspired, and motivated to defend the weakest and most vulnerable among us by the remarkable life and pro-life witness of Father Frank Pavone. Ordained to the Roman Catholic priesthood by Cardinal John O’Connor in 1988, Father Pavone celebrates 20 years since the founding of Priests for Life, the organization he so effectively leads. A prolific writer and gifted speaker, Father Pavone takes the gospel message of love, forgiveness, truth, and reconciliation both to friendly audiences who draw encouragement from his messages and to those—especially post-abortion women—who suffer and are in deep pain. I have heard Father Pavone challenge priests to more robustly defend the sanctity of life, especially in their homilies. In promoting the gospel of life, he insists no venue should be forsaken or ignored. Whether it be from the pulpit or in the public square, Father Pavone couldn’t be more clear: Speak out with candor, clarity and compassion—silence is not an option. Silence, I’ve heard him say, does a woman contemplating abortion no favor whatsoever. She needs pro-life options, real alternatives presented in a meaningful way. She needs understanding and genuine support. And others who might help her need to know that their willingness to assist might be the difference between life and death. In like matter, Father Pavone and Executive Director Janet Morana are unceasing in their efforts to tangibly aid post-abortion women who often suffer not only physical damage from abortion but lifelong negative emotional, psychological, and spiritual consequences. The Silent No More Awareness Campaign provides a safe place for women who have had abortions to grieve and find peace. Amazingly, Father Pavone also steadfastly reaches out to the actual
purveyors of death in the abortion industry. This good priest sees not just the abortionist and their enablers committing violence against women and babies, but what might be if we genuinely care about their souls. Father Pavone reminds us that we are to pray for them, care for them, all while tenaciously opposing the deeds that they do. Abby Johnson, a woman who ran a Planned Parenthood abortion clinic for 8 years in Texas, said of Father Pavone: Father Frank Pavone has been a staple in my house for many years, even during my Planned Parenthood years. Every week, I would record and watch Defending Life on EWTN. I enjoyed watching him, even if I disagreed. I loved how outspoken he was and how he didn’t seem to live in the gray. You know, everything seemed black-and-white for him. Right and wrong was clear. I remember watching him during the Terri Schiavo tragedy. I was drawn to his gentle spirit. I had seen two sides to him—or was it? One side was so unabashedly, unapologetically, and passionately against abortion. The other was a man who had an incredibly compassionate heart and a kind spirit. This was the man who was helping a family grieve the loss of their daughter. But now I see they are the same. Father Frank is for life, all life. His compassion for life fuels his passion. Mr. Speaker, Priests for Life turns 20, doing best what it has done so faithfully, defending the least of these as if it were the Lord, Himself.

Congressman Jeff Fortenbery: I thank the gentlelady from Minnesota for yielding, and thank you for your stalwart and courageous stand for life tonight. Women deserve better than abortion, and of course celebrating an extraordinary organization such as Priests for Life who have tried to heal the wounded and protect those who are most vulnerable is, of course, an extraordinary cause.

Congresswoman Michele Bachmann: Tonight is a very important night because, as we know, it has been 40 years since the infamous Roe v. Wade decision removed legal protection for those who are unborn, the youngest members of our society, those who still remain in the womb of their mother. And since that time, numerous groups have risen up to restore that protection to the unborn and to educate the public about the issue that we all know as abortion, and to provide compassionate service, both to those who need alternatives to abortion and those who need healing after abortion. I stand here today with my colleagues in the United States Congress to honor one extremely important institution known as Priests for Life as they celebrate 20 years of advocacy and service to the unborn. As many people across America know, Priests for Life is led by Father Frank Pavone. He is one of the strongest voices for the unborn throughout the world, as well as for children in America, and he stands strong because as we know, contrary to what its name might suggest, Priests for Life isn’t just for priests, and it’s not just for Catholics. The work of Priests for Life has enabled Americans of every walk of life, every ethnicity, every faith background, every political affiliation, to awaken their consciences about the life issue, to speak up for the unborn. And here’s just a few of the outreach efforts, Mr. Speaker, that Priests for Life have been involved in. Every year, Priests for Life holds nearly 1,000 retreats across America for men and women who have lost a child to abortion. Priests for Life also runs the very important Silent No More
awareness campaign to mobilize men and women who have lost a child to abortion but who have gone on to experience healing through God and who now want to share their testimony. One of the full-time members of Priests for Life is a very important voice in the United States, Dr. Alveda King. I was just with her this last weekend. Americans know her as the niece of Dr. Martin Luther King, Jr. Alveda heads up the effort to reach the black community with the truth of abortion and how it disproportionately impacts unborn black children in the United States. Priests for Life also sponsors a nonpartisan voter registration drive, focused on saving innocent human life and helping to heal the hurt of men and women as they are post-abortive. Through churches, they distribute voter guides. They train clergy on what they can do within the limits of the law to foster political responsibility. Now, it is very difficult to find any national initiative to the pro-life movement that either Father Frank Pavone or Priests for Life are somehow not deeply involved in. For example, in February of this year, 2012, Priests for Life launched a lawsuit against the Health and Human Services mandate, which we have heard much about this evening, that requires job creators to offer health insurance coverage for morally objectionable practices. This mandate is an enormous affront to our First Amendment religious liberty rights in the United States and it needs to be stopped, because never before has this government, Mr. Speaker, required a job creator to provide insurance that includes contraception, abortion-causing pills and sterilization. No organization, no American, Mr. Speaker, should have to violate their religious beliefs because of this President’s health care dictates. I am a mom to 28 kids, five natural born children, 23 foster children. I believe with every fiber in my being that every child matters and that we should have a right to life for every American, because every life is precious, every life is sacred, and every life is made in the image and likeness of a holy God. Every life matters. I’m extremely proud to be a part of the pro-life movement that is truly a voice for the voiceless and to have been affiliated with Priests for Life and Father Frank Pavone. As we take note of the 20th anniversary of one of the leading pro-life organizations in our Nation, I wish to thank this evening Priests for Life for everything they continue to do to protect and defend the sanctity of every human life

Congressman Louie Gohmert: I thank my friend from Minnesota, my very, very dear friend. This is an important day, Priests for Life marking 20 years. As a Christian, as a Southern Baptist, it is an honor to pay tribute to the Catholic priests who have stood strong, stood for life, that precious one of the trilogy that was set out in the Declaration of Independence. But first life. Only if you have life can you then go to liberty and have a chance at a pursuit of happiness.

My sincere thanks to Father Frank Pavone & Dr. Alveda King - tireless crusaders for all lives. - Congressman Sean Duffy.

Dear Fr. Pavone, Your speech at the Crisis dinner was a confirmation that yours has been a great public life. You have poured both your heart and your soul into your service to our
country; and your faith is both inspiring and inspired. Warmest blessings to you and yours in the days ahead. -- Tim Goeglein, Special Assistant to President Bush and Deputy Director Public Liaison.

Dear Frank, I am grateful for you strong stand for life, protecting the defenseless ones at every stage of development, and helping to rebuild a “culture of life” in our nation. Thanks for all you do. I look forward to our paths crossing again in the near future. Sincerely yours, -- William H. Frist, M.D., Majority Leader, United States Senate

You-and Priests for Life-are an inspiration and blessing beyond words. The wisdom and compassion of your commentary and homilies not only challenge us to strive and persist, but you provide an enormous amount of perspective in our work to establish the culture of life. ... Thanks – US Congressman Chris Smith (NJ)

In 1973, I was a member of the Montana House of Representatives (1969-75). I sponsored the "Hyde Amendment", in the Montana Legislature; it passed both Houses and went on to the Congress asking for a Constitutional Amendment "guaranteeing the right to life, from the First moment of Conception", --- you know the rest of the story. ...I want to take this means to congratulate you and the other Priests and the Franciscans of EWTN, for finally stepping out STRONGLY for life. You make me proud for your courage and integrity... ... but I’m happy to be a Catholic and stand for life. THANK YOU!!! -- Bob Harper

This past weekend I had the pleasure of attending the pro-life convention in Wilmington. The highlight of the night was Father Frank Pavone, head of Priests for Life. His words were informative and compelling. He did what too many Catholics do not do; he talked about how the political process has been left to those who oppose almost everything we believe in, yet we sit in silence. I encourage all who read this paper to listen to Father Pavone’s advice and become active and voice your concerns. The very foundation of our society is at stake. – Letter to the Editor from Mike Protack, Republican candidate for governor of Delaware.

Specifically, I would like to offer my congratulations to Pat DeAngelis, Sr. Mary Rose McGeady, Jim Murray and Fr. Frank Pavone. It is an honor to join your friends and families in recognizing each of you as a 2005 recipient of the Outstanding Catholic Leadership Award. Your generosity and selflessness gave gained you a reputation that is truly inspiring, and certainly well deserved. The work that you do is essential to the needs of your community and I want to convey my appreciation of all you do on behalf of those who need it most. Your devotion has benefited so many individuals and it is wonderful to know that so many have gathered in recognition of your service. – Rick Santorum, United State Senate, October 18, 2005

The dedication that this movement represents - and you’re the core of it - I’m sitting here at the table thinking that when the history books are written on the pro-life movement, when we finally get through this terrible tunnel of darkness with the number of lives and people we’ve killed and allowed to be killed – a lot of the people that are going to be written in that history
book are in this room today – Fr. Pavone, I see over here. - **U.S. Senator Sam Brownback**, Kansas

Fr. Frank is, simply, the leading voice of the pro-life movement in America. He is an effective speaker and writer in support of the sanctity of human life - any group that books Fr. Frank to speak will be challenged and inspired to increase its pro-life work. His influence is further magnified by the numerous organizations and ministries that he has created to spread the Gospel of Life throughout society, including in the churches among clergy and laity of all denominations. Whatever superlative one can imagine, Fr. Frank is deserving of it! – **Peter Breen, State Representative, 48th District, Illinois**
Praise from Catholic leaders and Pro-Life Leaders

Fr. Frank Pavone is one of the most motivated, gifted and inspiring speakers I know. He knows how to motivate others to action and stands firm in his beliefs and convictions. He is a great gift to the Pro-life movement! – Fonda Lash, GEMS Coach, Catholic Pro-Life Committee

Since he was a parish priest on Staten Island, I've known Fr. Frank Pavone as an articulate, compassionate preacher on all the Life issues. When he became director of Priests for Life he enlarged that organization's horizon effectively networking with all those who believe abortion is wrong in all circumstances. He's used the streets and all modern media resources to spread the word of hope for any woman in a crisis pregnancy, healing for all those who've been affected by abortion and sound reason to confront the spurious supporters of abortion. He energizes crowds at rallies and banquets large or small and converted unbelievers. Fr. Frank never hesitates in helping all individuals and organizations to do anything possible to spread the Gospel of Life. - Christopher Bell, Founder and President, Good Counsel Homes

Thank you for coming to our annual Right to Life Dinner and being our guest speaker. Everyone was so excited to have you come. I know they enjoyed your speech on the “Single Most Important Question this Election Will Decide.”... I had several people comment on your speech and how impacted they were. Michigan Right to Life.

Having worked directly with Father Frank in a number of collaborative projects dealing with promoting the right to life of every human being from conception to natural death, I can say without hesitation or reservation that he is an intellectual who has the practical aptitude to get things done by working with people of all walks of life in a warm and friendly way. His life and his work are historic and will be read about by generations to come long after he will have passed to his heavenly reward. – Michael Ciccocioppo, Executive Director and CEO, Pennsylvania Pro-Life Federation

Fr. Frank is a team player! His dedication to life is equaled by his dedication to God. I'm blessed and honored to share the ministry of Silent No More Awareness Campaign with him and Janet Morana. – Georgette Forney, President, Anglicans for Life
Fr. Frank Pavone is one of the most effective pro-life leaders in the national pro-life movement. His forward thinking and ability to work with the many sectors of the movement are just two of his many talents and strengths. I am proud to work beside him as we endeavor to end abortion in our lifetime. - **John Jakubczyk, General Counsel at Jakubczyk Law Office**

It never ceases to amaze me how Father Frank continues to come up with new ways to help people see more clearly just what we’re talking about when it comes to unborn human life and the threat it faces from legal abortion. It’s safe to say that Father Frank is a major reason why America is more pro-life than it ever has been. - **John Burger, News Editor for Aleteia.org**

Father Frank is an outstanding National leader and spokesperson for the Pro-Life movement. He is extremely savvy in utilizing all media outlets to deliver a concise and up-beat message of defending life at all stages. - **Alan Napleton, President, Catholic Marketing Network**

I've heard Father Pavone speak numerous times at various pro-life fundraisers, including Right to Life of Michigan and Crossroads Pregnancy Center, where I'm on the Advisory Board. His speech on "This is my body," is one of the most profound pro-life speeches I've heard. He's a wonderful leader and a very gifted speaker, for any kind of audience. I also had the pleasure of being interviewed by him on the radio and filmed at Priests for Life, where he showed himself to be a humble and warm servant, though a tremendously influential and visionary leader of an organization with incredible depth. - **Rebecca Kiessling, Co-Founder and Board Member at Hope After Rape Conception**

Father Frank Pavone is simply one of the most effective pro-life leaders in our nation -- I've worked with him closely for over ten years. He's fearless, articulate, and unrelenting. It is a privilege to endorse his work. – **Deal Hudson, Publisher and Editor, The Christian Review**

Fr. Frank is a dedicated, tireless defender of the innocent pre-born child. He has shown a near inexhaustible energy to preach a consistent pro-life ethic, and has been a particular talent of personalizing his pro-life message to the particular crowd at hand that maximizes its impact. – **Joe Giganti, Catholic Financial Life**

Father Frank Pavone brings a fresh and balanced message to everyone in the pro-life movement. He is a respected Civil Rights Warrior, a member of the "Beloved Community" which my father, Rev. A.D. King, my grandfather, Daddy King, and uncle, Dr. Martin Luther King, Jr., embraced during their lifetimes. - **Dr. Alveda C. King, Director, Civil Rights for the Unborn**

Father Frank has worked tirelessly to bring attention to the least among us, the unborn baby in the womb. He has maintained his focus and brought hope to many through the ministries that Priests For Life has encouraged and nourished. – **Kathleen Miller, Living Grace Home**

I have worked for Father Pavone, MEV on two separate internships, one after graduating high-school, and the other, on a summer break between college terms. In total, I have spent more than a year working for him, in multiple positions throughout the company, some of which I was assigned a manager to work under, and others, I was given to report directly to him. Father Pavone is an incredibly driven individual, that will work until a job is complete and fulfills its original purpose beyond initial expectations. As such, working for him was an incredible pleasure and example for myself, and gave me purpose in my work. Although I no longer work with Priests For Life, as I am back in school full time, I value the example that Father Pavone gave to me, and have learned so much from him in organizational management, planning, correspondence, public relations, and a high level of professionalism, that have helped me to obtain positions and make connections that are solid and lasting. Inaso Belesi: My name is Inaso Belesi and I work for Brazil for Life. I'm the founder of Brazil for Life, which is an organization in Brazil. Our headquarters is in South America in Brazil, and I just would like to thank Father Pavone for the help that he has given to us, sending us pictures of babies, and those pictures are very important for us in Brazil because of the culture that we have in Brazil. Women in Brazil are not like here. They don't have an idea of what happens to a baby during the abortion process, so by showing those pictures they were able to actually see a dismembering and all those pictures that maybe may look bad for us, but for them it was very good to open their eyes to the reality of abortion. And in Brazil, they use abortion as more a method of birth control, and they talk about it as if it was nothing, but once they see those pictures then it opens their eyes.

And I'm very happy for all that you guys do at Priests for Life and for the resources that are available at your site also. I am always looking at your site. You guys have a lot of information, and I'm very thankful. Thank you
so very much for sending me those pictures, and I'm motivated to help the Brazilian ministry that you have. Thank you very much.

Jeanneane Maxon: Hi. I'm Jeanneane Maxon, Vice President of External Affairs for Americans United for Life. Americans United for Life has found so much of value in the Priests for Life ministry. They are an incredible partner as well as a leader in the pro-life movement, and no other figure represents this more than Father Frank Pavone. I have personally witnessed him lead pro-life groups into unity, into unity in terms of messaging, into unity in terms of strategy. I've also seen no other organization have a greater impact on public education, particularly among the Catholic community, than Priests for Life. I individually work with quite a few groups on the grassroots level, and these groups have asked me several times about Priests for Life and the great information they provide because they're very familiar with the fact that they can go to Priests for Life for these resources.

I strongly endorse Priests for Life under the leadership of Frank Pavone and all of its ministries, including the Silent No More campaign, which has been absolutely instrumental not only in educating the American public on the harmful effects of abortion, but educating state legislators and influencers on why they need laws that give women the information they need before they make a choice for or against abortion. The work we do at Americans United for Life in passing legislation is directly tied to that work that Priests for Life is doing through educating these people and giving us the tools and resources we need to share with the community in order to support them. I strongly endorse Priests for Life and Father Frank Pavone.

Angelina Steenstra: Hello. I'm Angelina Steenstra, the national coordinator for the Silent No More Awareness Campaign in Canada. I'm so grateful for Father Frank Pavone and Janet Morana and Georgette Forney who started the Silent No More Awareness Campaign in 2003. I happened to come to their gathering here in Washington in 2004, and was convicted that this campaign had no borders and that I was to bring it back to Canada. So with the support of Father Frank and Janet and Georgette, I became the national coordinator for the Silent No More Awareness Campaign. And every year we've been hosting a gathering in front of our parliament buildings in Canada, gathering men and women who have experienced abortion to share their testimony, and it's been breaking down the walls of silence.
From coast to coast we've been traversing, really, the country for the past 11 years, sharing testimony of the aftereffects of abortion, letting people know that there are healing programs available, educating the public about the spiritual, psychological, emotional, physical side effects of abortion, and ultimately giving men and women an opportunity to share their testimony, to reach out to others, especially those that are hurting through abortion. And all of this work has been really blessed and helped by Priests for Life in the United States, Father Frank Pavone, Janet Morana, and every year we've been joined by Janet at our March for Life. And what can I tell you? It's been just one incredible journey. So I'm really grateful to Priests for Life in the United States and for the support and help that we've been given through the vision of Silent No More Awareness Campaign, and now through this greater vision of Shockwaves, healing all the various groups of people that have been hurt by abortion. So a heartfelt thank you in gratitude to Father Frank and to Janet.

Deal Hudson: I'm Deal Hudson. I'm former publisher and editor of Crisis Magazine. I've also led the Catholic outreach for George W. Bush in both the 2000 and 2004 elections. I also led the Catholic outreach during John McCain's 2008 presidential election. And I just want you to know that Father Pavone and his organization, Priests for Life, is one of the top, if not the top, pro-life advocacy groups in the entire United States, and since 2000 we were collaborating behind the scenes on behalf of spreading the life message through Catholic voters, not telling them to vote for any particular candidate but just telling them to vote for life, that he was extreme effective in getting that message out in places I couldn't, in places that other political kinds of consultants and so forth couldn't get it out. Just want to say that Father Pavone, his influence has even grown since 2000 tenfold. And so I'm hoping that Father Pavone will receive the support that he deserves, that Priests for Life will receive the support that it deserves going forward, 'cause we're facing in 2016 the most important election in American history.

Katherine Adair: My name is Katherine Adair. I'm from Boston, Massachusetts. Priests for Life has had a tremendous impact on my life. I had an abortion when I was 19 years old, and I went on to work at Planned Parenthood of Massachusetts, which is the biggest abortion clinic in New England, where we – I worked in the – as a counselor and a medical assistant, and I witnessed thousands of abortions. And when I left Planned Parenthood I
didn't have anybody to talk to. I didn't know anybody who was pro-life. I was really hurting, my experience being having had my – having aborted my own child and working in a clinic.

A few years later I was watching EWTN and I saw Father Frank Pavone and Priests for Life, and it gave me the opportunity to come back to the church and to start to find healing. And Priests for Life for me has – is an organization, as people who have welcomed me with open arms, who pray for me, who care about me, who have helped me to be able to heal through the sacraments, through the church, and I think it's reaching a lot of post-abortive women who are in a lot of pain. It's not just about saying no to abortion, which of course we want to do and end abortion, but it's also offering love and Jesus Christ to people who are hurting, and helping to spread the message of his love, and to help people to heal.

Brice Griffin: Hi, my name is Brice Griffin. I'm from Charlotte, North Carolina. This is my daughter, Zoe. Through Priests for Life I learned about Rachel's Vineyard and was able to find healing for my previous abortion, and now I am with Silent No More to help others be able to speak and find their healing. Through the work of Father Frank my entire family has been encouraged and motivated to speak out for life as well. This is my daughter, Zoe.

Zoe: Hi, my name is Zoe. I met Father Frank in November 2012 in the Los Angeles International ProLife Youth Conference, and he presented me with the Rising Abolitionist Courage Award, and that really made me look up to him not only as a priest but as a very good friend and teacher, and has really given me a lot of courage to be able to speak about my mom's abortion from my perspective.

Female 2: Well, I first saw Father on EWTN. God used EWTN a great deal to bring me into the church, and not only me but my husband, and then our son who was attending law school in Virginia Beach. And on the same night, Easter Vigil of '09, because of EWTN a great deal, we came into the church and we're so grateful for it and so grateful for Father.

Jim Gallapo: My name is Jim Gallapo. I am from Newport, Rhode Island, and I stopped by to mention to Father Pavone how much Priests for Life helped me. I was a fallen away Catholic. I didn't even know I was Catholic. I was baptized and confirmed, but I was involved in an abortion, unfortunately, when I was in my early thirties. And luckily I became involved with
Rachel's Vineyard healing ministry, and obviously Priests for Life, and I stopped by to tell Father Pavone how much Priests for Life, the various ministries, the March for Life, seeing him out in the snow and helping everybody, caused me to really look seriously at the Catholic Church and the truth of the Catholic Church, and I came back. So God bless you, Father Pavone and Priests for Life.

**Female 3:** I'm so grateful for Father Frank Pavone and Priests for Life. When I was first starting college activism, Father Frank made time for me to talk with me through strategies and to encourage me to ground my work in prayer, and he's a leader for our movement and someone whose courageous and kind spirit really is an example to all of us. So I'm just very excited about Priests for Life and all the beautiful work they're doing, and I pray for its continued success and its continued growth, because it is growing and reaching people in every side of the movement, every aspect of the movement, and we all see that and embrace it and are so grateful for it.

**Jill Stanek:** Hi, my name is Jill Stanek and I was a registered nurse at Christ Hospital in Illinois and discovered that babies were being aborted alive and allowed to die. This was back in 1999. And Priests for Life and Father Pavone came right up alongside of me from the get-go and supported me, made a brochure about my experience that they still print and send to me because I use this brochure in all my speaking events to help people understand what happened at Christ Hospital. So Priests for Life and Father Pavone have just been invaluable to me, getting into the movement when I didn't know anybody and helping develop me and get my story out. And Priests for Life was also instrumental in helping pass Born Alive Infants Protection Act at the federal level, which protects abortion survivors from infanticide.

**Male 2:** We were so blessed. Father Frank came to Royalmont Academy in Mason, Ohio, and he was with us for a few days. Since then we've had a pretty consistent vigilant effort. We started praying at a facility that's owned by Martin Haskell in Sharonville. The prayers continued and continued, and this past year, thanks be to God, through his efforts, God's efforts, the facility now, there are no more surgical abortions being filled there. It was such a blessing. The kids got to meet Father Frank, and since then we've just been praying and praying. And so we prayed on a Tuesday, went there, took our kids there. On a Wednesday the press release came out that the facility was closed, and so thanks be to God. But I just can't emphasize how much the start of having Father
Frank with us and Priests for Life came to our school, and since then we've just been prayer warriors and God's listening to those prayers. So we're very grateful for the ministry of Priests for Life.

**Rev. Walter Hoye:** Hi, my name is Walter Hoye and I'm here in San Francisco with Father Frank, my dear, dear friend. I can't tell you how much I love Father Frank, Priests for Life, and let me tell you something personal. It's from my relationship with Father Frank that I've fallen in love with the Catholic Church. I so much enjoy Father Frank and his outreach and his Priests for Life outreach that it has led me to more – want to know more about the Church. So I can't tell you the impact that Father Frank and Priests for Life are having all around the world in different communities. It's particularly in communities of color. So all of you out there, please support Father Frank and Priests for Life.

**Mary Castellano:** Hi, my name is Mary Castellano. I'm an intern at the Susan B. Anthony List. I just stopped by to talk to Father Frank Pavone. I follow him on Facebook. I actually enjoy the stuff that he posts. I volunteer and pray outside the Germantown abortion clinic on Wisteria Drive in Maryland. I saw Father Frank talk there once several years ago. I was very, very inspired by him. I absolutely adore his passion and his work. He's personally inspired me to continue in the pro-life movement, continue saving lives. I also serve as an outreach coordinator for the Students for Life at the Catholic University of America. I share the things that Father Frank Pavone puts on Facebook, and that goes out to the other students at Catholic, and it just spreads. It just spreads like wildfire. So I really just appreciate him, the work that he does. It just inspires everyone.

**Justin Watson:** Hi, my name is Justin Watson. I'm from the Diocese of Colorado Springs, Colorado, and I would just like to say a little bit about the impact that the Priests for Life organization has had, not only on the Catholic Church but on the pro-life community all around this country and hopefully all around the world. I've grown up reading Father Frank Pavone's stuff and reading all the Priests for Life stuff. We recently had Father Denis from the Priests for Life community come and visit our diocese, and he was great. He told us a lot about the Priests for Life mission, and it's men like Father Frank and all of the people here at the March for Life in 2015 and all those people who are witnessing that really inspire us to really change this culture into a culture of life rather than a culture of death.

So we just want to thank Father Frank, all the priests that are here at the
basilica tonight, and just keep on keeping on, fighting the good fight, and we're gonna win this battle. We're gonna win it. We're gonna win it. I remember I came out here in 2010 and one of the young priests gave an awesome homily at the Verizon Center. I remember he said, "We're gonna win this three ways, and we're gonna win it with the three P theory," is what he said. He said, "First we're gonna win it with good politicians, we're gonna win it with purity, and then we're gonna win it on our knees with prayer." So we're just gonna keep on keeping on, so thanks, Father Frank, and everyone. So thank you guys.

Brian Gibson: Priests for Life, Father Frank Pavone in particular, has been an important, important part of the pro-life movement for the United States. My name is Brian Gibson. I'm the executive director of Pro-Life Action Ministries, and our work is sidewalk counseling in particular. We go out to the abortion facilities, we offer hope and love to the women who are going in for abortions, and Father Frank has made it possible for us to increase the work that we're doing. When we started doing national conferences on this sidewalk counseling effort to increase this life-saving activity, without thinking, without any reservation, Father Frank came at no cost to speak and to encourage those who would get involved in this. So he has been an amazing leader in the pro-life movement across the United States, has been one who has been outspoken as well as been an encouragement for all the other leaders and all the other pro-life activities taking place in the country, and I am so grateful for his good work. Thank you.

Rochelle Focaracci: Hi, I'm Rochelle Focaracci for Girl Scouts, Why Not? We are an organization that helps families see the truth about Girl Scouts, that they do partner with pro-abortion advocacy groups. We met Father Pavone about three years ago in Washington, D.C., where we're at right now at the National Right to Life Convention. Priests for Life has been so helpful in not only helping us get the information out about the truth about abortion and also the healing process for organizations like Rachel's Vineyard and Silent No More. They are well-known all around the world. We knew about them way before we met Father Pavone and Janet Morana. We're so grateful for this organization. We hope that every Catholic and every other Christian denomination – because Priests for Life has Alveda King that does African outreach. She's a wonderful woman that tells the truth about abortion and its negative effect, not only on the woman but the whole family. Every person needs to know about Priests for Life and support them so that they can keep on doing the work that they are doing now and into the future. Thank you.
Regan Nielsen: I’m Regan Nielsen and I’m here to promote Priests for Life. Priests for Life does great work for the pro-life movement, getting speakers out there, engaging the youth, just the overall impact that they’ve had really energizing the people and getting speakers out there is so important. And Father does a great job. Me and him are pen pals, like we say, and he's just had a great influence for me being a good mentor, Alveda as well, so I definitely encourage Priests for Life and I support what they do.

Fr. Gaston Jacinte: So my name is Father Gaston Jacinte. I am from a religious order, the Incarnate Word. Father Frank came in the year 2001 to say a retreat for us. It was very, very helpful, and I invite all the youth to fight for life. It’s a matter that we need a lot in this time. Thank you so much.

John Jakubczyk: My name is John Jakubczyk. I am a lawyer from Arizona, past president of Arizona Right to Life, and a long-time friend and supporter of Father Frank Pavone and Priests for Life. I understand that there are those concerned and curious as to the work of Priests for Life over the last few years and the great work that they have been doing and continue to do throughout the United States and indeed throughout the world. We have found in Arizona especially that Father Frank Pavone and the various priests that work with him have been very helpful, very instrumental in promoting the pro-life message, a message of hope, a message of redemption, a message of reconciliation, especially in reaching out to women who have been victimized by abortion to restore them to a relationship with Christ, that their efforts to encourage parish priests to understand the pro-life message, to preach a message of mercy and forgiveness and reconciliation, is so essential.

And I encourage those who are working with Father Frank to continue to do so. I’d like to see what we have seen in Arizona and throughout the Southwest, which is that various bishops have invited Priests for Life to come into their diocese, to work with them to encourage and to promote the pro-life message. So in a nutshell, if we could have every diocese have priests in their diocese available to help women who have been victimized by abortion, to help families that have been hurt from abortions, to help restore their relationship with Christ through the sacraments, this would be a tremendous gift and it would be a tremendous grace and it would be a way in which we could promote the culture of life. Priests for Life has been doing this for all these years. They continue to be an inspiration to so many of us, and I encourage all of us to continue to work with them in the years to come. Dear Supporter of Priests for Life:

I've been given this opportunity to tell you a wonderful story about how Father Pavone, Janet Morana, and the entire PFL staff had a decisive influence on the outcome of 2016 election.

Let me, however, make it clear from the outset: No priest or religious had more impact on the Catholic and pro-life voters than Father Frank Pavone. And no Catholic organization had more impact than Priests for Life. To be perfectly candid, it's not even a close call!

As you know, the primary had several good pro-life candidates, but long before any other pro-life leader made a public statement of trust in Donald Trump’s pro-life position, Father Pavone took the lead, because he realized there was only one pro-life candidate who could win the White House. And, yes, there was quite a bit of criticism leveled at Father and Priests for Life.

Having been able to watch this process firsthand, I can tell you it wasn't an easy stance to take, but Father Pavone took it courageously with his characteristic modesty. Both he and Janet Morana were among the first to be placed on the Trump/Pence Catholic Advisory Committee, though all of their outreach effort remained aimed at pro-life voters with a pro-life message.

Since I was in charge of the Catholic Outreach for President George W. Bush in both his national elections, I have some experience of these contentious election campaigns. I know the cost that can be paid, but Father Pavone, his staff, and you PFL supporters remained faithful to the cause in spite of the criticism and, sadly, the attacks. And now that the pro-life candidates have won, those attacks will not abate, but, most likely, will continue and grow louder.

Yet, Priests for Life is now in a unique position to turn its nationwide support into a longterm political force, with a single mission -- to protect the unborn through political participation. Such an effort cannot be partisan and it cannot be founded on any single administration, but presidents come and go, party leadership also changes.

What Priests for Life represents does not change, and what we build together cannot be subject to the political climate. It must endure.

I hope you will do whatever you can to help Priests for Life not only to maintain its present, and historic, effectiveness but also support the effort to create a permanent outreach network that can be used to promote the pro-life cause throughout the year and in every election cycle.

As someone who has been in this political arena for over 20 years, I can testify to the fact of how very badly it's needed, and that only Father Pavone and Priests for Life can fill meet that need.

Please continue to help us. With prayers of gratitude,

Deal W. Hudson

Publisher & Editor, The Christian Review
We are grateful to Fr. Pavone for the help he has extended Couples for Christ Foundation for Family and Life (CFCFL), particularly in providing keynote speakers for our national Pro-life conferences. In each case, Priests for Life did not charge a fee for the speaking engagements and yet the talks were exactly what we the laity needed to hear from the Church. Priests for Life... has inspired many Catholics to rally behind the cause for defending the innocent unborn...

On several occasions we have joined hands with Father Frank Pavone to end the dismemberment of children inside the womb of their own mother. In particular we are indebted to Father Frank Pavone and the ministry of Priests for Life for their role in the Pro-Life Freedom rides. The Freedom rides communicated a determined and desperately needed Pro-Life message to communities of color. - Walter Hoye II, National Black Pro-Life Coalition

Fr. Frank, I want you to know that in my opinion, nobody speaks more effectively and as passionately for the unborn as you do. We are very fortunate to have such a strong and committed pro-life voice as you. - Ray Flynn, Former Mayor of Boston and US Ambassador to The Holy See

As President of Anglicans for Life and Co-founder of the Silent No More Awareness Campaign, I have had the opportunity to work very closely with Fr. Frank Pavone and his staff for over 10 years. I have been to numerous meetings at the Priests for Life offices and in all my interactions with him and his staff, integrity and commitment to the pro-life cause has been their hallmark. Father Pavone has answered the call from God, within his priestly vocation, to serve in full-time pro-life work. His ability to serve in this capacity over the past twenty years has saved the lives of countless unborn children. His faithful ministry has resulted in the healing of countless others who have been touched by the tragedy that is abortion. He has become a unifying force in the pro-life movement, and every leader in this great cause values the work of both Father Pavone and Priests for Life. .. I can attest that Fr. Pavone has served steadfastly, investing sacrificially his time and considerable talents in the cause of promoting a culture of life and upholding the sacred dignity and value of every human being. As president of the National Pro-life Religious Council he has led with grace, and humility, uniting those with similar convictions under the banner of Christ. - Georgette Forney, President of Anglicans for Life and Co-founder of the Silent No More Awareness Campaign

I have known Fr. Frank personally since he was appointed by Cardinal John O’Connor as director of Priests for Life 20 years ago. I have frequently appeared with Fr. Frank at pro-life conferences and have participated in myriad projects with him. I can honestly say that I have never met a more dedicated, passionate and hard-working pro-lifer, priest or layman. I know for a fact that Fr. Pavone never charges a dime for a speaking engagement. He travels wherever he is invited and pours himself into his mission to motivate Catholics and faithful Christians to join the fight against abortion, to reach out in compassion to troubled and desperate pregnant mothers and to lead post-abortive women and men to healing in Jesus Christ. I have heard Fr. Pavone speak dozens of times. Each presentation is unique, thoughtful and rooted in the Gospel. ...He desperately wants to spread the Gospel of Life, to make people understand the urgency of the
mission to restore the sanctity of life. We thank God for [him] every day! - Joe Scheidler, Pro-Life Action League

This probably is the most pivotal moment in the pro life struggle in America. The tide is turning and for the first time I can remember the nation’s conscience is being stirred and the majority now desire to protect the life of innocent babies. The ministry of Priests For Life has played the major role in this swing of heart and Father Frank’s spirit and wisdom has been incalculable. Father’s insightful projects and his creation of an effective African American outreach is a catalyst of a new and much needed conversation in the African American community. The discussion of Black Genocide in the African American community has been a priority and has assisted my call to reach the Black community. I can now remember Father Frank leading our African American congregation (Baptist) and others from a local parish in a demonstration at our local abortion clinic. It was my first and it sparked a zeal in our church that continues today. We all in the Pro-life movement look to his leadership...Rev. Clenard H. Childress Jr.

Fr. Frank was one of just a few people who were allowed to be with my sister, Terri during her final moments of life. Father has been a leading voice among the pro-life movement, fiercely advocating for all the most vulnerable members of our nation whose lives hang in a very delicate balance. Our family has come to know Fr. Pavone in both our public and private struggles. We recognize and share with the millions of his supporters around the globe that Father’s voice and his endless determination to protect the sacredness of life, is vital to the pro-life cause. - Bobby Schindler, Co-Executive Director, Terri Schiavo Life and Hope Network

Dear Father Pavone: I am writing to again express my heartfelt thanks for your key involvement in the lives of the 80 Blackstone Interns during The Blackstone Fellowship. This summer was successful, in part, because of your participation in challenging these students to engage the prevailing legal culture with the claims of truth, including the character of being a worshipful warrior. You have impacted a new generation of attorneys, legal scholars, and judges. These students have now entered "Phase IV" where they will begin applying what they have learned as they complete their law school training. I believe we are seeing history in the making through The Blackstone Fellowship - the paradigm is shifting. To tangibly demonstrate the impact you have made, please find enclosed a copy of this year’s closing banquet. It will provide you a glimpse of how your teaching has affected these students. The Intern testimonials provoke gratitude to God acid inspire hope for the future. Thank you for passionately demonstrating truth.

For the King’s Glory,

Jeffery J. Ventrella, Esq.
Sr. Vice-President
Office of Strategic Training
Dear Father Frank, I am very delighted to be part of the surprise celebration of your 15 years of priestly ordination and 10 years as National Director of Priests for Life. Priests for Life has brought a very special and unique aspect to the pro-life movement in the United States, which is much in large measure due to your own efforts. I take a humble pride in all of this, since I was not only your teacher at Dunwoodie but your guide to the Holy Land. We must continue to hope and pray that our witness for life will eventually turn the tide in this country. In the meantime we have to lead our Catholic people in the position of being a counter-cultural minority. This is very much a biblical position and we should not back away from it. Ad multos annos Frank, and I continue to pray in support for the Priests for Life Movement as a significant part of the pro-life movement in the United States. With many blessings and prayers, I am Sincerely in Christ, Fr. Benedict J. Groeschel, CFR

I wish to express my great thanks to Father Frank Pavone, MEV for the opportunity to send this letter. I have known Father Pavone since his days as a seminarian at St. Joseph's Seminary in Yonkers, New York. As I am sure you all are, I am also very grateful for his work in promoting the Culture of Life and opposing the Culture of Death. May God bless him as he continues his great work with Priests for Life and the Missionaries of the Gospel of Life. So many priests dedicated to promoting and protecting the sacredness of human life from conception to natural death has proven to be an enormous force in promoting the Gospel of Life in America and throughout the world. - Fr. Andrew Apostoli, CFR

It was wonderful to have had the opportunity to meet with you and the others here at the Council earlier in the week. I’m always inspired to hear of all of the ways that you and all those associated with Priests for Life continue to wage the battle against the culture of death. And we are winning indeed! In the Lord, Rev. Geno Sylva, STD, Pontifical Council for the Promotion of the New Evangelization

On behalf of our State Deputy W. James White and all the members of the NJ State Council Knights of Columbus, please accept this token of our appreciation for speaking at our 2004 State Convention Banquet. Your enthusiasm at Mass and the inspirational message at our banquet, later that evening will be something our members will remember for a very long time. Thank you again and may God bless you and your mission for life. Thomas P. Ciborski, NJ State Treasurer

Fr. Frank, You and I go way back before your taking the helm and building up PFL into a major force in the pro-life movement. I remember well, as a new priest in the late 80s, your keen desire to build up and improve the effectiveness of our movement. You have always worked very hard to bring the best people together in this most noble cause, especially working hard to reinvigorate the Catholic community, and particularly the clergy. I admire the tremendous work you do with your mission visits to every state and many countries, your awesome website, and many ongoing educational initiatives, and especially the inspiration you and your colleagues continue to give many thousands of us on the front lines. Thanks for the many favors you have done for Expectant Mother Care, such as lending Fr. Peter West to Expectant Mother Care to join our Hike and Bike for Life in 1999, for speaking at our Ground Zero Cruise for Life in 2001,
and for involving us in the Face the Truth tour this spring. Little things like obtaining Chinese
and Cantonese pro-life materials for us from Asia are the important helps that help us save
lives. Your assembly of a superb staff of activists at Priests for Life on Staten Island and around
the country are a testament of the great leadership you have brought to the cause. I believe
you are our movement's most effective spokesman at this time in nation's history. We need
you now more than ever. Please always keep us Christ focused as we wage battle for the
weakest and most defenseless in our world. Yours for Life and Family, - Chris Slattery, Founder
and President of Expectant Mother Care New York City and Westchester

Fr. Frank, Everyone here at Right to Life of Michigan would like to thank you for all of your work
for those who have no voice. Your visits to Michigan, have always energized our people and
given them the energy and faith to continue to fight the good fight knowing that we are on the
winning side. Your dedication and devotion to the prolife mission serves as a model for all of us
as well as a beacon of hope and truth. May God continue to bless you and all of you at Priests
for Life as you continue to defend the Right to Life. For Life, - The Staff of Right to Life of
Michigan

We commend the pro-life witness and action Priests for Life has demonstrated nationwide in
the Right to Life fight over these many years since the infamous Supreme Court decision on Jan
22, 1973. You are an inspiration to priests and the laity alike in this cause to end the slaughter
of the innocents. May God continue to bless you, your staff and Priests for Life’s activities to
end abortion on demand... - Larry M., Grand Knight and Thomas T., Pro-Life Chairman, Dubois,
PA Knights of Columbus

This morning, as I was praying for you and some other friends in the NRB, I was reminded again
how blessed we are to have so many outstanding members. I want you to know how grateful I
am for your membership and your involvement in NRB! I pray that God would multiply His
blessing to you today and that you would rejoice in His great faithfulness. - Frank Wright,
President, National Religious Broadcasters

I had the privilege of being on the first Pro-Life Freedom Ride and it was a very exciting and
moving experience. Thank you to PFL, Father Pavone, and Alveda King, who led the ride, rally,
prayer vigil at Planned Parenthood abortion clinic in Birmingham, and prayer near the tomb of
Martin Luther King, Jr. in Atlanta. It was a very "ecumenical" and "interdenominational" event
with several priests and pastors in leadership roles. It was a blessing to be with some of the key
African American pro-life leaders and to get to know them better. They are up against such
attack by their own communities for the stand they are taking for life. I encourage all of you to
get your members and contacts to participate in upcoming Pro-Life Freedom Rides, and join
yourself! - Peggy Hartshorn, Heartbeat International

I just wanted to say thanks to Fr. Frank, Janet and the Burkes for the great visit. The students
here loved meeting and talking to you all and hearing about the important work – and the hope
there is that the wounds of abortion can be healed – and made unthinkable. The seeds are
planted. It will be exciting to watch them grow! Blessings to you all! - Miss Virginia G. Mortensen, Director of Development, International Theological Institute

I am writing with grateful thanks for the article you published in you May-June newsletter, profiling Fr. Robert Spitzer and the Life Principles Program. Your article was beautifully done and has generated over 20 calls from parishes all around the country (from LA to NY) in only one week since its publication. We have placed videos series in more parishes through your profile than we have in one week of any other mode of advertising. Your readership is certainly committed to this issue (and you can rest assure that they are reading your newsletter)!

Camille E. De Blasi, M.A. Director, Life Principles Institute.

Dear Father Frank, Thank you so very much for so generously sharing in Life Choices’ Anniversary celebration. I thank God for your great talent! You are blessed with the ability to boldly speak the truth as well as share powerful words of encouragement. The combination is rare and so greatly needed. Your kindness to our guests, your ability to speak to each person with great kindness and patience was wonderful! I saw in our actions a second powerful testimony to the sanctity of each human life. God’s people have certainly been blessed by your priesthood and the awesome work of Priests for Life. I cannot thank you enough! -- Sincerely, Joan Fasanello

Priests for Life has done an amazing job of helping to spread the 40 Days for Life campaign to hundreds of cities across the nation - and around the globe. Fr. Frank Pavone has tirelessly promoted 40 Days for Life through every possible communication channel, personally contributed many of the daily devotionals used throughout the campaign, and deployed the entire Priests for Life pastoral team across the country to visit dozens of 40 Days for Life campaign sites, providing support, encouragement, and guidance. I truly believe that much of the explosive growth of 40 Days for Life has been due to the involvement of Priests for Life and I cannot say enough good things about Fr. Frank and his team. 40 Days for Life is proud to have Priests for Life as a primary partner, working together to end abortion." -- David Bereit, National Campaign Coordinator

Hi, this is Shawn Carney, the campaign director of 40 Days for Life, and I just wanted to express the impact that Priests for Life has had on me. As a young person, when I was in the seventh or eighth grade, seeing the Priests for Life materials distributed at our Catholic school had such a profound impact on me to get involved in the pro-life movement. I was blessed to be part of the group that helped launch 40 Days for Life, which is now a peaceful, prayerful vigil outside of abortion facilities around the world. 40 Days for Life has now been done in 559 cities around the world. When we first launched 40 Days for Life in the fall of 2007, in many ways it was hopeful, it was an experiment, and we reached out to those who had been doing work in the pro-life movement for decades.

And one of the first people we reached out to was Father Frank Pavone, and he was the first one to encourage myself and David Bereit to launch 40 Days for Life and to do this. He said that it was needed at the grassroots level, and he was right. So many people across America and in
so many different countries responded to that invitation that the Gospel of life calls us to, to defend the children that are being aborted where we live. And Father Pavone certainly saw that vision, and 40 Days for Life has now gone around the world. And so continue to pray for this ministry, to participate in it as we work to end abortion not only in the United States but around the world. **-- Shawn Carney, Campaign Director, 40 Days for Life**

Dear Fr. Pavone, It is my distinct pleasure to commemorate this truly remarkable milestone for you and Priests for Life. Thank you for 15 years of dedicated effort and faithfulness on the issue of life and congratulations on reaching 20 years of service in the church. Just this past week, the Alliance Defense Fund also celebrated its 15th year of ministry. Having grown together, we are honored to call you a friend and key ally in seeking to preserve the sanctity of life in our society. Thank you for taking such a strong stand and refusing to compromise on one of the cornerstone issues facing our society. We appreciate your friendship as a brother and co-laborer. Thank you, God Bless you, and we look forward to the next 15 years with great anticipation that God might grant us the blessing to see the value of human life be restored to its proper place within the fabric of our culture. Yours for religious freedom in America, **-- Alan E. Sears, Alliance Defense Fund**

Dear Frank: God’s abundant grace and peace to you. It is do good that the ministry of Priests for Life and you which is first of all God’s ministry and which represents genuine oneness – is being celebrated. It is fitting. It is proper. And it will be memorable, for those in attendance. During our years of collaboration, in serving the Gospel of Life, I have admired you, your character, your ministerial formation, your theological wisdom, and your leadership of Priests for Life. Your ministry is essential to the contemporary, prolife movement in the United States. Without your voice, example, and leadership, there would be more indecision and confusion among us. With your voice, example, and leadership, decisiveness and clarity, though imperfect, are more in evidence in the movement and in its current leadership. Also, Frank, I am so thankful for your ecumenical spirit. Your occasional references to John Wesley and your openness to the common prayer among Catholics and Methodists last summer at the 2008 Right to Life Convention will never be forgotten by this pastor. Finally, your friendship is reason for thanksgiving to God. For years I have understood you as a brother in Christ and as a personal friend. Do continue faithful in all things. In Christ and with admiration, **-- Paul Stallsworth, LifeWatch, Task Force of United Methodists**

Dear Fr. Frank, Congratulations on your anniversary marking your tireless service for the Lord. It is one of the most glorious blessings for me to work with you on LIFE and POST-ABORTION issues. You are an inspiration to all. God certainly was in a great mood when he gave you Life! Grace and Peace, **Jennifer O’Neill, Actress, Model and National Spokesperson for the Silent No More Awareness Campaign**

After 25 years of involvement in the battle for sanctity of life, I feel confident saying that the seminar that features Fr. Frank Pavone is among the most helpful and informative. Fr. Pavone's message crosses denominational, social and political lines. **--Dr. Jean Garton, Foundress, "Lutherans for Life"**
Congratulations on receiving the Proudly Pro-Life Award at the National Right-to-Life's annual dinner, Father! We are proud to claim you as a New Yorker. You are one of our own. Fr. Frank has been a trusted mentor, theological and spiritual advisor and personal friend to me over many years in my work with Rachel's Vineyard. He brings a wealth of psychological, spiritual/pastoral knowledge and experience as priest and counselor with those wounded by abortion. Fr Frank is a popular speaker at our National Leadership Conferences. He is always an informative, compassionate, and inspiring presenter with excellent content and delivery. Fr. Frank has the gift of taking complex issues and presenting them in a way that is easy to retain and apply practically in day to day post abortion ministry for clergy, professionals and laity. -- Theresa Burke, Ph.D., LPC, NCP, Founder, Rachel's Vineyard Ministries, Author, Forbidden Grief - The Unspoken Pain of Abortion

For years the work of Priests for Life, and especially Fr Frank Pavone, has had an impact way beyond the Catholic Church. I can say confidently that many Evangelical pro-life leaders, my brother Robert and I among them, have benefited from and been challenged by our collaboration with Fr Frank. I am thrilled to be able to work this closely with him and the whole staff, in bringing Evangelicals and Catholics together to build a "culture of life". -- Rev. Dr. Paul C Schenck, Chaplain National Ministry Center at the US Supreme Court

Many thanks again for your brilliant presentation on contraception at the November 17 breakfast-meeting organized by the Catholic men’s group of the World Bank-IMF. You captured

Thank you so much for your truly inspiring message to all of us. I know you gave me some new ideas about how to talk to women who feel abortion is their best and only answer. You are an inspiration to all of us, with your complete determination to get out the message. Sometimes we need to hear such a message, since all of us get tired at times. ... Thanks again for such a memorable evening. -- Mary Thomas, Allied Women’s Center of San Antonio

One priest who is considered a liberal and did the closing prayer at the dinner, was so moved by what Fr. Pavone said that he has since become much more pro-life. Thanks -- Pro-life leader from Massachusetts

We feel that it is critical that the cause of life be prominently represented during the convention, not only to the Delegates and Party officials, but to the media and the general public.
We also know that your participation and beautiful invocation, created the perfect tone of proper reverence for life and the celebration of our pro-life successes within the Republican Party. We will be forever grateful to you for your assistance that day. Thank you for all that you do and the sacrifices you make for the pro-life cause. Thank you for faithfully joining us annually at our international Week of Prayer of Fasting Prayer. You are truly a gift to this movement and an inspiration to the troops for life. You clearly articulated that truth will convert hearts and minds to life and you motivated us all to promote truth by arming ourselves with adoration and sacraments.
Thank you for utilizing your gifts of the Holy Spirit to promote a “Culture of Life” and inspiring us all to do our utmost for life. We are truly blessed to have you as our servant priests among us defending the sanctity of life. We are confident that if all man and woman took their Christian vocation and responsibility to promote the Glory of God, the culture of death we exist in would be overturned. Thank you for being a great example for the priesthood and speaking out about our responsibilities as fellow Christians to defend life. Maureen & Ted Flynn, founders, International Week of Prayer and Fasting

Let me emphasize how pleased it makes me and your many admirers in Presbyterians Pro-Life that your wonderful accomplishments for the pro-life cause are being recognized by Steubenville. I also cannot express in words how grateful I am for Priests for Life. Your work is God’s work. I am extremely honored to be associated with you through brochures, T.V., radio, and by speaking. I admire the sacrifice each of you makes for the babies. It also brings me great joy to be part of a unified church by working with you. Jesus’ last request to his father while on earth was that the church be unified. I know it is extremely painful to him to see all the factions and disharmony between us Christians. But here are you and I – Catholic and protestant-working hand in hand on the grandest, Godliest endeavor of all. As I said, this thought brings me a great deal of joy and satisfaction. Jill L. Stanek

What a wonderful and inspiring evening you provided Jim Buffler and myself (not to mention every other blessed soul that was there) last evening at St. Mary's.... We were so very pleased to be invited on the Agenda, and then to hear you in person, really made our day! Our only regret, on our way home, was that we could not find a place to buy ourselves a lottery ticket, with our good fortune running as well as it was last evening. - Ralph J. Heinrich, Associate Board Member of the Society of Saint Gianna Beretta Molla, PA

Thanks again for the true privilege of working with you. I am especially humbled to be chosen for the sacred duty of helping bring meaning to the little ones' lives.... Dear Father Frank and everyone at Priests for Life, THANK YOU for educating people, for taking the risk to do everything to make sure that values and morals were considered in this election. Without Priests for Life, I don’t think we would have had this wonderful outcome for Life. With
the victories in the senate, the house and the White House, perhaps we will now be able to overturn Roe V Wade. My prayers stay with you! - Susan Lepak, NFP-Prolife Ministry Coordinator, Archdiocese of Oklahoma City

Dear Father Pavone, It is with great pleasure that I can enthusiastically endorse your wonderful work. I have followed your work for many years and was so pleased to work with you under the late Cardinal Lopez Trujillo at the Pontifical Council for the Family. The work you have done reawakening priests and laity worldwide to the realities of the threats of the Culture of Death has been titanic. Your speaking tours, as well as your articles and TV programs are followed by many, many people who are distant from the Prolife cause and would not otherwise be informed. It is wonderful to see how Priests for Life has grown! I thank God so much for your vocation and you for your generosity, - Christine de Marcellus Vollmer, Chair, Alliance for the Family

You are a true gift to the Pro Life work in this country. I marvel at your joyful demeanor and the positive presence of your words. Thank you! - Anthony & Angela, ND

Your courageous example and faithful witness has inspired us to take heart and stand for life and stand for Christ. God bless you today and always; for we thank him every time we think of you. - John and Nora, NJ

In one of the first notes I wrote to you, I declared you “my hero” and since then I must reiterate this at least 100 times over. I do not know of anyone within the Catholic Church or otherwise who has done more for this cause which I feel is the most important cause on earth. How great it must feel to know you have saved so many lives. You have confronted many politicians/and awakened them to the horror of what that they have they have not worked against. You have overcome controversy for the cause within our own church. - Joseph, IL

Dear Father Frank Pavone,

    Please accept our heartfelt congratulations on your Silver Jubilee, celebrating twenty-five years of priesthood! Our Church and our entire society have been blessed to have you as spiritual leader and prophetic witness for our pro-life movement!

    At Thomas More Society, we cherish fond and vivid memories of your ardent and enduring support, especially during the tough times when we were defending the NOW vs. Scheidler case – in which the abortion industry and the National Organization for Women tried to smear Joe Scheidler, other pro-life leaders, and “up to a million [alleged] co-conspirators” with the unseemly tag of “racketeers” in defiance of the federal “RICO” law. Driving home on one dark day in late April, 1998, after a jury had just returned a verdict of “guilty” after a two month trial, our spirits were lifted when the Chicago radio news announced that Francis Cardinal George, Archbishop of Chicago, had spoken out to condemn the verdict. Then the announcer went on, “And another statement was issued today from Rome, where Fr. Frank Pavone of the Vatican Pontifical Council for the Family criticized the verdict as a travesty of justice,” in those or very similar words. Needless to say, this vital support buoyed our hopes in those times of great adversity. Most of all, we cherish the memory of your celebrating Holy Mass in the Our Lady of Guadalupe Chapel at the National Basilica in Washington, D.C., to help us prepare for one of our oral arguments before the United States Supreme Court in the NOW case. Justice finally prevailed for the pro-lifers by an 8-1 vote of the Justices in 2003 and then again by 8-0 in 2006. No doubt, your prayers and others’ helped to turn the tide in favor of the pro-lifers.

    Rest assured that we shall always keep you in our prayers, and we now humbly pray and implore that God may bless you with many more years of priesthood in which to serve Him. Please also pray for us, your dedicated allies in service to our growing pro-life movement!

    Very truly yours,

Dear Father Frank,

I am so sorry I that cannot personally be part of the festivities celebrating your 25th year since ordination to the priesthood, as well as your 20th anniversary as national director of Priests for Life. It is a pleasure to, at least, be part of it through this message to you.

I have fond memories of my first meeting with you in John Cardinal O’Connor’s residence 20 years ago this month. I have always cherished my friendship with the cardinal and admired his ability to select someone as effective as you for the task of making Priests for Life a success.

Bringing the message of the Gospel of Life to the people is something you do remarkably well, and we praise God for your gifts. Your passion for pro-life principles is undeniable.

May the Lord bless you on this very special day and always.

Sincerely yours in the Lord who IS LIFE!

Re: Dual Anniversary

Dear Fr. Frank,

With deep gratitude and admiration, I wish you congratulations on the occasion of your 25-year anniversary of entering the Priesthood and 20-year anniversary as leader of Priests for Life! Americans United for Life has been privileged to stand side-by-side with you and Priests for Life in fighting the greatest human rights battle of our generation.

For the past twenty years, guided by your unflinching leadership, Priests for Life has flourished and been responsible for saving countless preborn children and women from the horrors of abortion. Priests for Life divisions like “Silent No More” and “Rachel’s Vineyard” act as a testament of the true heart of our movement—to love and serve women as well as children. Your African-American outreach and Hispanic outreach divisions have cut across cultural barriers to save the children of races targeted by a heartless profit-driven industry. And your voice, in defense of the unborn, has penetrated the hearts of Americans and motivated them to be involved in a cause much bigger than themselves.

You have not only inspired the Church to be active in our cause, but your efforts have spanned across the denominations, ages, backgrounds and circumstances of all. Indeed, whether they be the seasoned pro-life warriors leading national organizations, or the vibrant youth activists carrying signs on our streets, everyone in our movement in one way or another, has been inspired, encouraged or blessed by your tireless efforts.

I am confident that history will look back on our movement, at those pivotal events that will be recorded in the scrolls of history—the conversion of Norma McCorvey, the Terri Schiavo case, Baby Joseph, and ultimately the reversal of Roe v. Wade—and the name of Father Frank Pavone will surface as one of our generation’s greatest heroes.

I am honored to call you colleague, friend, and fellow Defender of Life. May God grant you many more years in service to our cause, so that in the end we may say of you: “He fought the good fight, he finished the race, he kept the faith.” (2 Timothy 4:7)

Until all are welcomed in life and protected in law,

Charmaine Yoest, Ph.D.
President and CEO

God bless you, Father Frank.

Dear Fr Pavone:

We seldom meet men of true greatness in our lives. Fr Frank Pavone fits the definition of such a man. It has been a rare privilege to be able to spend time with, and get to know, Fr Pavone these many years. His tireless defense of the unborn for the last 25 years inspires all of us to continue to address this great social evil. Fr Pavone’s overwhelming passion for the unborn reflects the statement by Edmund Burke, the great 18th century Irish statesman about wrongdoing in the public forum, “All that is necessary for the triumph of evil is for good men to do nothing.” Instead of doing nothing, Fr Pavone has worked indefatigably to organize and found “Priests for Life” and to work to help establish a priestly work for life within the Catholic Church.

Fr Pavone’s support, prayer, and encouragement sustained me many times in my “dark night of the soul” when I felt defeated, discouraged, and disheartened in my prolife work. I am blessed and proud to call Fr Pavone a colleague, fellow worker in the vineyard, and most importantly, my dear friend. Warmest congratulations on this significant milestone in your ministry! May God richly bless you and your work for Him for many more fruitful years!

Dear Father Frank,

I write on behalf of the Care Net family to congratulate you on twenty-five years of faithful service as a priest and twenty years as National Director of Priests for Life.

It is in that latter capacity that the Care Net family has come to know you and appreciate your passion for making abortion unthinkable as well as your compassion for those affected by a past abortion.

Care Net has partnered with Priests for Life for over a decade in the fight against abortion. In that time, you have demonstrated great generosity with your time and energy. Not only has your leadership made a difference in reducing abortion, you have encouraged pregnancy center leaders as an honored speaker at our annual national pregnancy center conference, and through your work with Rachel’s Vineyard and the Silent No More Campaign, you have shared hope and redemption in Jesus Christ with those whose lives have been scarred by abortion. Equally important, you have cultivated unity and mutual respect within the pro-life movement.

Care Net considers you among our most valued friends and ministry partners. Although we know you do not minister for earthly accolades, we are delighted to share this word of encouragement with you.

Thank you for all you do in service of Christ’s kingdom.

Best regards,

25 YEARS A PRIEST: FR. PAVONE'S LEADERSHIP TRANSFORMATIONAL IN DEFENDING VULNERABLE PEOPLE

Mr. SMITH of New Jersey. Mr. Speaker, some of the many friends of Fr. Frank Pavone are tonight in Staten Island, New York, celebrating a significant milestone in the life of this extraordinarily brave and compassionate priest—his 25th year since ordination and 20 years at the helm of Priests for Life.

Fr. Pavone was ordained in 1988 by Cardinal O'Connor. By 1993 he became National Director of Priests for Life. His faith, determination and leadership ever since has been transformational in the cause of defending vulnerable people from violence, hatred and indifference.

Fr. Pavone's passionate defense of the child in the womb is rivaled only by his compassion and outreach to post-abortive women—the other victims. His homilies are not only incisive and well composed but extremely sensitive to the pain and agony unleashed by abortion. He is the author of two books: Ending Abortion, Not Just Fighting It and Pro-Life Reflections for Every Day.

Fr. Pavone has persistently called on us all to recognize, ask and receive the unfathomable love, reconciliation and divine mercy readily available from God. Priests for Life ministries—Rachel's Vineyard and the Silent No More Awareness Campaign—provide a roadmap for recovery and healing for many. Even Norma McCorvey, the "Jane Roe" of the Supreme Court's infamous 1973 Roe vs. Wade abortion decision, called Fr. Frank "the catalyst that brought me into the Catholic Church."

Underscoring the importance and relevance of Fr. Pavone's Priests for Life, last October twelve bishops and three cardinals, including Cardinals Schönborn, Martino and Keeler wrote: "His Holiness Pope Benedict XVI has stated that the Church is called 'to advance the common good and to show respect for the persons who are most defenseless, starting with the unborn.' The letter continued: "Throughout the world, one of the ways the Church is responding to that mission is through the work of Priests for Life, which encompasses an entire family of ministries involving both clergy and laity. This ministry, which includes education, parish activation, training in pro-life spirituality, promotion of faithful citizenship and healing of women and men after abortion deserves the support of the entire Church. Established in 1991, Priests for Life has enjoyed strong support at every level of the Church."

Fr. Pavone radiates the love of Christ to the weak and disenfranchised yet shows no malice whatsoever to those who oppress and snuff out the lives of the littlest humans. Those in the abortion industry must be encouraged to rethink and reject the horror they do. They too are in need of God's amazing love, forgiveness and reconciliation.

Join me today, Mr. Speaker, in giving thanks for the extraordinary commitment, faith and works of this tenacious priest.

Dear Father Pavone:

On behalf of everyone here at Focus on the Family, we want to extend our heartfelt congratulations as you prepare to celebrate the 25th anniversary of your ordination and the 20th year of your role as National Director of Priests for Life. These are such significant milestones, and we trust you are filled with gratitude as you reflect on all that God has accomplished throughout your time in ministry. You are one of the most powerful and articulate preachers of the gospel in Christendom today, and we know you have had an immeasurable impact on countless folks as you have actively and winsomely demonstrated the love of Christ.

We also deeply appreciate your devoted service as a stellar champion of the pro-life cause. Your resolve to stay the course despite the opposition you’ve encountered along the way has been admirable. You have always handled such difficulties diplomatically and in a way that has honored the Lord—and our own efforts have benefited tremendously from your input on the pro-life front. We look forward to seeing how the Lord will continue working through your leadership in the coming years.

Again, warm congratulations to you, Father Pavone! We’re confident the November 12 celebration in your honor will be a memorable occasion. It’s a privilege to labor alongside you for the sake of the Kingdom. Abundant grace, peace, and blessings to you!

Sincerely,

Dear Fr. Frank,

Praise God for your ordination to the Priesthood and your leadership at Priests for Life!

You're a wonderful blessing to the Church, the Pro-life Movement, Hispanics for Life... and the many, many babies, moms and families you're helped save around the world.

Hispanics for Life sends you warm greetings and happy congratulations on the 25th Anniversary of your ordination to the priesthood 20th year at Priests for Life.

You've been an outstanding, courageous leader... and an inspiration to us all. Thank you for helping us, for guiding us... from the early days of Hispanics for Life, through today, as we seek to rescue the unborn, and share pro-life values with the Hispanic community.

May God bless you with many, many more good years... as you lead His people, and spread the Gospel of Life. You're in our prayers!

Dear Father Pavone,

On behalf of Human Life Alliance's volunteers, staff and board of directors, I congratulate you on 25 years in the priesthood and 20 years of service as National Director of Priests for Life!

When I think of all the support we've received from you personally and the critical assistance of the Priests for Life team, I can only repeat what we've said in the past. "Because of your leadership, there is no more generous pro-life organization in the country and we're blessed to partner with you."

Whether sharing your knowledge by authoring a series for our newsletter or providing the expertise of your staff and associates in support of our educational efforts, we remain grateful for your dedication to the defense of life.

My favorite "Father Frank story" comes from a night you offered to spend time with university students here in the Twin Cities area. What young person could resist "Pizza with Pavone"? Your bold proclamation of pro-life truths and gentle interaction with protesters disagreeing with your presentation won many hearts for life that night. We were all grateful to have you with us.

Responding to the Gospel call is at the heart of our shared ministries. By speaking the truth to a culture lost in darkness and despair we join together to share a message of life and hope. Together we present a heart changing, life saving message in a world which needs to embrace this important truth. This truth breaks the hardness surrounding many young people's hearts and allows the Author of Life access to their eternal souls. This is how your ministry offers hope and healing which leads to everlasting life.

We hope to continue this service in cooperation with you Father Frank.

Congratulations on your years of service. We pray God will grant you many more and the ability to see the fulfillment of your mission to establish respect for all human life.

Gratefully,

Dear Father Frank:

Congratulations, from all of us here at the Human Life Review, on the Silver Jubilee of your ordination as well as your 20th anniversary as National Director of Priests for Life.

It is hard to imagine the pro-life world without you! You have given us strength, solace, guidance and inspiration, and you continue to do so more and more each year.

For me personally, though your leadership in the movement is invaluable, it is your ministry as a priest that has touched me the most deeply. When I attend a Mass you are celebrating, your sermon never fails to move me and make me feel revived and encouraged, no matter the challenges and heartbreak we as a movement face. You remind us that there is much joy amidst the sorrow, and that there must be hope no matter the setbacks. Most importantly you put all in the right perspective by reminding us that we do what we do because we are loved by God and know that Jesus Christ is the Way. May God bless you and may you have a wonderful celebration.

Yours faithfully,

Dear Father Frank,

Congratulations on 25 years of serving the Church and her mission to save lives and souls! There can be no doubt that your energy and charisma has led to countless lives being saved, and many ministries being supported to spread the Gospel of Life throughout our nation and the entire world.

As priests we have a dual role to play as we fight in the trenches for life. We must bring both the truth about the beauty and God-given right to the life of every human being, and we must bring as many of our brothers and sisters to Christ through witness, the sacraments, and charity. Sharing in the great mission of the Church and the pro-life movement is an honor, one that I and many other priests are pleased to share with you.

May the Lord of Life grant you many more years of faithful service, and whatever you need to continue to give Him the glory in all that you do!

Dear Father Pavone,

Congratulations as you celebrate the joyous occasion of your 25th anniversary as a priest and your 20th year leading the ministry of Priests for Life. You are a gifted communicator and your leadership encourages and inspires all of us who respect life. The work you do is important, and its significance was never more clearly seen than when you requested the bodies of the victim babies from the Gosnell clinic in order to grant them a proper burial. It was at once courageous and heartwarming to many. These small victims deserved no less than the respect you were trying to offer them, and the American people should seriously ponder how we as a society could have gone so far astray from our founding principle of cherishing life as an unalienable right.

I am honored to stand with you as a fellow Council for National Policy member, I thank you for the invitation to share this special celebration, and I look forward to seeing you and your esteemed colleague Dr. Alveda King at the next meeting.

Best wishes and may God continue to lead and protect you.

Yours truly,

Colin A. Hanna
Dear Father Frank:

I wish to congratulate you on the occasion of your dual anniversary of 25 years as a Priest and 20 years as National Director of Priests for Life. It is an honor to have known you.

Your years in the priesthood and as Director of Priests for Life have been spent in the service of the “least of these.”

_And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me._ Matthew 25:40

Like William Wilberforce, who dedicated his life to ending the slave trade, you never gave up believing that the Lord would accomplish this and, also like Wilberforce, your efforts have changed the culture.

Like Paul you kept your eyes on the prize. You accomplished this even when the going was not smooth and in a movement that was not always honored.

_...but one thing I do, forgiving those things which are behind and reaching forward to those things which are ahead, I press toward the goal for the prize of the upward call of God in Christ Jesus._ Philippians 3:13b-14

Your strength and commitment to “rescue those who are being taken away to death; hold back those who are stumbling to the slaughter” Proverbs 24:11” has been an inspiration for all those in the pro-life movement.

Thank you for all you have done and are now doing for the babies!

Dear Fr. Frank,

Congratulations on your twenty-fifth anniversary to the Priesthood and your twentieth anniversary as director of Priests for Life. I am not sure I will be able to be with you on the evening those two milestones are celebrated. Be assured of my prayers for you and my continued solidarity in the efforts to end the murder of the pre-born not only in the United States but around the world.

 Appropriately at the Mass and Banquet people will celebrate the fact that you have served our Lord Jesus Christ as a Roman Catholic Priest. But in fact, you have been a Priest and spiritual leader to many outside of the Roman Catholic Church. You above all have been a Priest to the millions of babies who have died in abortion holocaust. Your efforts at prayer, standing at abortion mills, doing legislative action, teaching clergy, supporting other Pro-Life groups, and working to bring unity to the voices for Life has shown the world the sacrificial love of Christ for the very least among us.

Priests for Life is a much needed voice not only in the Roman Catholic world but in the entire Christian community. Clergy and religious continually need to be reminded of the absolute need to speak forcefully for the dignity of all life.

May your ministry and that of Priests for Life continue to be blessed.

Dear Father Frank,

Over my twelve years as Auxiliary Bishop of Cleveland, I crossed paths many times with you. During all this time I have found you to be dedicated to the preservation of life for the unborn. You and I both work and pray for the day when we will eliminate this horrendous evil from the face of the earth.

Supporting abortion happens to be the politically correct stance to take these days. God would love to restore the peace and love found in the Garden of Eden before the fall. It is our challenge in this age to build up the Kingdom of God. We will only achieve this goal if we let his will be done on earth as it is in heaven.

During the twenty-five years of your priestly ministry, you have touched the hearts of thousands with your pro-life message. I pray that the celebration of your jubilee will be an opportunity for you to share your strongest message ever. In the spirit of Pope Francis, you and I need to treat the women victims and the providers as would Jesus.

I am proud to stand up with you and am happy to serve on the Advisory Board of Bishops. Every opportunity that comes my way to stand up for life will find me speaking out against abortion. Let us pray, pray and pray some more for the mothers carrying infants in their wombs. Also, let us pray for those who perform the abortions and work in those clinics for they need God’s grace to see the evil of their deeds. Let us never forget to help the women heal after their abortions. God bless our work!

Dear Fr. Frank,  

Congratulations on 25 years of priestly ordination!  

It is with deepest regrets that I am not able to be with you and all those celebrating your Silver Anniversary as a priest for God and His Holy Church. If it were not for a family health issue, I would be with you in person.  

God has richly blessed the entire pro-life movement with you. Your self-giving and ever willingness to offer inspiration, kindness, encouragement and so much more to me, my organization and, indeed to all pro-life individuals and groups is a testament to God working through you for His good. You have freely given deep, spiritual insights for the leadership and the whole of this greatest of causes. You have brought unity and collegiality where little or none had been. You have upheld the dignity and value of human life as a bright, shining light for all to see. And you have been, in essence, the visible leader for a movement that has desperately needed focused leadership. No one person has done more for the good of the pro-life movement than you.  

It is clear to me that God has taken hold of your heart and has chosen you for this good work. I am privileged, honored and deeply blessed to have you as a co-worker in the Gospel of Life and even more so as a friend. I thank God for you and for the work of Priests for Life.  

May your anniversary be a great celebration and a time of joy and peace with friends. And may God our Father continue to use you mightily to defend life and bring an end to abortion, euthanasia, and other assaults on innocent human life.  

Your brother in Christ,

Dear Father,

Your anniversary of 25 years as a Priest and 20 as National Director of Priests for Life is something that we should all celebrate. That is because of what the gift of your priestly vocation has given to all of us involved in the great mission to restore a Culture of life to the world.

You have been a constant example of dedication and fearless devotion to God's truth and His will regarding the evils that we struggle against. As well, you have shown us the power of charity towards all who are in one way or another involved in abortion and in need of God's love as received through our prayers and our manner of interacting with them.

You have endured persecution and calumny with grace and have done much good work to assist and unite all pro-life leaders and organizations for the greater benefit of the entire movement.

May God continue to bless you abundantly and keep you well for many years ahead.

With great admiration and gratitude.

Dear Father Frank,

Thank you for being such an inspiring leader and support to me and to many.

How many ministries would never have gotten off the ground if you had not lifted them up?

How many lives have you saved, and how many millions will be affected by those lives, through the generations?

How many have you mentored, comforted and challenged, redeeming lives from the pit and setting them upon the Rock, steady pillars on which a movement can be built?

There is no way in this life to thank you enough. But in eternity, I believe you will have a steady stream of those who will find you in heaven and say, “Thank you. Without you, I never would have been born.”

With admiration, gratitude and love,

Reggie

Dear Father Frank: You are a champion for life! Thank you for never giving up the quest to keep the fight going for the unborn; for being the VOICE for the "voiceless". You, Father Frank, are God's vessel, his hands and voice for such a time as this impacting today's society showing all
that the culture of death will not prevail. As Reverend Dr. Martin Luther King, Jr. so eloquently stated..."We Shall Overcome" and by God's mercy and by his gift of you being at the forefront for this crusade, We Shall Overcome and will be victorious. - Marie Teresa, MD

When I worked at Camp Hope and Compassion to help with the clean up after hurricane Katrina, we stayed on the grounds of St. Anne's Catholic Church in Lizana, Mississippi and had tee shirts with the following quotation from Mother Theresa on them: “I am but a pencil in the hand of God" God's message about stopping the killing of these living human beings (yes, the supreme court has admitted that they are living human beings) need to be written and trumpeted everywhere. You are the lead pencil, so keep it up. Congratulations on your silver jubilee. - Thomas, MI

As Catholics, we realize that the times we live in will continue to haunt our consciences, that it would be more difficult as the days go by to stand and defend our faith. And yet God has provided us with wonderful priests and mentors who shine out like beacon lights in this world of darkness. You have been chosen by God to lead this noble mission against abortion, and I pray that you and others who are joined in this fight be blessed with the strength and courage to keep going in accordance with God's will. I have received your letter of September 2nd in which you ask for comments concerning the noble ministry of Father Frank Pavone – a Priests for Life. I have never been given an easier task... It is my honor and privilege to honor Father Frank for his virtuous work in defending God’s greatest gift to mankind: LIFE

Dear Father Frank:

My sincere congratulations to you on this festive occasion, as you celebrate your 20th anniversary as a Priest and your 15th anniversary as director of Priests for Life. There are only two issues facing the human race: LIFE and THE QUALITY OF LIFE. World leaders choose quality of life and ignore life itself. You have always been a “beacon of hope” you have always CHOSEN LIFE, a Gift for God. Even Shakespeare said, “To be, or not to be, that is the question.” Leaders of governments can offer citizens a better quality of life, but deny LIFE to the most innocent, helpless citizens, the unborn. They miss the mark. In the book of Deuteronomy, God said, “CHOOSE LIFE” Jesus said, “I have come that you may have LIFE and have it to the full.” You and leaders of pro-life movements throughout the country have examined the issues of our time and have chosen “the better part.” “CHOOSE LIFE.” Commending you to Mary, the mother of Jesus and the mother of priests, I remain, Your friend, - Most Reverend Andrew J. McDonald, Bishop Emeritus of Little Rock, AR

Dear Fr. Pavone, I want to congratulate you on the 20th anniversary of your ordination to the sacred priesthood and on the 15th anniversary of your position on founder and director of Priests for Life. May God bless you abundantly and may our Blessed Virgin Mary intercede for you in your ministry of defending life from conception until death. You will always have my prayers and support. Sincerely in Christ,-- Most Reverend, Martin Holley, Auxiliary Bishop of Washington

Dear Father Pavone, I wish to offer my congratulations on your 20th anniversary of priesthood and your 15th anniversary as director of Priests for Life. Your dedication and unselfish giving of yourself in your priesthood has change so many lives and even the face of this world as you continue to enlighten people on the gift of life. May God continue to bless you in your ministry abundantly. Sincerely yours in Christ, -- Most Reverend Joseph A. Pepe, Bishop of Las Vegas, NV

Dear Frank, I rejoice with you and your many, many friends and family as you celebrate twenty years of priesthood. May the lord keep you for many years to come, advancing his cause for life. -- Fraternally, -- Most Reverend Victor Galeone, Bishop of St. Augustine, FL

I know that I join countless others throughout the United States and well beyond in thanking God for you and your tireless efforts to promote the sacredness of life from the moment of conception until natural death. May you continue to enjoy the richest of God’s blessings in your priestly ministry for many years to come. I will remember you in a special way during my mass and prayers on November 22 as you celebrate your anniversary of ordination and your dedicated ministry as director of Priests for Life. Be assured, Frank, of my grateful and prayerful best wishes. -- Fraternally in Christ, Rev. Edward U. Kmiec, Bishop of Buffalo

Congratulations on the celebration of your 20th anniversary of ordination to the priesthood and your 15th anniversary as director of Priests for Life. You have inspired, encouraged and often enough prompted into action your brother priests and together with them and through them countless others in behalf of the precious gift of life. The Holy Spirit must surely have given you his gifts of courage and perseverance through the years like wind blown into a boat’s sails, as Pope Benedict XVII put it, for you to carry on this very special ministry. May the celebration of your priestly life, service and devotion to Jesus, son of God and son of Mary be a source of great joy for you and for all your many friends and supporters who join for this special occasion. Fraternally yours in Christ, - Rev. Frank J. Rodimer, Bishop Emeritus of Paterson, NJ

On the Occasion of Fr. Frank's 15th Anniversary of Priesthood and 10th as head of Priests for Life (2003)

I met you in the spring of 1996. You interviewed me on television at Mother Angelica's television station. I felt a great peace there and when I met you. You bless me. Although you were tired that day, you managed to keep things right on schedule and remained sensitive to those around you. Father Pavone, you have enriched my life. It is an honor to know you. You are someone I trust and I am a better person for knowing you. I thank God for your ministry, especially your work to stop the murder of innocent babies. You are a special man and I am happy to call you my friend. Best wishes in celebration of 15 years of Priestly Ordination and 10 years as National Director of Priests for Life. Sincerely, - Sandra Cano "Mary Doe" of the Supreme Court's "Doe vs. Bolton" case, the companion case to Roe vs. Wade

Nor will I forget how you have helped, in so many other ways, to get Sandra's [Cano] story out, such as inviting Sandra and I to a number of Pro-Life events in which you were involved. You have afforded Sandra more opportunities to speak than any other person or organization in the United States. For this, I am truly grateful. You are to be commended for all the time and effort you put into getting the Pro-Life message out. You are an articulate and warm speaker, using your extensive knowledge of this controversial subject rather than relying on harsh rhetoric. In my opinion, you are a true Christ like bridge builder. Thank you for letting the facts speak for themselves as Jesus said. "You shall know the truth and the truth shall set you free."

Your endorsement for my book about Sandra's life and case entitled "Supreme Deception" has been very beneficial in our continuing effort to get the story of this horrible deception out. In the endorsement you called me your friend, this is a great honor. Father Pavone, I pray for your continued success and strength in the battles to come and that God's richest blessing be yours. - Sybil Fletcher Lash

Dear Father, I’ve been very blessed to know you and work with you on unique projects. Your insight, wisdom, courage and prayers have saved many lives and souls. You are a real inspiration – and people from all over America say that about you, too. LoveMatters.com would not have reached anywhere near the number of young people and families it has – more than a million, and counting – without your kind help and support. I'm very grateful for that, Father. I have fond memories of being with you in your fight against abortion and for the Culture of Life, from the sidewalks around the White House, to working with abortion survivor Sarah Smith and her mother, to producing the first "Defending Life" TV series at EWTN. Thank you for all you do for the cause of life, and for your priesthood. May Jesus reward you, and may He continue to bless your priestly ministry and your pro-life work.

God bless you and keep you, - JT Finn

We are honored to call you our friend and colleague in pro-life ministry. You inspire us with your dedication to the cause. May God bless you for speaking up for the least of these.
Proverbs tells us a faithful man will be richly blessed. Surely this verse applies to you. "A faithful man will abound with blessings; but he that maketh haste to be rich shall not be innocent". (Proverbs 28:20) In Christ’s Love, - Gregg and Lois Cunningham, Center for Bio-ethical Reform

Dear Fr. Frank, What can I say? Outside of my parents, no one has impacted my life than you. Through all of that, your homilies and talks have been a source of great strength to me, both spiritually and intellectually. And one of those talks, as you know, gave me the idea for my book....You know that I think you are the greatest leader and mind the Church has produced in centuries perhaps. - Anthony De Stefano

Please know that I am with you in spirit on this meaningful occasion and add my words of gratitude to theirs. On behalf of everyone at the Nurturing Network, thank you again for your hard work and courageous witness to the sanctity of all human life. - Mary Cunningham Agee

President and Founder, The Nurturing Network

It is so hard to believe that you have only been working at this for such a short period of time. You inspired me to work in the pro-life field when we met in Wheeling, WV, in 1995. Your speeches have inspired hundreds of thousands of people. Your work continues to grow all over the country as you educate your fellow priests and encourage them to speak out and speak up on the pro-life issue. We will never know how many babies have been saved from abortion because of your influence. We do know that you have a gift of speaking in a way that educates and motivates people to get involved. You have become the standard bearer for the role that all priests should take in speaking in the public square. We may not see the end of all abortion in our life time but everyday, we are getting closer to your goal of making abortion unthinkable and of promoting all of the alternatives. May God, and all of the people who have his money, continue to bless you and your work. Happy Anniversary. All the Very Best, - Larry Cirignano

Your noble pursuit of the Gospel of life is a continuous inspiration to each of us that strive the goal of seeing that every unique and irreplaceable life, created in image of God, is loved respected and protected. Your faith, humility and tenacity have set an example for us to follow, just as St. Paul said – “Be imitators of me, as I am of Christ”

You have set before us a model of Christ-likeness, translating the fruit of the Spirit into a concrete strategy that has already and will continue to bear fruit of the Culture of Life. My brother Robert and I join in saluting you on your anniversary, and express our deepest sense of gratitude for your friendship, courage and commitment to Life. May the blessings of God Almighty, the Father the Son and the Holy Spirit, be upon you and your ministry, and remain with you, now and always. Amen. - Rev. Paul Chaim Schenck, Director, National Pro-life Center

Dear Father Pavone: On behalf of the 60,000 members of the Pennsylvania Pro-Life Federation, our board of directors and staff, I am writing to wish you our most sincere congratulations on the 15th anniversary of your ordination to the priesthood. Your efforts to spread the truth about abortion and the crucial pro-life issues of our time are well known and very greatly
regarded by the people of Pennsylvania. We are particularly grateful for the time you spend in our Commonwealth. I especially remember your visit to my own parish, The Church of the Good Shepherd in Camp Hill, several years ago and how you were able to stir the interest of many who tend not keep up with the issues on a regular basis. Please be encouraged to continue the fight and to work for a culture of life as proclaimed by the Holy Father, Pope John Paul II. Know that we look forward to continuing to work with you in Pennsylvania until the day when every child will be welcomed in life and protected until natural death. Sincerely for LIFE, Michael, -

Michael Ciccocioppo Executive Director, Pennsylvania Pro-life Federation

Your presence at the helm of this successful and edifying group of dedicated priests has been such an inspiration for all who serve in this pro-life vineyard. Thank you for all you do for all of us. Denise Cocciolone, Founder and President, the National Life Center

I can't believe all that you have accomplished in these past fifteen years! It was your constant vision that saw the potential in me and others that pushed us forward to be the best we could be for this great cause. Thank you for all you have done...... – Janet Morana

Dear Father Frank: On this anniversary of your marvelous ordination into the priesthood, I would like to congratulate you. Not for being a priest, but for being a true priest of God, one who lives the life of the Gospel and is an ever-shining example to all priests everywhere, and to the people who look to them for inspiration and guidance. May God forever bless your work, and give you the health and strength to continue to achieve the great victories for life as a testament to God’s glory, and may he grant your personal intentions. Congratulations and please stay the course. Yours in Christ, - Harold Cassidy, Esq.

Dear Frank,
The Lord bless you as you celebrate His grace on the occasion of the 15th anniversary of your ordination and the 10th anniversary as National Director of Priests for Life. He has accomplished great things through you that are evident for all to see. He has also accomplished innumerable "little things" through you that no one will ever know. It is a privilege to know you and be united with you in upholding the God-given sanctity of human life. May God continue to use you as His faithful servant in this vital work. Your servant For Life, Jim Lamb, President, Lutherans for Life

Dear Father Frank, Congratulations on completing 15 years in the priesthood and 10 years leading Priests for Life. You have been a constant encouragement to me and my coworkers since I met you for the first time in November 1993 – at a Gregg Cunningham "No More Excuses" seminar we were hosting in New Jersey. Seeing how well God has gifted you to advance the pro-life movement and your dogged persistence in this battle is a great blessing. As I travel around the country working with pro-lifers from CA to FL and KS to GA admiration for your work and your leadership is the common thread that unites the diverse tapestry that is the pro-life movement. As an evangelical Christian, I admire you as someone whose daily walk shows those around him that his Christianity is not just a religion – but the TRUTH.
Noting the burnout that has sidelined many pro-lifers I often say: "We don't want people doing pro-life work at 100 miles per hour for a few months or years. We need people doing pro-life work at 55 miles per hour over the long haul." You are the only one I know who keeps going at 100 over the long haul.

Thanks for your encouragement, persistence, leadership and friendship. I look forward to continuing to work with you to build a Culture of Life.

Yours in Christ, - Bill Calvin, Center for Bioethical Reform

To Fr. Frank, You have gone the extra mile in your dedication to intervene for God's defenseless children. You have cared beyond your own comfort zone about the hurts and hopes of women in crisis. Your wisdom has resounded from the pulpits of our churches and from the media outlets in our homes. God's anointing on your willingness is inspiring, challenging the hearts and minds of all who hear. Thank you for your sacrifice and extraordinary commitment. Our prayers remain with you even as our feeble efforts undergird your vision and passion. May God's purposes prevail on the earth as in heaven. - The Horn Family (Jerry, Bonnie, and children)

On this occasion of the fifteenth anniversary of your ordination to the priesthood our family would like to extend both congratulations and our profound thanks. We are most grateful for your yes to God. The gift of self is the most precious gift anyone can give. Your gift to Jesus, His Church and the pro-life movement has been total. We are proud to know you and look to your example to help us understand St. Paul's statement that he'd been poured out like a libation. May God bless you and your ministry. In Jesus, - The Brinck Family, Joe, Cindy, Tony, Chris, Melanie, Michelle, Maria.

Thank you for the Living Sacrifices you have made of your life for the cause of human dignity and witness to the gift of life! Everyone in the pro-life movement has been so blessed by your efforts, your passion, and your incredible gift of articulation, your enthusiasm and perseverance to expose the truth of abortion and change our nation’s heart. How lucky we have been to have your leadership and friendship in this battle to defend the unborn and usher in a generation of gospel bearing LIFE! It has been a privilege to know you and work with you! Please accept our heartfelt congratulations on the anniversary of 15 years of Priesthood and continued blessings on the outstanding work of Priests for Life! Well done, they good and faithful servant! Much Love in Christ, - Dr. Theresa and Kevin Burke, Co-founders, Rachel's Vineyard Ministries

God has greatly blessed you for doing this great pro-life work with priests and people not only throughout the United States, but truly throughout the world. You've been given many important talents of speaking, writing, communicating, organizing and relating to all kinds of people. You've not hidden any of these talents, but used them for the most important moral work of our time: Saving Innocent Babies from Slaughter. Stopping abortion is the most crucial, unparalleled, important work in the world. Your efforts certainly have saved many babies and just as importantly saved many souls. You've also brought many people back into the faith through your tiring, uncompromising efforts to preach and teach the truth. May Our Lord continue to bless you and bless us with your efforts. You've been a good friend and co-worker
in all that is pro-life for as long as we've known you which is most of your priestly life. We thank God for you. Peace in the Lord, - **Christopher and Joan (Andrews) Bell, Good Counsel Homes**

Warm greetings, my friend! I understand your staff is preparing to honor you for the 15th anniversary of your priestly ordination – as well as your ten years serving as Priests for Life’s National Director. Congratulations! These are certainly noteworthy milestones, and I consider it a privilege to pass along best wishes on behalf of the entire Focus on the Family staff. Your many contributions to the pro-life cause have come as a great encouragement to me and so many others who are also battling to defend life in the womb, and there simply aren't any words adequate to describe our appreciation for your tireless efforts... May the Lord's abundant grace and peace continue to rest upon you in the coming days.
Sincerely, - **James C. Dobson, Ph.D. Founder and Chairman, Focus on the Family**

Without a doubt you have been the most energetic of leaders in the pro life movement. It's exhausting just hearing of your schedule. You have been an articulate and powerful voice for the unborn in all the important arenas of the pro-life debate. We truly appreciate and respect what you have accomplished by dedicating your life - nearly every waking moment of it - to defend the innocent unborn children of the world. We wish you God's continued blessing on your work and in every aspect of your life. May your ministry be enlarged, your success increased, and God glorified! God Bless, - **Mike and Dinah Monahan, Heritage House**

You have provided an outstanding service to the pro-life movement. Many hearts and minds have been changed by the wonderful work of Priests for Life. - **David N. O'Steen, Director, National Right to Life Committee**

Dear Fr. Frank, While you are a blessing and an inspiration to all our Michigan prolifers, this is a personal note of gratitude. You are a great role model of selfless generosity, giving so freely of your time and your knowledge. You are a reminder of the importance of working together in this diverse pro-life movement, while praying for and respecting those who haven’t yet joined us in the is pro-life journey.
Congratulations on your dual anniversaries and a personal thank you for helping us in the states try to do our best in advancing the Culture of Life. In appreciation and admiration, - **Barbara Listing, President, Right to Life of Michigan**

Your love and support of the lives of God’s family is so refreshing, and so precious. When I think of the little babies who are alive today, because of your courage and valor, I am constantly amazed and blessed. - **Alveda King**

I am so pleased to celebrate with you this 15th anniversary of your priestly vocation and the evident good fruit it has produced for God’s Kingdom. Your indomitable will to save the likes of infants in the womb, to heal the broken spirits of women mislead by the fraudulent promises of the Culture of Death, and your evangelical message of reconciliation have branded Priests for Life with the unmistakable sign of the Cross, and grounded its success in it. Thank you, Fr. Frank
for the witness of labor, and for the honor of joining my small part of it. May god shower you with choicest blessings, and continue to prosper the work of your hands. - Marijane Camilleri
Praise for our TV and Radio Appearances and Programs

Dear Fr. Frank and Janet: Thank you for your recent appearance on the EWTN LIVE program. I know Father Mitch was pleased to have you join him ... I can appreciate why our viewers are always so pleased when they see your names on the schedule. Your message is always clear and just as importantly, grounded in a real understanding of the need for charity when discussing such an important issue. Thank you too for your participation in, and support of, EWTN throughout the years. I know Mother Angelica has always been grateful. We continue to pray that the Lord will bless you and yours as well as your most important ministry. Sincerely,-Chris Harrington, Senior Producer, EWTN LIVE

One of the most astute and brilliant voices for Life in the world today. I've had the pleasure of having him on my radio show. Father Frank is a true teacher of Truth and it's always an education when he shares his wisdom! – Audrey Russo, REELTalk Radio Show

This is a sample of a note from our Reception Department which gets many calls along these same lines: Priests for Life received a call from a woman saying that after years of guilt she saw Defending Life and got an overall message that God is not here to condemn us.

Fr. Frank, I truly believe the Holy Spirit brought me to a pro life ministry. He did it through you and your Defending Life EWTN program. It seems almost every time I am talking with a pro-life group, someone mentions Father Frank or Priests for Life - either the brochures, columns, newsletters, web-site or TV program. You have been an inspiration for the laity and your organization provides immense help and support to so many. Thank you, -Diana Bischoff

I..just finished watching Defending Life which featured Catherine Adair. Her testimony was so full of truth and information and I am so happy I saw this tonight!!! I can use so much of her info in sidewalk counseling at Planned Parenthood. Program was great and thank you! Father Frank, I watched your show for the first time tonight. Thank you for my wake up call regarding abortion. I've been silent too long! –Roger

To seize the mind and hold it captive to the end of the sermon...What a Feat!! Your Power of Delivery...your keen insight into life....That made the day! Reverence coupled with Joy...What a combination! Thank you...thank you Father Pavone for turning the spot-light upon the 'magic of life.' with your gift of communication! -Tom

Fr. Frank, Bless you for your message on EWTN about choosing life on Thursday, Feb 26th. Your rationale for your stance on abortion convinced me that my Pro-choice position was in direct...
opposition to God’s will in our lives. Because of your homily I now believe that abortion is, in fact, the murder of one of God's children. Thank-you and may God Bless you, - Rick, Arkansas

Fr. Pavone and Friends, Thank you for all of your television shows and work during the election season of 2004. It has paid off very well for the pro-life supporters out here. -- Jonathan T.

Thank you for your letters - they are quite valuable, as are your appearances on EWTN when you celebrate Mass and deliver some very necessary homilies. Keep up the Pro-Life work - believe me, it’s worthwhile. -- Richard B.

I see Fr. Frank on EWTN from time to time and especially enjoy Mass when he is the celebrant. He points out the reasons why we need to elect a president and members of Congress who are pro-life (indeed why everyone should be pro-life). He does it very well, without transgressing any of the rules the government has laid down for the Catholic Church that might rescind our tax free status. I wish all of our priests would do this, but I know that it takes courage and fortitude and some simply cannot sustain that. ...Thanks to you and people like you for your dedication to a cause that has brought our society to the brink of disaster and will surely cause us to perish if it is not overcome. Our prayers are with you and may God bless you. -- Joan C.

I would like to take this time to also tell you, Father Pavone, how much I really enjoy your programming on EWTN!!!! You and your staff are doing such a great job promoting Pro-Life information for all of us, who in some small way of our own, can help spread the word. And the PFL web site is also very informative. May God Bless you Father Pavone, all the other priests who fight for the innocent, and your staff, to continue to give all pro-lifers the strength to carry out their ministry in this fight against evil. Sincerely, - Charlene J.

Thank you for your sermons on EWTN. When I went to the 6:30am Mass here, I would come back to listen to your sermon of that day. I learned a lot about myself in one week than in 57 years. I will go forth as a real soldier of God as I was made on the day of my confirmation. Thank you and God bless. -- Viola M.

Dear Father Frank Pavone, this morning I had the opportunity to watch you on your Pro-life program, and at that moment came to my mind, how this world would be a better place to live, if we had hundreds of priests as you are. Your courage speaks out on behalf of the innocent and defenseless unborn children, when abortion is being practiced so naturally. Father, be sure that God called you as his children's advocate, and you have done your job so well, saving thousands of them to be born to glorify our creator and to live a fruitful life. Perhaps many people in this earth will not listen to your message of love and compassion, but you are being listened by our Father in heaven, and by all those innocent little angels! Father Pavone, one day, when your mission was fulfilled, those angels will be waiting to introduce you to God and all the Saints. The
difference is that they will be representing you in glory! May God give you the strength to
continue your mission to the end. Love and Peace, Herman and --- Maria, CT

My husband and I really enjoy watching the "Priests for Life" program on EWTN, and I would
like to congratulate Fr. Pavone and all the people that work with him, for all the wonderful job
you guys are doing about this matter. Thank you for your prayers, our prayers are with you too,
and 100% supportive of life. Once again thank you, and yes, we will keep in touch and informed
through the web page you have. God bless you! -- Maria C.

Thank you or your enthusiastic and powerful message. We heard your sermon this week on
EWTN’s daily Mass. We want you to know we are with you and pray seriously for the success of
your work on abortion, capital punishment, contraception, consistent Ethic of Life and same-
sex-marriage. Thank you also for including us in your prayers. We hope to hear you again on
EWTN’s daily masses. Sincerely in Christ, -- Haryo & Gloria

Fr. Pavone, I listen to your sermons on EWTN. Rarely do I hear anyone take such a strong stand
on issues and argue their position so forcefully and convincingly. It is not common in our local
churches. It is a pleasure to hear you speak! – Bobby S.

Your homily at EWTN Mass this past week was most informative and inspirational. I have been
waiting to hear this message for years in my parish. It appears that the mentioning of abortion
is taboo. God bless you and your fine activist group. - Robert A.

I have been watching EWTN for quite awhile now and first heard about abortion from Fr. Frank
Pavone, and it is then I started doing what I could to stop abortion. I have six babies in heaven
and I have promised them that I would fight for babies born and unborn. - Christine V.

Just a quick note to say that I believe the [Priests for Life] commercial presently showing on
EWTN is well done! It sends a strong message to everyone and I hope more of us will change
because of it, to what is right before God. -- Tanya J.

Dear Fr. Frank, Your homily on EWTN was very inspiring today. I went to DC for the march of life
this year and found if very moving. May God continue to bless you in your work. My husband
and I are CCD teachers and we truly believe our youth need to be educated about abortion. It
will be up to our youth to help correct this terrible act of abortion that we as a nation have so
permitted to become a part of society. I will keep you in my prayers and may the Holy Spirit
guide and protect you in His work. -- Larry, NE

I saw you on EWTN Monday, Feb 16th and you are great in every way - celebrating the Mass -
your respect life homilies, your delivery and manner. - Jerry, MI
Just wanted to tell Fr. Pavone how much we had enjoyed his homily at Mass on Feb. 16th. We will certainly try to find out who the pro-life coordinator is in our parish. We, like many others, are very concerned about the abortion issue. It is very troubling to watch our laws being made by Judges concerning abortions. The sanctity of marriage is being made a mockery of by allowing the same sex marriages. -- Frank and Mary L.

I have listened to your program and many on EWTN this week. Great work you do, and very good ideas you have for helping women and helping to save precious lives with many resources and especially taking advantage of God’s many graces. -- Jennifer, LA

Sometimes I listen to your program on EWTN and your Mass and Sermons. You give far and away the best reasons for life I’ve heard......I am sure you would win many of their audience (O'Reilly, Matthews, King et al) over to right to life that otherwise do not hear you. -- Henry, MD

I love your website and try to catch Fr. Pavone’s segments on EWTN as often as I can. I applaud everything you do at Priests for Life and pray for you all ...especially for Fr. Pavone who I am proud to call "my brother in Christ.” - Mark, MA

I am a homeopathic physician and practising in the State of Goa in India. I have watched Fr. Pavone's programmes on EWTN network and it has helped me to understand the pro-life movement for the Church’s perspective. Thank you very much for all that your organisation is doing. God Bless you all. – AK, India

Fr. Frank, I have just seen you on EWTN in the UK, great show. I thank you very much for the work you are doing. It is of great help and inspiration to us in the UK. God Bless you.– Friend in the UK

Dear Father: I had the occasion to watch you on EWTN this past week as presider of their daily Mass and wanted you to know that your homilies were captivating and very inspiring. God has given you a wonderful ability to connect with people which I’m sure you know in your heart, however. I believe it is important to validate that for you and others when I experience such a positive experience, especially with our Priests. May God continue to guide you in your important duties with Priests for Life and otherwise. Thank you for having a positive effect on me and so many, Father. – Sincerely, David B.

I am so happy to be able to listen to you and to watch EWTN programmes. Father, your Homilies are excellent and very enlightening and so are the others. What caught my interest was the talk given by Janet [Morana] on contraceptives. The data she has collected only goes to show her hard work and her love and interest for Life. You mentioned that video tapes will be or are available, would Ms. Janet’s talk also be possible to get? I heard your suggestions and will speak to the Parish Priest about this. – Tanya, TX
Dear Fr. Pavone, Thanks for your vibrant witness. I absolutely love watching you on EWTN. The idea of matching parishes with abortion mills is excellent. I just got done jotting down the mills my parish is responsible for and I plan to do something with it. Keep up the good work. Send me your e-mail column. May the Lord bless you with a fruitful ministry. -- Dan and Margie

I recently attended the NRLC Convention and wanted to thank you for your encouragement and enthusiasm. I attended your Masses and a couple of your workshops. ..... You are surely a blessing to this effort to restore the right to life and it is especially informative to see and hear you on EWTN. Thank you and may God bless you! --FG

Fr. PAVONE, Thanks for sharing your insight on the [Mass] readings - it really made me think and ponder... – Polly

Dear Father Pavone, Just a note to let you know how powerful I felt your message was on the televised Daily Mass on EWTN yesterday (Sunday). You’ve always been able to get the message across with meaning and understanding that it so refreshing; but yesterday’s message...and your delivery of it...were spell bounding, and the message of the miracle of the loaves and fishes was one that I really needed to hear. I look forward to your other messages this week. Thank you again. - Lynn J., Savannah, GA

Dear Father Pavone. Fortunately I received your newsletter yesterday advising us that you will be at EWTN all week. That was a powerful sermon which you gave this morning. It is a delight to an 82 year old guy hearing the way you cover all the bases (Eucharist, the Mass, and the Holy Father’s latest encyclical). I am going to have to listen to it again and read the encyclical as you recommended. God bless you and Priests for Life. I will be listening all week too. - Jim H.

Thank you for the wonderful program that I have just seen concerning the photo that Michael Clancy took-I did see it several years ago, but I did not know until tonight how to access it. Thanks for everything that YOU do! May God continue to bless your efforts to save our little ones! – Carol

Dear Father Frank, It is so amazing, the people that have responded to my web site after seeing the show! I have received the most wonderful emails. Because of you my web site received over 1000 visitors yesterday. I just wanted you to know the benefit the show has produced for my mission. - Michael Clancy, Photographer of “Baby Samuel” in the womb.

Dear Father Pavone, You are truly an inspiration to all of us out here in the fields. Some years back you came here to the ultra liberal state of Maine and I had the privilege of being your driver around Portland and then to my home here in Lewiston/Auburn. You are truly a blessing
to the Church and to us in the prolife community. I watch your program each week and have years of your programs that I have taped. Yours in Christ, -Ron

[Re: The bishop and the Atheist column] Atheist teaching Catholics! Maybe that will make them listen. I'm so glad to know God IS blessing your efforts! Thank you for all I've learned through EWTN and now through your letters. One Catholic who finally opened her eyes to the greatness of Christ's Church. –Juani

Dear Fr. Pavone, I heard your homily this morning as I watched the Mass on EWTN. You were very inspiring. God bless you. –Jane

Thank you, Fr. Pavone, for your wonderful website and all your work in ending the holocaust of abortion. We are new to the internet and so after listening to you for years on EWTN and receiving your newsletter, your website was one of the first we turned to. We are pro-life couple in our parish and will definitely use much of your material in our work to educate our parish about the evils of abortion. ... God bless you in all your work for the unborn. We will keep all of you in our daily prayers. - Richard & Barbara

Priests for Life Representative, Hello. I e-mailed a while back with some suggestions on the television program "defending life". I have noticed in the more recent series that you have a blown up picture of a baby in-utero. I have also noticed that there is more of a personal, one on one setting and that Father Pavone has become bolder in his speech. I thank God for this. I do not know whether my email contributed these changes or not. Either way, I am so elated to see it come to fruition. It really is eye catching to the everyday channel surfers and I know this format is reaching more ears. Abortion is such an inherently provocative subject and, as I am sure you all are finding, we need to be that much more daring. Especially since television is such a widely distributed medium and truth is so hard to come by. I love the new guests and their testimonies; how clever of you! Thank You so much, the message is spreading fast and progress is sure to come. Sincerely, - Maggie

We also have been getting many calls on our hotline. One woman saw [the Defending Life show on Forbidden Grief] at 5:00 AM - she says she is never even up that early and she never watches that station... but she already signed up for a Rachel’s Vineyard retreat and knows that God woke her up and led her to that dawn message and that it is her abortion that has been bothering her all these years and she has never told anyone about it. The woman was crying very hard, and was so happy to finally hear where she could get help and that God forgives her, and so does the church. Thanks for everything!!! – Theresa Burke, Founder, Rachel’s Vineyard

Dear Father Frank: I watched your program last evening, and was deeply touched by your interview with a Chicago nurse who fights for the rights of beautiful unborn children with such courage and faith. –Sarah
Fr. Frank, I just want you to know that I admire you for having this commitment in defending the rights of every human being, especially the innocent and helpless babies. I am Tricia from the Philippines and I am constantly tuning my tv on EWTN channel. I am praying for your endeavors. God bless you.

I just wanted to say thank you for all of the hard work you and your organization do to end abortion. Your weekly television program on EWTN has inspired me to become more proactive in my pro-life efforts. I am currently a graduate student at Purdue University, and after seeing your action segment on letters to the editor, I sent a letter to the local school newspaper regarding abortion and the evils associated with this act. Thank you for informing me about the awful truth of abortion especially partial birth abortion and for encouraging me to speak out against this injustice. May God bless you and your organization. You and your staff are truly doing God’s work on earth. I am grateful for priests like you. Thank you again. Sincerely, - Alison

Fr. Pavone gave wonderful, informative talks here. We also enjoy hearing him on EWTN. Watch you often on EWTN - wonderful, wonderful talks on abortion and euthanasia - I hope and pray that you continue in the pro-life effort.

Thanks to EWTN and our local catholic radio station 1620 AM I have learned so much about the pro-life movement. I pray the pro-life rosary for an end to abortion. God bless you for your life saving work.

I am writing this mainly to Father Pavone. I want to tell you what a wonderful mission you are carrying out. I feel so Blessed to hear your Homilies on EWTN. My wife and I are Members of All Saints Parish in Va. ......I am sure you know they are very big supporters of your cause. Keep up the Great Job that you are doing. Thank You, - Tom and Mary

I want to thank you for your wonderful website! A mere five years ago I would have been one of the pro-choice banner wavers...the young, self-centered, "modern", wiccan who was all for abortion...I wanted to thank you for your website- it is a wonderful resource. I saw Father Pavone on EWTN and decided to check the website out. I want to thank you for helping me along. - God Bless!

My name is Pastor Ken, and I just read about your strong stance on the preservation of life, during our recent election season. I am not Catholic, but am a bi-vocational Nazarene Pastor in the State of Nevada. Despite our denominational difference, we are brothers in Christ, and I commend you and your organization, Priests for Life. In this lost and hurting world, it is so
important that we stand together to defend the most vulnerable in our society. I just wanted to write and thank you for serving Christ and our little ones as you do. Together, and with God’s help, we can make a tremendous difference in people’s lives, and in the lives of countless children and families. God bless you, and your fine work.

Keep up the good work. We Protestants love you and appreciate the work the Roman Catholic Church is doing for the unborn. –DJ

We enjoy your wonderful and powerful television advertisements on PAX TV. As an Anglo-Catholic Priest, I support your efforts. -Reverend Thomas, MI

Dear Father Frank, I am a Protestant minister who first became acquainted with Priests for Life through the Eternal Word network. I have been a faithful listener to your programs on the TV and the shortwave programming. I have followed many of your suggestions - writing letters to Editors for one. I have been amazed at the doors that have opened and how the Lord has been drawing me more and more to unite with Catholics in this great cultural issue of our time - the holocaust of the unborn. I have even had articles published in the Dubuque Catholic Diocese Newspaper. Now I feel led to move from listening and praying for your ministry to supporting it financially. Love in Christ, - Rev Ed

Thanks again for such a great newsletter. The expansion on the theme of political activity and the Christian will continue to be helpful to us in the pro-life movement! ...We evangelicals not only hear you at pro-life conferences, but many of us receive your newsletter and support your organization. Although there are some doctrinal issues we part on, as Christians we all have the same Lord Jesus Christ and are motivated by our understanding of the Christian ethic in our pro-life work. Thanks for listening and for your outstanding leadership to all Christians! -LM

To begin, I am a member of the Lutheran Church, Missouri Synod, not Catholic. I watched your sermon on EWTN last Thursday, and it was among the best I have ever seen. –Tim

You go Father Pavone. You are an awesome example and witness to the pro-life movement!!! –Justin

Met Father Frank in Dallas. I am very happy that such an informed and spiritual priest has taken the mantle and working so hard to save children. -RD (Pentecostal)
Although I am neither Catholic nor a wholehearted ecumenist, I am of the opinion that the message can be treated independently of the messenger and as such have I avidly read "Answering Pro-abortion Rhetoric" and other sections of your website.....I have found your "Answering Pro-abortion Rhetoric" comprehensive yet concise, simplifying yet not simplistic and very clearly focused on the mass of contradictions that is the pro-abortion case. I presume we share the analysis that resolving the issue is entirely dependent on the status of the unborn and yet you generously avoid belligerence on this point and address abortionists on their own terms as well. Thank you so much for a thought provoking and illuminating text. –Ben

As a Southern Baptist, I commend the excellent job that the Roman Catholic Church has done on speaking out on the right to life. Keep up the good work. - Rev. David, NY

Hi I am not Catholic but whenever I see you on TV, I love listening to you. I stand for your belief. You are very true what you have to say. Keep it up good job. -Beverly, NJ

I saw your wonderful pro-life TV advertisement tonight. Our family does not normally watch TV at all. For some reason, I wanted to see what was on. To my amazement, I hit your advertisement. This advertisement is going to do a lot of good. People need to hear your message. As you probably know, the pro-life stance is starting to win out in the polls of the populations. Your ad will certainly help. In this family, we are Southern Baptists living in a majority Catholic area. Keep up the good fight! –RP

[The] Lutheran Church, where I am pastor, is a growing, predominantly African American church in the heart of [the] African American community. I am also the keynote speaker for the Lutherans for Life national convention.... I’ve heard and been impressed with your presenting. - Pastor John, TX

Fr. Pavone, thanks so much for speaking at our conference. Your continued support and involvement in the work of the Institute for Religious Values has been critical to our success and even our survival. Priests for Life is the most generous organization I have ever worked with (and that includes hundreds of organizations). Thanks again, -CG

I just want to thank you so much for doing what you are doing and for inspiring me to do more. I saw Patricia Ireland on the Fox News Channel tonight on the Hannity and Colmes show. She announced that "NOW" is issuing a state of emergency for women’s rights. She mentioned Priests for Life as the group she was most concerned about. So I thought to myself, that is a group I need to look up. It’s a good thing if Ms. Ireland is worried about your organization because that means you are making her nervous. Your website is so informative and helpful. I am Protestant and I will live to see that we all join forces and restore the value of the sanctity of life! Thank you again for all that you do, I am so honored by your tremendous service. Let’s keep fighting the good fight because we will win! - DM, Texas

I am not a Catholic but am a minister (female) of another denomination. First, let me applaud my Catholic brothers for the great work in this area. Would it not be great if all members of
Christendom could join with you in your efforts to cleanse our country of the horror of abortion? I for one am in your corner -- keep up the good work. I may have differing views on doctrine, however, here is one place we can be united before the world. -Rev. Dorothy

Thank you all for the hard work and strong commitment concerning "Pro-life". ..... I have taken the very bold step to identify myself at my church - a Baptist church - as being Pro-life. It was during the last of June that I 'found' EWTN. It was at that time that I first saw Fr. Pavone and listened to his intelligent presentation. He was brilliant and logical, tempered, but not overwhelmed with the emotions that defeat so many others. [Others] could not move us, but Priests for Life and Fr. Pavone did! May our God continue to bless you and all whom respond to His cry and suffering for the poor lives of our innocent.- LA, Tennessee

Dear Father Frank, I think you and your fellow priests are doing an excellent, and holy work fighting the culture of death in the US. Your interpretation of the Gospel story of Lazarus and Dives was very interesting, and somewhat chilling! Keep up the good work.... -- Rev. James, MN

I have often watched Fr. Frank Pavone on EWTN and have enjoyed his talks so very much. It is very uplifting to see some of my fellow clerics so vocal on this crucial subject while so many others remain silent. - Rev. Ted, MD

I want to congratulate Father Frank Pavone for the Nov. 2nd article in USA Today "What does support for the 'Right to Choose' say about a candidate's character?" This is one of the most relevant and timely questions that demands an answer in America today. Thanks Father Pavone for the courage to state the facts to the American public. In support of Pro-life -Bishop Ray D. Hock, Allegheny & Susquehanna Conferences, Brethren in Christ Church

I already signed your guest book but I wanted to double commend for spreading, to the best of your ability and resources, the Gospel of Life. I have read the several statements of the US Catholic Conference of Bishops on the Gospel of Life and one which dealt with properly exercising our stewardship in civil affairs. Mind you I am a Protestant minister but I must say you are courageously standing up for life as a gift given by God. As a brother in Christ and co-laborer in the Gospel I would like to encourage you to keep up the good work, run with perseverance the race set before us, and fight the good fight of faith. You are in my prayers. - Rev. CD

It is a blessing to see your website. I only wish that we in the Orthodox Church would have such a group as you have. I am so happy to see that you have so many members and are involved with the most important issues of today. May our Risen Lord bless each of you+. --Archbishop Stephan Petrovich Ukrainian Autocephalous Orthodox Church

It's with great pleasure that we agree to be linked on your site. Frank Pavone is a courageous and wonderful fighter for life, a wonderful speaker and a warm and compassionate man who I've had the honor to meet a number of times. God bless your efforts! -Rev. Dean
Marvelous presentation at retreat -- as usual. I heard many unsolicited compliments on your talk and several of the commentators were Protestants who were amazed to hear such emphasis on prayer (other than formalized, rigidly structured prayer) and such a demonstrated command of scripture from a Catholic cleric. It is sad that negative stereotypes persist but encouraging to see you dispel them. -Gregg Cunningham, Center for Bioethical Reform

I want to take this opportunity to express my deepest appreciation for the support which Priests for Life has given to our efforts over the past year. -Chris Gersten, President, Christians & Jews for Life.

I'm not Catholic but I do watch your program a lot. I must tell you that the segment on abortions was really touching, you are doing a wonderful piece of work for the Lord. -ES, Pennsylvania

I am an evangelical Protestant. As such, you and I might have some considerable differences about various aspects of the Christian life. Nonetheless, I call you brother and bless you for you work on behalf of the innocent. Thank you for what you have done. God Bless You mightily. -AB, Colorado

Recently I watched a show on Saturday on EWTN. I am not a Catholic but am a follower of Yashua. I was blessed by the lecture and feel led to inquire about receiving information on abortion. –HG

Here is a small contribution to your work. We are non-Catholics who are really inspired by your appearances on EWTN. –TR

I am an Anglican priest...This is an outstanding website, and I am commending it to the clergy in my Province, as well as to my parishioners. -- Keep up the excellent work, and may God bless this ministry. - Fr. Charles

Dear Fr. Frank, I really enjoyed visiting your website. I am an Anglican priest in the UK, and feel strongly about pro-life issues. I feel that it is part of our responsibility as priests to make a stand on such issues. You are fortunate in being a priest in a Church that is not afraid to tell the world about the true values of the Christian Gospel. May God bless your good work. – Fr. William
Praise from Laity (USA)

Having been involved in the pro-life movement for about 30 years, I honestly believe that your organization has become the foremost defender of life in America. The testimony of former abortion providers which you have assembled is the most conclusive testimony to the power of prayer. Thanks for all your efforts. - Bill S, Bedford, MA

I am in my senior year in high school. Right now in my English class I am writing a paper on why abortion is wrong. In the beginning I had no idea on how bad these procedures are. Your website has helped me so much in my findings. I want to thank you all for having this site and educating everyone out there! – Seth

Hello there, My name is Lexie and I am 16 years old, an avid pro-lifer and catholic, and from Canada! In the past few months, my family has been watching Fr. Frank’s mini-series and much of EWTN network’s shows. After watching the episode tonight (Friday October 22/04) about abortion clinics and their activities within the clinics I have become even more drawn to everything about Pro-Life. I currently volunteer a lot of my time with the Pro-Life chapter here (yes, that is in Ontario Canada) and have read many and seen many things about the disgusting and appalling works of abortionists and doctors. I want to subscribe to this newsletter not only because of the points I stated above, but rather to understand more and ground myself to talk to others about this issue. I have been trying at my high school for many weeks now to start a Pro-Life group. This is very hard... even though it’s a Catholic school. This newsletter I would hope will arm me and inform me as to how to go about teaching others about God’s beloved creations and how we as a Catholic community can overcome the evil forces in which have seduced many of today’s population. I thank you for your time, and I hope God will bless you with all your work.

Dear Father Frank: .. I believe that I would be remiss if failing to communicate my perceptions of your homily during Mass at the Holy Family parish in Ocean City that glorious Sunday morning. While consistently a believer in the protection of the unborn and life in all of its stages, I rarely responded as actively and passionately as I did upon hearing your homily on that Sunday morning. My wife, Barbara, by the way, shares my feelings. We sat there as visitors and never having seen or heard of you or Priests for Life, we became nearly mesmerized by your compelling, convincing, and logical reasoning as you proclaimed the need to advocate for the unborn because they cannot. Not only was the substance of your message incredibly convincing, your style of delivery was eloquent. Your use of the metaphor, analogy, and simile combined with your dynamic vocal ability drew crystal clear word pictures that everyone could understand. Although dynamic and powerful, your delivery was never abrasive. To the contrary, your platform presence was gentle and appropriate to your audience. Your message obviously came from the heart as you intertwined it with the message of the Scripture readings. Forgive
the wordiness of my communication. I hope that those of us in the Archdiocese of Boston will have the pleasure of hearing your message directly from you. Cordially, - Robert J. Ferullo

Dear Father Frank; You inspire me so much to keep working for pro-life issues! Also, I want to thank you for listening to me this past summer at the Chicago convention for sidewalk counselors. It meant a lot to me! I owe my pro-life enthusiasm to you and your wonderful staff though whom the Holy Spirit works so well. - Sue Engel

.. Since the miscarriage, my cancer progressed and I am undergoing craniospinal radiation. I don’t know what will happen, but I do know God is with me, and so is the precious little soul. And if I had it all to do over, I wouldn’t change a thing. That is why I think the work you do is so important. I felt so frightened and alone, and the work that you do makes all the difference. God bless you and you will always be in our prayers. – Therese

Since the beginning of advent, I have reflected daily on the first few verses of St. John's Gospel and, particularly, the revelation that "Light has come into the world, and the darkness has not overcome it." For all of the resources available to the Culture of Death, they have not overcome the light of Priests for Life. I just read your latest newsletter and could spend the entirety of the day providing you with positive comments, but suffice it to say that my parish has recently started a pro-life committee and the information you provide is invaluable. You are wonderful, you are wonderful, you are wonderful! I am at a loss for words, but you are at once exhilarating, informative, faithful and effective!! Well Done! – Laura T.

Dear Father Frank, You married my wife and I. At the time, I probably would have considered myself pro-choice, although not strongly so. However, from listening to your sermons and reading your letters in the bulletins, I came to realize how wrong abortion is. Today, I am very pro life. On Election Day, the number one issue I vote on is abortion. In 1999, one of the main reasons I joined the Knights of Columbus was because of their pro life stance. I have seen your program on EWTN and your interviews during the Terry Schiavo case (a real tragedy the way that poor woman was murdered) and I have to say that they are both excellent. I just wanted to let you know how proud I am to have been married by you, and also to let you know that there are a lot of people who believe strongly in what you are doing. And I do believe you are making a difference. – Gregg, New York.

Fr. Frank is the most detailed-oriented leader I have ever worked with. I highly recommend him as a consultant for anything pro-life related. – David W. Clark, Social Media Coordinator

All glory and honor to our Heavenly and Merciful Father... I would just like to commend you all for being the salt on this unseasoned earth, for being the light in the dim and dark world we live in today. The photos I have seen have illuminated the atrocities that we live in. The information you have provided has inspired me in using the Partial Birth Abortion Ban as my persuasive
speech topic for the speech college course I am presently taking and to write poetry for the victims that are unable to speak up for themselves. Thank you for helping me see the truth---for what it really is. May God continue to bless and keep you all.–TK

The outreach you are providing by including more and more vocal people to defend the babies is very worthwhile. Thank you for your work. I look forward to reading your column and am becoming more vocal because of the confidence I have developed from reading your stuff. –SM

Thank you for all you do .. I’m a respect life coordinator in my local parish and appreciate the information (though very disturbing) that you provide on your website and via your column. –LM

They mentioned the fund you have to help stop the murder of abortionists. I just wanted to thank you for making the most uplifting news I’ve read in all my research so far. Thank you for drawing such a clear distinction between pro-life Christians and terrorists. I’m praying for your work and for the movement against violence in general. –CC

I read and know of your work for the Pro-Life Movement and all you do from EWTN and I admire you and pray to meet you one day for I to love children and believe we must do everything we can to save babies. We can all work together to save a beating heart! –BT

Father, I commend you for all the work you’re doing to defeat the forces of evil in the battle against the ongoing slaughter of the innocents. Thanks for your fine efforts and the people you continue to inspire, I believe that the tide is turning in our favor and I keep praying it will continue. God Bless you. - A Parish Pro-Life Coordinator

It was the most sophisticated paper [my son] has ever written. It was so nakedly innocent and true - using logic from his mind, a knowledge base I did not realize he possessed and pure love and mercy from his heart. Obviously, he has heard the message from you pro-life folks clearly and has put all the pieces together. I thank you for this. ...you folks who have dedicated your efforts to public education and have gotten through to a kid in my house. You have touched his mind and his heart. You have come up with a technique that works. Show the pictures of truth. –MW

Father Pavone & Staff, Cherrish wants to thank you for all your kindness this Christmas. She loved every gift. It also meant a lot to her mother. Not too many people go out of their way to do something like this for a stranger. I can’t say thank you enough...My daughter is an angel. She along with my boys are what keeps me going in this life. Without them there is no me. It is nice to know there is people out there that actually care. You too are angels!!! –MR
The above letter was from my daughter, this one is from Cherrish’s Grandma. [M.R] is now living with us. And it was a blessing to receive the gifts for her because it was greatly needed. Cherrish has been the biggest blessing that we could every received. We thank you from the bottom of heart for all your prayers that she is here!!!! –SL

Excellent speaker at our Mass at St Helen Parish. I am interesting in hearing more about your organization. – MC, Texas

Thank God for Priests for Life! You reach and teach both Catholics and Protestants alike. –RT

The mass was beautiful and the homily right to the heart. –RC

Thank you Fr. Pavone...My cross is the amount of abortion and the lack of respect for life in my community and my country. Thank you all for your efforts and for tiny prayers that are being answered...you just made my day! Love in Christ!! –Monica

Dear Fr. Pavone and all workers against abortion, Thank you so much for all you are doing. I am so proud of you. God is truly working with you. Your newsletter telling of people and businesses refusing to put up another Planned Parenthood clinic is great. May more people find their backbone and stand up to be counted. We can certainly see God’s hand working through you. –Darlene

Excellent work! Your materials and talks are precise, direct, very effective. Thank you for all you do. –JS

God Bless you so very especially for the love you have shown His children. My constant love and prayers follow you in all that you do. You are in my prayers, fasting and almsgiving. Take care and God bless! - TK

God bless you Fr. Frank & your staff for all educating & protecting the most vulnerable of the human family, the UNBORN!!!! Thank you. Thank you for all the good work you are putting into the pro-life movement. May God bless you! –LS

God Bless you, your voice is so powerful. –FP

I coordinated a voter registration drive in my parish this weekend. So we estimate had the opportunity to get around to 100 people registered in this one parish. Thank you for all the excellent material on your website. It helped considerably when I was meeting with the pastor and training my “helpers.” HUMAN INTEREST NOTE: One lady who came to the voter registration table was a recently naturalized citizen... It was quite an honor to have the opportunity to register this new citizen! -CC, California
I think what you do is great! I wish I had a million dollars to give to further your work, but for now all I have to offer are my prayers and moral support. –MT

Thanks for your consideration, and keep up the great work! I am always energized when I read of all the successes and conversions brought about by your efforts. –VA

I wish to express my appreciation for all you do. I recently requested and received the lovely package with the video, audios and other materials for priests. I gave it to my pastor. He and I later met to discuss bringing the message to our parish and have agreed to start a Respect Life Committee of which I will be Chair. –MW

I am making an enclosed donation to Priests for Life because I believe your organization to be doing the best pro-life work in the world. Please continue on. It is your decision to use the money wherever it is needed. Your idea of starting a new religious order is very exciting. –VH

I have been to EWTN twice to visit and am a great fan of Fr. Pavone & Co. Thank you for all the good work that you do! When I was 16 years old it was a priest from the pulpit who got me involved in the pro-life work. He said when we stand before almighty God he will ask first "what did you do to protect my innocent children from being slaughtered?" I took that very seriously and have devoted my life to this cause. I am now almost 50 years old. –TC

Please send me your column. Your organization is the best!!!! I am getting caught up on some life issues. Where do I go first? Priests for Life! I will start working on getting [my church] along with surrounding parishes, praying and working for the closure of [the local abortion mill]. A strategy devised in the heavens and received by God’s servant, his holy priest, Fr. Pavone. Keep receiving Father! Peace and all that is Good. -MK, Indiana

When I came home this afternoon - I saw your letter Father. Please don’t ever stop sending people the letters you do. You (your) letter came at the same time that experience happened to me [Seeing an elderly woman by herself holding signs in front of an abortion mill]. There are a lot of women out there like me. We need people like you to lead us in this battle. Thank you father for helping me. Is there any way I can help you? –IJ

Your work is most important. History will treat you as American heroes far greater than the Abolitionists and the Suffragists. I will keep you in my prayers. Thank you for all that you do. –MF

Thanks for all you do and especially waking up other priests to the need to speak out against abortion-as ever. –Ann
My dearest Father Frank, I believe that your cause is greater than them all. You are one of the greatest soldiers in Christ's army and "Under a Brave General there are no cowardly soldiers". To fight to end the greatest atrocity ever surely comes with a huge cross. You carry it well and are fighting the good fight. –DM

I want to thank you for all of your efforts. I pray the bounty of our Lord surrounds you abundantly. But more than anything I want to thank you for being a priest and saying, "Yes". -JS

Thank you for all you do ... especially in helping to form the consciences and gut of Lay Faithful to live our ... faith in the Public Square (within all of the social structures). –PK

[Face the Truth] is something I've wanted to do for years. So glad you gave me the opportunity. –AS

Please, please keep up your work. You are today's Abolitionists, and history will vindicate you. –MK

Good job to everyone at Priests for Life!! I'm so glad that so many people got to see the truth about abortion during your "Face to Truth" tour. I wish that was a monthly event across every major city around the world. –LS

Dear Fr. Pavone: I am writing to thank you for the continuous inspiration you provide to me on a daily basis. I log on to your site each day and I am spiritually nourished and re-energized in my dedication to pro-life activities. I am sure you will be richly rewarded by the Lord for being a true icon of Christ and courageously witnessing the Gospel of Life. Please keep up the brilliant work!!! Peace and Love, -MH

Dear Priests for Life, I am a member of the Prayer Group in [my] parish in NJ. We have been assigned to pray for [an abortion mill in NJ]. We will pray for the closing of the facility and the conversion of those employed there. Thank you for providing this project. -JF

I have heard so much about you and your work and I am really happy to see how you are pushing parishes to get involved. –FF

Thank You so much for this information for [matching parishes with abortion mills]. Now that I have this information I certainly will try to get in touch with some of those Parishes on the list to see if they will help by coming to pray with the few of us. God Bless You for your fantastic work you are doing. –HC
So I guess I wanted to congratulate you for being brave and acknowledging that murder is wrong whether it be the abortion or the murder of the doctor’s and providers. Thank you for trying to show us the way.... - Thank you, **AS, West Virginia**.

We’re just emailing to let you know we’ll pray for the conversion and closing of the abortion mill matched with our parish. Thanks for organizing our prayer efforts. –**SA**

What an absolutely wonderful job and a great way to spend all the time and energy it must have taken to match all the parishes and the abortion mills. Thank you! I found mine, and my family will be praying. I also printed out the FAQs to read up on the rest of this project. Thanks again! GOD BLESS YOU! –**CD**

I have come to these pro-life retreats for years! The only really pro-life retreats have been those conducted by Priests for Life. Thank you for your support. –**ME**

Dear Father Pavone, I always pray for your work. You have such an important ministry and you have worked tirelessly at it. I am convinced that your work will bear much fruit. I want to encourage you to keep running the race! I have met so many awesome people in my walk with the Lord in the past few years. - **PG**

Thank you a whole bunch! I want to applaud Priests for Life. I have written several times and each time I know I will get a quick response with information that I need and a quick response. Thanks again! - Sincerely, **Jennifer**.

Thank you for your "fiat"...I am so encouraged with priests for life... I love this site as a resource as well. I think the photo section will help those who truly never realized what a baby looks like inside of you due to whatever reason....maybe even help legislation, we can only pray. God bless you and yours and your mother's!! love, -**Mrs. KP**

I have greatly appreciated Father Pavone’s reflection on the phrase, "This is my body," as meant by Jesus Vs. by pro-choicer's. As I reflect on this, it occurs to me that every mother who gives birth joins Christ in saying to their loved child, "This is my body; I give it to you." -- **Dr. JS**

Hello, Father, I just love you and your ministry! I’m so thankful for you and all that you do for the glory of God! I try to give to your ministry whenever we can. Thank you so much! What a blessing you are! -- **Lisa B**

Dear Fr. Frank Pavone and all our Priests for Life, How blessed we are to have all of you storming the gates of the abortion industry and keeping us informed as activists. As our Respect for Life chairman of [my parish], I try to keep our Church racks replenished with your brochures, lest alas our budget is waning. We especially place in our racks: "When Life Begins," "Abortion:
None of your business” and "Religious Beliefs: Abortion and the Law." Our faithful will say: "This is perfect. I know someone who does not share my belief. Now I can brush up my knowledge and share this with them." We are evangelizing constantly with others in other faiths, and among our own Catholics. May our Holy Trinity keep you all protected with their armor in your crusade against abortion and may our lady of Mt. Carmel cover all of her sons with love and protection.—SJ

You all are Angels of God! You did great work to reach out and send your messages to as many mothers as you could. That is wonderful! I am very proud of your work. The Priests are wanting these women to know that you are always there to help, and save these babies lives that have cried out for help. God Bless your Priests. —LS

Pro-life sites like Priests for Life play a critical role in the ongoing struggle to end abortion. —KD

Thank you for standing up for the unborn and the elderly. Thanks again for giving us a voice, and urging those more liberal parish priests to encourage their parishioners to vote pro life. -- Stephanie, WA

I just wanted to thank you for the work you are doing. I listen to your audio tapes in the car and learn so much. People are amazed at what I can say about the subject of pro-life issues and I tell them I learn it from you! Thank you, Father Frank and I will continue to pray for you and for PFL... -- John, NY

Keep up the good fight. We watch you on EWTN and love your pro-life message. It’s right on target. -- David & Family, HI

It was good to see articles regarding Fr. Pavone and voting and Fr. Quinn’s zeal and pro-life travels to all the parishes in our Catholic Standard and Times! They are awesome!!! -- KM

Thank you and God Bless You for your great vocations (all in your organization), and your reassuring presence in the midst of a modern day holocaust. -- MN

I listen to you consistently on Catholic radio. Please, please, please keep up the good work. I have learned so much from you. You deepen my commitment to the Culture of Life. One day abortion will be a thing of the past in this country and it will be because of good people like you. God bless you abundantly and your work. —Mary

Frank Pavone continues to bravely and respectfully challenge abortion through prayer and ministry to save women, children, and relationships from abortion's terrible consequences. He upholds the Right to Life for all humans and refuses to succumb to a Culture of Death which
threatens fetuses with abortion and elders with euthanasia. Pavone will continue ministering for the most vulnerable people to preserve their inherent worth - Alysse D.

Fr Franks ministry in this area is unparalleled! So many women have benefitted from the healing of this open wound in their lives, so many more to go! Thank you, Father Frank, for all you do on behalf of our Risen Lord! -- Sandy Hanson, Valiant Woman Ultrasound

I wrote this recommendation of your outstanding Pro Life work that you can include on your profile. Nobody that I have ever met has worked so tirelessly and effectively in doing good for others, and not themselves as you do every day. Thanks, Fred Hengel, Independent Real Estate Professional

I have always been pro-life. But, after the diagnosis of a fatal birth defect my unborn son was given, I became even more passionate about it. I delivered my baby boy full term. He lived 3 beautiful hrs. Now I am pregnant again and sadly this baby is very sick too. But she has a small chance to live, unlike my son. Again I was told to terminate, to not put my family through this again, but I will not allow anyone by my Lord to take my baby. I am glad I found Priests for Life. By reading everything contained in your site I have realized that I must do more to fight for the rights of the unborn. Thanks for all you have done! -- Liz

You’re the reason I don’t give up on priests completely in the pro-life movement! My children and I will pray for you daily! -- Leticia

Dear Fr. Pavone, thank you for your leadership in this battle, and the great resources you provide. -- Sam, WI

Dear Fr. Pavone, Just a note to tell you to keep up the good work! It's wonderful and encouraging to me as a lay person to see a priest so impassioned about what he believes. It gives me courage to speak out even more. I would also like to commend you on your homily on EWTN. It's been way too long not hearing these things from the pulpit. You spoke about how to vote as Catholics esp. - not to vote because of the letter that follows the name or vote as your father voted etc. It was great! May God always bless you in your work. Sincerely, -- Debbie

God bless you. Thanks for being God’s shepherd for life. We need more priests like you leading its flock toward life and away from the culture of death. I pray for the conversion of those who are lukewarm. – Robert, MO

It is often said of pro-life advocates that they care only about unborn children. Father Frank Pavone's actions in getting Baby Joseph Maraachli out of the hands of doctors who were about to end his life (http://bit.ly/eDmN1y), and his activism ago on behalf of Terri Schindler Schiavo
show that to be patently false where he is concerned. Father Pavone will fight tirelessly for anyone's right to live. He offers the hope of healing to mothers who have aborted their babies and redemption to abortionists who want to leave their practices. He welcomes dialogue with the most committed pro-choicers, and he opened the door for this Liberal for Life to be part of his team. -- **Leslie Palma-Simoncek, Secular Reporter, NY City**

Fr. Frank is a dedicated, tireless defender of the innocent pre-born child. He has shown a near inexhaustible energy to preach a consistent pro-life ethic, and has been a particular talent of personalizing his pro-life message to the particular crowd at hand that maximizes its impact. -- **Joe Giganti, Advisor at Catholic Financial Life**

Dear Father, Just want to say thank you to both you and your staff for all you do for all our babies and all else that comes under the heading of Respect Life. You can be very proud because you are truly a good priest, trying your best to do what you were ordained to do. I pray for all priests every day. God Bless, -- **Katie, FL**

Go get them brother Frank! I’m glad to see that you continue to go against the flow. My husband and I were very impressed with your message on blood guilt. We obviously aren’t afraid to go to the streets, schools and churches with the message and I’m glad to see you encouraging others to do the same. We’ll keep you in our prayers, especially as you try to reach the church. -- **Fellow servants of Christ, Scott & Kathy**

I just want to thank you Fr. Pavone for all you do in the fight for the unborn and for speaking the truth about abortion. I feel the same as you on these issues. I enjoy getting your Bi-weekly Column and I forward it to my friends. I will continue to pray for you and Priests for Life. Thank you again for all you do and I thank God for using you in this battle to end abortion. Sincerely, -- **Tina**

Thank you for you tireless efforts to stop the crime of Abortion in America.... I have been on the internet for 3 days reading all I can find on "priests for life" regarding the right to life etc........Again Father Pavone thank you for Huge Efforts ...we will be joining with you to help in some small way to fight the battle with you and the thousands of other concerned people. God Bless You and all who stand with you in this Battle for the lives of helpless babies. -- **Alyce P., CA**

Hello Fr. Frank, I want to say thank you for all your hard work in defense of life. You are like John, crying out in this wilderness of death. I will pray for you that God continues to use you to accomplish His work. -- **Mike C, North Carolina**

I cannot tell your how helpful Priest for Life has been to me in writing a Respect Life Corner each week in our church bulletin. I have used a lot of info that I find in Father’s bi-weekly columns. ..... Thank you for all the good things being done at PFL. -- **Kathy S.**
I want to thank you for everything you are doing for life. The awareness in this country has increased so much since Priests for Life has been involved in this ministry to bring this horrible culture of death to an end. –LG

The best pro-life speaker I've ever heard. May God continue to bless you and your ministries.–JC
Praise for our Resources

[Bishop Fabian Bruskewitz] is happy to endorse the book, which has something to inspire anyone who reads it. All aspects of the abortions issue are addressed in these powerful and precise essays. This book is to provide a boost of vitality to those who love and defend innocent life. -- Rev. Andrew Menke, Vice Chancellor

...I thank you for the personally autographed, complimentary copy of your recently published book, Ending Abortion, Not just Fighting It. I look forward to reading this collection of essays of which I am certain will be very informative and a source of encouragement to all those seeking to protect human life. I am especially grateful to you for your dedication and service on behalf of the pro-life movement. Please be assured of a special remembrance in my thoughts and prayers for you and those dear to you. May Almighty God bless you with an abundance of happiness and peace, and may Mary our Mother watch over and protect you always. With prayerful best wishes, I remain Sincerely yours in Christ, Anthony Cardinal Bevilacqua, Archbishop Emeritus of Philadelphia

Your book “Ending Abortion” is like dew on the parched landscape in America. It will educate and encourage all who read it to continue the battle for life with renewed vigor. With kindest personal regards, I am. Most Rev. James C. Timlin, Bishop Emeritus of Scranton

Fr. Pavone’s new book helps us to strengthen our convictions with clear teaching and compelling motivation. -- Most Reverend Anthony M. Pilla, Bishop Emeritus of Cleveland, Former President, United States Conference of Catholic Bishops

I am happy to endorse your work and, in particular, this new book. ...A critical challenge for us today is transforming a culture of death into a culture of life. In his thoughtful book essays, Fr. Frank Pavone offers us a very helpful and wide-ranging set of essays on promoting life in our contemporary society. The book: Ending Abortion, Not Just Fighting It, is both encouraging and challenging for all of us who are concerned about respect for human life in American society. -- Most Reverend Francis Kane, Auxiliary Bishop of Chicago

The book is indeed an important resource in promoting a deeper understanding of the need for all people to work for the protection of all human life, especially at its earliest and most vulnerable stage. This book also comes at an important time in our history, when the value of life is denigrated at all levels of society. As people who recognize the image and likeness of God in every human life, we must as the church work to protect those whose voice is ignored and whose identity is disregarded. I am confident that your words and your books will help support that work, and through your efforts and your leadership, we will indeed come closer to the goal of a nation that protects all people and all life from the moment of conception to natural death. I commend you for the fine work you are doing in prompting the pro-life movement, both at a local and at a national level, and I hope that through this book and our shared ministry of preaching the Gospel of Life, more people will actively join the cause and become

Thank you for the Evangelium Vitae study guide you sent me. Thank you also for sharing your reflections on Terri Schiavo’s death. I agree with you that we are at a teachable moment for our people, and I think that this is a very useful kind of resource to have available. May Jesus, through the intercession of Mary, grant you peace and joy. -- Most Reverend Jose H Gomez, S.T.D., Archbishop of San Antonio

Thank you for your … study guide for Evangelium Vitae. My heartfelt congratulations to you and your pastoral team for preparing this study guide to accompany Pope John Paul II’s encyclical, The Gospel of Life! What a marvelous tool to help our people absorb the crucial message of this important document! I’m delighted that the study guide can be used by an individual or in a group to glean the vibrant message of the Gospel of Life. I was also quite moved by the compelling message of your leaflet, Terri Schiavo’s Final Hours. Your comment about fresh water for the flowers at her bedside but not for Terri herself highlighted the hypocrisy of a culture that drains the gnat while swallowing the camel. May the Lord continue to bless all that you do to advance the cause of life! Fraternally yours in the Lord, -- Most Reverend Victor Galeone, Bishop of St. Augustine

Thank you for your kindness in sending me a copy of the study guide for Pope John Paul II’s encyclical Evangelium Vitae, as well as reflections on the death of Terri Schiavo. I am certain that both resources will be of great benefit to our Diocese. With every good wish, I remain Cordially yours in Christ, -- Most Rev. Thomas G. Doran, D.D., J.C.D., Bishop of Rockford

Father Frank Pavone has been a consistent and strong leader in the pro-life movement for many years, even in the face of the many obstacles which he faces, he has remained steadfast and clear of vision. This new book reminds us that abortion is not simply about a social problem, it is about relationships. People are involved. The person of the unborn. The persons of the mother and father. Person of those who run abortion mills and perform or participate in abortions. As well as those of us who demonstrate and teach against this tremendous evil which is being permitted by our government at various levels. This thoughtful book will help many to recognize the various aspects of the evil which is encroaching upon us. And, it does this from a very positive vantage point, i.e. that we are not just fighting abortion; we plan, with God’s help, to eliminate it. -- Archbishop John J. Myers, Archbishop of Newark

Please accept our check for your summer campaign. Just wanted to let you know that my husband and I pray the beautiful “Priests for Life” prayers in front of two glass block windows where on the other side innocent unborn babies’ lives are ended every Thursday at the Bloomington, Indiana Planned Parenthood facility. Thank you for all the laborious and wonderful work that Priests for Life are doing. You are an encouragement to us and make us very proud (with all humility) to be Catholic! We will keep you all in our prayers and please keep us in yours as we continue to persevere for the sake of the unborn. - **Douglas and Barbara B.**

My Bible study has a new believer, Jeff, who is very liberal and very pro-choice; he is a lawyer and wants to run for office one day. I decided I would start praying for him and that God would reveal the truth. One day, out of the blue, he sent me an email asking me all kinds of questions about abortion. I have given him your book Ending Abortion. Last night he sent me an email saying that he was reading your book and that now he had made the decision to be pro-life! Can you even believe it! I was jumping for joy!

Today, I received the great news that the Springfield Health Care Center located in the Diocese of Springfield-Cape Girardeau closed! It really closed. They are gone!! For the last two years on the anniversary date of Roe vs Wade, as President of Voice for Life, I mailed your "Prayer for the closing of an Abortion Mill" to all the pastors, Knights of Columbus Grand Knights, Parish Council of Catholic Women Presidents and list of pro-life Catholics asking them to pray to close the mill in Springfield, Missouri. Today those prayers have been answered. Twenty years ago, I walked in front of that mill every Saturday praying my rosary. I did that for 4 years. Many others
have walked and prayed there through the years. Yes, God answers prayer and action. Sincerely and jubilantly yours, -- Rosina

Thank you for sending my husband and I all the literature you have. It has been a big help to us and we have tried to let other people know that have many concerns also. It is a pleasure to always see your emails. Fr. you are always in our prayers. God bless you and may he enlighten you always. -- Richard & Diana

We are using your prayer to end abortion with our local abortion mill inserted in it. We make hundreds of copies and place them in magazines in the supermarkets each time we go through the line..at doctor’s offices magazines and in church missals ...Spreading the prayer..and praying for you and your work. God bless on this holiday season of thankfulness! – VB

At Eucharistic Adoration, I used Father’s “In the Palm of His Hand,” and am so grateful to have this volume. -- Ada F.

Thank you for your longstanding witness to life and especially for your Booklet: “In the Palm of His Hand.” While praying with this booklet many times during exposition of the Blessed Sacrament in our parish, Holy Spirit moved me to a much deeper awareness of life within me. – Carol, Gignac, CT

This is fantastic. I am going to use some of these prayers for a service I lead at a nursing home here in downtown Chicago an hour from now! Blessings in Christ, Rev. (Deacon) Gene, Chicago. {regarding pro-life liturgical resources

I appreciate Fr. Pavone and his work on the issue of Life. In addition I appreciate the 3 video tapes sent by Priests for Life to our prison Chapel here in Arizona. Because through these tapes we have been able to educate so many men about the Pro-life Position which Fr. Frank explains so well. May God continue to bless the Priests for life organization for many years to come.– Jim

I would like to thank you for the “Prayer to End Abortion” cards. I gave a whole stack out at our praise and worship meeting. We had a lay evangelist Kerry Beuche there and he took half a stack. Last night I brought another stack of the cards to hand out at ... mass here in Houma. A friend took some to put in her beauty parlor. She is a Eucharistic minister. Thanks again. God Bless you in all your undertakings. I will be praying for you. -- Nell R.

Your writings, pamphlets, etc. always come in handy with our respect life work. Thank you so much. Keep on with what you do as you do it BEST! -- Theresa

I am writing to let you know that I will pray for the conversion and closing of Dr. Herbert Remer's clinic in Des Moines, Iowa. I am a member of the Basilica of St. John in Des Moines, and
am new to your site. Your insert was placed in our bulletin last Sunday and is very informative. Thank you! Sheila

Thank you Fr. Pavone for sending out the various descriptions of abortion. I have always been pro-life, but I feel it is necessary to constantly remind myself of what this 'right' really is. Thank you, thank you, thank you again for sharing this as it will keep me reminded to pray for our country (not to mention sharing the below with others) so that we will see an end to abortion. Blessings in Christ, Jessica

Ever since I started receiving the Priests for Life pamphlets, write-outs, etc., I have read them and learned them and have them all in a special folder. Now I am re-reading them, since I am going to be directly involved with cases on a one-to-one basis. VW, FL

The most helpful things for me are three in particular: your writings and TV programs that lead us step-by-step through the issues to be addressed, the “action” suggestions from yourself and Janet Morana and the people you interview on your programs, and the ways of holiness you model and preach as you celebrate Mass on EWTN. PC, CO

I wish to thank you for the information that you send through the mail and Internet. I have to say that I at first believed that Terri [Schiavo] would not want to live, as she has for so long. I resented her parents for involving the government. My views have changed, as I read your letters. May God forgive me for feeling this way. JD, CT

I want to thank Father Pavone and Priests for Life for all the valuable information I received in the mail and for the television work they do to inform and educate. TU, PA

I was able to read today’s material [on the Campaign to convert Catholics who support abortion] and appreciate it fully. Our admiration for...you knows no bounds. Your exhaustive efforts on behalf of the unborn are extraordinary.... You never tired of the task and your God-given gift for genius in the pro-life battle stirs our hearts. AG

We...encountered your “Abortion v. War.” It was (and is) superb. Clear thinking and simple, unvarnished, unprejudiced truths always help, clarify, and win-over all men of good will. BD, NY

Thank you for your newsletters each month. I look forward to reading them and keeping in touch with the pro-life progress. VM, NY (Protestant)

Thank you for all the teaching on pro-life you provide us, as well as references to learn more. I gave [our friends] your article.... We appreciate being able to quote your wisdom. VF, IL
I can’t thank you and your staff for the great work to accomplish such a great victory for life…. I held a homemade sign that I obtained the material from Priests for Life that had diagrams of an abortion; you can’t believe the amount of interest it got. **JF, MA**

With deep appreciation for you organization’s information, inspiration, help, photos, etc., I am sending you my … project I was assigned in school…. My project provided several young women in my class information they did not have previously with most indicating they had “no idea.” **JW, KY**

Thank you for all you do to try to end abortion in our country…. Our Monday night prayer group prayed your novena for a pro-life president and other government officials…. Thank you for your prayers and god bless you. **FL, Washington, D.C.**

I give thanks to you Fr. Pavone and every single one of you, and all your tireless, grand pro-life education, advertising on EWTN, the mail, etc., and all the information for the 2004 election for Bush and other pro-life people. **JE, MS**

Thank you so much – your web-site was extremely helpful in providing educational materials that I could share with so many. **ME**

Thanks very much for the info cards on Terri Schiavo you sent me. They were all distributed and helped a lot of people to understand what the true situation was. Thanks for all the wonderful work you do!

I am Judy, living in the Philippines for 32 years. I was watching EWTN a couple of nights ago and Fr. Pavone was on with Janet Morana. I heard a little of her testimony and was so interested, that I went to the website which was advertised on the screen. I have just finished reading the information on the Contraception of Grief. I have a meeting with a priest in an hour, that’s how powerful this information was!!!

As a registered nurse working at a pro-life pregnancy help clinic, I would like you to know how much the abortion diagrams (9 week and twenty weeks) from your website are appreciated as a useful educational tool. At our center, we have laminated the diagrams and keep them available in both the counseling rooms and ultrasound area. Several of the counselors have told me that sharing these diagrams has made a difference in the final decision made by some of our patients in continuing a pregnancy. I highly recommend these visual aides as an important tool in education of young women considering abortion. All counseling centers and women’s clinics could benefit from their use. They are well-done and accurate depictions of first and second trimester abortions. Thank you so very much, **Natalie, RN, California**
I just finished reading Pro-life Today and Always by Fr. Frank Pavone. The Holy Spirit has given him a superb spiritual gift of defining the abortion crisis in precise, concise and convincing literary skills. The booklet can be read in 15 minutes and provides profound information on inspiring moral values. Fr. Pavone and his staff are entitled to admiration and respect for clarifying the abortion debate in a small pamphlet that would appeal to the average Christian. - Linda in Florida.

Your booklet, "Our Media is the Streets" was so uplifting and informative. Terry, Eugene, OR.

I am writing to you to express my heartfelt gratitude for creating the pro-life meditations on the Mysteries of the Rosary. While meditating on them, I have experienced many miracles and have been drawn deeper into a relationship with Jesus and most especially the souls of the little children who have been aborted. I was very hopeful and inspired by you father when I read that you were responsible for Norma McCorvey's conversion to the Holy Roman Catholic Church. I know it will be only a matter of time before Roe is reversed and abortion is no more. I pray that all priests will model your courage and example from the pulpit about the truth of abortion as you have so profoundly explained in your meditations. To glorify our Lord Jesus in the work that you have done I have included in my book your pro-life meditations.

Enclosed is a check for $700.00, labels for mailing and letters to be enclosed for 60 Pastors of the Corpus Christi Diocese to be placed on individual videos of Dr. Nathanson's interview on the Bioethical Challenges of the 21" Century by Father Frank Pavone. We thank you for the good work that is being done by the Priests for Life, and the co-operation of mailing out to the Pastors of the Corpus Christi Diocese. Father Frank Martinez is the Diocesan Priest in charge of the Human Life Committee, and together we and Bishop Edmond Carmody are grateful for the work that is being done by the Priests for Life, and believe that every pastor, deacon, and parish pro-life committee needs to be aware of these new scientific threats to innocent and helpless human beings. -- Sincerely, Cliff Zarsky

Dear Fr. Frank Pavone and all our Priests for Life, How blessed we are to have all of you storming the gates of the abortion industry and keeping us informed as activists. As our Respect for Life chairman of St. Mary Church, I try to keep our Church racks replenished with your brochures.... We especially place in our racks: When Life Begins, Abortion: None of Your Business? and Religious Beliefs: Abortion and the Law. Our faithful will say: "This is perfect. I know someone who does not share my belief. Now I can brush up my knowledge and share this with them." We are evangelizing constantly with others in other faiths, and among our own Catholics. – Thomas

I had the opportunity to chat briefly with Father Frank Pavone. Since I have been a committed Christian from the Protestant tradition, this was actually my first personal encounter with a priest - ever! What a blessing that it was Father Frank. In the course of our conversation, Father
Frank briefly explained the related evils of contraception and abortion. Still, the Catholic Church's teaching immediately struck a chord inside my heart that I could not ignore. I wanted so badly to talk more about it with Father Frank! Since time constraints made this impossible, Father Frank instead very graciously handed me a brochure titled, "Abortion and Contraception: Fruits of the Same Tree." Little did we know that God would use this simple gesture in a mighty way in my own life and also the lives of many others.—Dorothy

The booklet, *Preaching on Abortion* has also been very helpful. Each month we send a suggested homily on pro-life for a daily Mass and we use various sections of this booklet.—David, Diocese of Kansas City in Kansas

I type the bulletin for my church and have been looking for information such as your bulletin inserts to include. I have been on your site many times for information to include in it regarding Pro-Life issues and finally found this section. I am not sure how I missed it, but am extremely happy to have found it now. Thank-you for all that you do.—Patty Y.
Praise for the Contents of Our Website

Thanks for the very informative section on adoption. This is a subject about which I am very interested both as president of a local Right to Life chapter and as a nurse-childbirth educator. Because of this I’ve been reading the excellent book Adoption Awareness by Jeanne Warren Lindsey & Catherine Monserrat. Thank you for the steps you provided. It gives me more to think about & apply. – **Linda**

...We just recently got Catholic Radio, I began listening to it on 1400 AM Immaculate Heart Radio, I was listening to Fr. Frank and others talk about abortion. Honestly, I used to be indifferent... I listened and went to Priests for Life and read all the articles before I went to the galleries, when I saw the instruments used, I was physically sick, remembering how doctors in concentration camps did horrible experiments, I looked at the photos of the little babies and anyone who says they are not "life" is so in denial...I cried, I cried long and hard over my ignorance of this genocide to those who cannot speak! I also bought the book "Redeeming A Father's Heart" and cried as I did not know the Dad's do not have a say when it comes to abortion, I was very ignorant, not informed by my own fault, and I wish these photos would be shown in Middle School and High School to all students...thanks to Catholic Radio not "sugarcoating" the truth of abortion, I might be late, but because of Priests for Life, I am 100% Pro-Life now and will be to the day I die hoping and praying to bring an end to this horrible crime! Thank you Fr. Frank and Catholic Radio.

**Raise Your Hand Video**

Dear Father Pavone, I think you and your organization did a beautiful job on the video "Raise your Hand." It's simple, but very, very moving. I cried when I saw it, and I hope it moves other people to tears, too. I have sent it out in an email and asked my family and friends to show it to anyone who believes that unborn or preborn children are nothing more than a cluster of cells. I believe that educating people is the key. I feel in my heart that most people don't know what abortion entails. Your video addresses that issue well. No one can call that anything but the hand of a human, defenseless baby. Thank you so much. I have sent a donation last week..and I have asked my friends and family to do the same. God bless you, and thank you for all you're doing to fight the atrocities of abortion! **Susan N.**

- Please! Please support PFL!
- My hand is still raised.
- Great Video. Simple and striking.
- Hand raised and proud!
- I have my hand raised up high!
- I raise my hand and heart proudly. Without the sanctity of life we have nothing. AMEN!
• Yes, I am against abortion 100%. I fight for the unborn but use non religious arguments to prove my point to all those out there
• This video needs to be sent to Obama and Pelosi, Thanks Father.
• Consider both my hands raised.
• My hand is raised!! Thank you, Father, for everything you do for the preborn children and their mothers.
• Pro-Life! All of the way! Both hands up! Thanks, Father.
• How much poorer our cause would be without Fr. Frank.
• Amen Father Pavone!!! Raises hand and is "Silent No More"
• My hands are raised!
• What a horrible act of violence!

I almost aborted my daughter too when I was ignorant about what abortion is and does to women and children. Freaking makes me sick to my stomach to think about it!

My daughter's life was spared and now, after getting to know her, am willing to die for her if I have to.

All my friends who have had abortions have suffered terribly for their decisions to destroy their kids. There is a HUGE price to pay and no amount of tear will bring them back.

My hand is raised Father and God bless you. We must all work to stop this senseless slaughter of the innocents.

Thanks so much Fr. Frank and Priests for Life! I pray this country comes to it senses and will respect ALL life! May God bless you for all your hard work and dedication!

Hello Father Frank! I am so thankful to see that our Lord has put you on this earth to help make more people aware of the evil that comes from abortion. I wish there could be a Father Frank on every corner so your message can be heard by all and not so many people can be ignorant to the reality of what abortion is, genocide. - God Bless!

Dear Fr. Pavone, Please let me know what I can do to help in combating this unnatural act of abortion. I live in the Memphis, Tn. area. Thank you for what you are doing. God bless you.
Frank C.

I have just gone through a miscarriage and I cannot believe we live in a society where human beings can so freely throw away these babies lives.....I don't know how long God will hold his hand back...

Thank you for posting this video, Fr. Pavone! I don't understand how anyone could justify the murder of an innocent child. Like Renee, I raise both of my hands.

This should be on TV...so the truth may be known and it will set us free!
Amen, Fr. Pavone has been given an unstoppable CHARISM for our times. I am so grateful to God for you, Fr. Frank. As a member of Silent No More, I am humbled that you have found a place for us in the Pro-Life movement. Thank you for helping us to make reparation for what we have done, and what we failed to do. Thank you for ministering God's unfathomable mercy to us, and a call to responsibility and a new mission, bringing life out of our ashes. May God Bless you, May Our Lady fold you in her mantle and hold you in the crossing of her Arms. May St. Joseph always be with you and protect you.

You Are Right to show this but it breaks my heart as I know children who have died this way.

Very powerful. Hard to look at, but we must look at the truth, no matter how painful, to understand what we are fighting against. Thank you for this moving piece.

I have both arms outstretched. I will even stand on a tall ladder if needed.

Following are examples of the feedback we receive at Priests for Life from people who have visited www.priestsforlife.org/images and seen the aborted baby photos.

**Pro-choice to pro-life conversions**

I have been a pro abortion catholic...... After seeing the pictures of what it exactly was, I nearly cried thinking I supported this awful murder. I ask Jesus my Christ to forgive my past way of thinking. I finally "get it." This is pure murder. I pray that more people will get to know what it is they are supporting. -- My Shame.

Hello, I am a sixteen-year-old female and I just finished looking at the pictures on your site and reading what actually happens during an abortion. Up until five minutes ago I was extremely pro-choice. I thought things like, "let women make their own decisions about their own bodies" and things along those lines. Because of your site, I realize that abortion is not a choice about a woman's body...it is the LIFE of a BABY. Never before did I realize how truly horrible and careless abortion really is. Maybe it's because I'd never seen the pictures, or read the actual descriptions of abortion. Maybe I was too afraid to know the truth. I really don't know. But within 3 minutes of viewing your website, my face was covered in tears. Those pictures just really hurt to look at. To see an innocent child...dead before it was even born. It hurts me to know that people find this acceptable. I thank you so, so much for your wonderful website. I cannot express how grateful I am that you have shown me the truth about abortion. God bless you. Thank you once again. -- Katey

I have been a pro-choice believer my entire life until someone shared your web-site with me. I was first shocked then sickened by what I saw. God, how could I have been so misguided my entire life? I actually believed it was not a baby. I actually believed a first trimester abortion was fine. Boy did you open my eyes. I believe that God worked with me today to show me the right way. I have often wondered if I was wrong but always dismissed those thoughts until I saw these photographs. Several of my pro-life friends told me to pray for help in seeing how wrong
abortion is. I have prayed but with yours and God’s help I found this site and now I see. I am 30 years old and a mother of two children. I always thought this was a woman’s issue and never considered anything but the choice. Now I see it for what it is...just plain wrong. Thank you so much for this site. You have reached at least one person.

I'm 25, white...from a middle class family in NY. Before seeing this site I was 100% pro choice...thinking that no one person or group had the right to tell a woman what she can or cannot do with her body. However after seeing these photos, I can honestly say I have changed my opinion. If more people saw the end result of their decisions, I truly believe they would think twice.

I was totally pro-choice before seeing these horrifying pictures and reading the different stories. These are CHILDREN, they are people! I can’t understand why people are doing this. I sit here and question what has happened for this to be a legal practice in our wonderful nation, and around the world. How can people be so accepting and tolerant of this?

I can’t stop crying and had to stop looking at your website. I have completely changed my views on abortion and now am against it. How is it that I, as a 30 year-old woman never knew what an abortion really looked like? Those innocent tiny bodies are ripped apart? We would be appalled if we treated animals like that but we do it to humans all the time? I am absolutely horrified at what it entails and if I had known this, I never would have taken the topic so lightly. I thought it was just like a lump of silly putty until the very end. Thank you for your website and for simply being honest. I think more people need to look at the reality. -- Kim, PA

Until I looked at these photos, I considered myself to be pro-choice. I will never be able to look at the abortion issue the same. This was a wonderful reality check for me and I thank you very much for making these photos available so that people like me can personalize this issue and see it for what it really is. – Aimee

I have a dear friend who is very "pro-choice" and I said: "Do you think there should be any restrictions on abortions?" The answer was no. I happened to have my laptop available and said: "Have you ever seen what an abortion looks like?" The answer was: "No and I don’t believe it’s a baby until at least the 3rd trimester." I accessed your website and showed her the pictures. She was rightfully and truly horrified about what this REALLY looks like. And, she started to cry. She isn’t "pro-choice" anymore. Thank you again and God Bless you and your organization.

To see all those innocent babies who didn’t even get to see the light of day except in pieces sickens and disgusts me. I once was pro-choice but now, I am definitely Pro Life because what is happening out there is nothing less than murder. All women should know the facts before even contemplating an abortion. I am 17 years old and to know this at this age, helps me prepare for the future and decisions I make.
From this day forward, I will never condone an abortion, regardless of the reason. The next website a search for will be a pro-life organization where I can get involved. Those pictures have changed my life. I hope to never have to see them ever again.

OH MY GOSH. I just read your entire web page. OH MY GOSH is all I can really say out loud. You need to get this message through to as MANY people as you possibly can. I have seen articles and read about abortions before but I still felt like it was the woman's decision to decide whether or not she wanted to give birth to a baby. My mind was changed TODAY because of your web site. I can't tell you how much you touched me and turned me around in a full circle. Thank you. I will definitely share this message with other women I know.

**Silent Pro-life people provoked into action**

Let me state first that I am rarely if ever speechless, I am very outspoken and speak what I feel. The abortion images are jolting, and will haunt me the rest of my life. What kind of species are we that we would allow this horrific act to become acceptable practice? I always knew abortion was an unpleasant but unseen part of our world yet I was silent all these years, and my silence was in essence giving my acceptance, I promise you this, I will never be silent about this matter again.

Today I went to volunteer at the Right to Life Booth. I have been avoiding the booth for a couple of years following a devastating miscarriage and just a general "lack of enthusiasm" for the pro-life movement. I just finished looking at every single graphic photo you have on your website and all I can say is "I'm back!!!" The pictures have helped me get over myself and my own situation and have energized me to join the fight again to save the babies... and stop the holocaust. It's heinous and horrific crime with SO MANY VICTIMS!!!! -- Anne, New York

I have always been against abortion but seeing the graphics not only enrages me it also awoke the silent, big dog inside me. I no longer will be silenced either by politicians, feminists, pro-murder organizations such as Planned Parenthood, ACLU or any other slime group. I believe in peace and not in violence as Jesus called all of us to do. Thank You Priests for Life you have now given me a purpose to serve God.

...I have always been against abortion, but until January of this year I never really spoke out against it. You see, these kind of pictures you have on your site are exactly what sparked the pro-life spirit in me... Seeing those pictures was what I needed to open my eyes to the desperate plight of those poor innocent little sweet babes .... If those pictures can light a forest fire in my heart and soul like that, I am sure they will have that effect on other lukewarm men and women who call themselves "pro-life" but sit back and do nothing against the terrible atrocities of abortions...
Babies saved

I just want to say that your site has turned my thinking around. I wanted an abortion because I already have 4 children and it will be very hard to have another. But after I saw the pictures of Malachi and there is NO WAY I could do this to my baby. Thank you so very much for caring about these babies because if it wasn’t for you and your site I would probably be getting an abortion this week. I am 11 weeks pregnant and I am still struggling with this but I now know I cannot murder my child!

Oh my goodness, when I looked at your website, of the precious little babies that have been murdered, I cried so hard. I’m still crying. To think that I had the thought actually cross my mind of getting an abortion. I just had a baby 4 months ago by emergency c section, and pregnant again. Seeing those pictures really changed my mind. I’m only 18 and having a hard time dealing with everything, but those pictures helped me decide. Then I read the story about little Malachi, it tore me to pieces. I started bawling. I’m so touched by how some people care. Thank You SOOOOOOOOOOOO much. I know the choice for my little peanut is life. Thank you again. Thank you from the depths of my heart, ps...I’ve included a picture of my little boy if anyone would like to see him.

Up until I visited this site I had been pro-choice. I thought that I would do an Internet search to see exactly what an abortion entails. After seeing the images on your site, there was no decision to be made. I figured that whatever hardships having a baby at this time would bring me would be far easier than living with the guilt I knew I would never rid myself of if I was to get an abortion. The pictures had such a powerful effect on me. They helped me to be strong and realize that this pregnancy was made possible by God and if it wasn’t meant to be, that was His choice, not mine. I trusted that He has a plan for me and that He wouldn’t give me anything I couldn’t handle. As I sit here typing, my beautiful baby boy is alive and kicking inside me. As I said in the beginning of this letter, I am not sure what brought me back to this site, but viewing the pictures again made me so happy that I did not take that path. It only re-affirmed my decision and also made me realize the value of your site. It has saved me a lifetime of therapists, anti-depressants, and overwhelming guilt. THANK YOU.

I am the mother of two beautiful children, both of who were unplanned and came at the wrong time. When I found out I was pregnant for the second time I was upset and even thought about abortion. Someone dear to me showed me your website and I cried for an hour. To this day I still get tearful when I look at my four month old son. I almost made the worst decision of my life. I wish everyone could see these pictures and hopefully change lives. I have talked to several people who are currently pregnant and few even thought about abortion, I asked them if they had seen pictures and they said no and I showed them, they had the same reaction to me. I do not think that thought will ever come up in my mind again. The gift of a child is so precious, if one doesn’t want the child themselves they should consider adoption not abortion.

Today I saw the pictures on aborted fetuses,,I was appalled and disgusted. I’m 8weeks pregnant and thought about having an abortion. NOT ANY MORE!!! I thought that it would be
tissue, but I can clearly see a small human being, and could not consider killing my baby I considered an abortion when I fell pregnant with my son, I visited your website and was physically sick. Now when I see these images it makes me hug my 8 month old precious baby boy a little bit harder. Please find attached a photo of my son, who without yourselves would not be here.

A friend of mine recommended me to your site because I told her I was going to have an abortion on this coming Friday. I couldn’t help but to just stare at the innocent babies that were killed. Just a couple of hours ago I was saying to myself "I wish I can just get a sign to whether this is a good idea or not." I am 3 months pregnant now and I am actually going to go through with this pregnancy. Thank you.

Thank you so much for your website. I am 14 weeks pregnant and my partner wants me to have an abortion. ... so I thought about it. I got on the internet trying to see how much it cost and I was lead to your site. I wanted to see what happens and what they look like at 14 weeks. Thanks to your site. I am not going to do it. I already have 4 beautiful girls... But you know what, God does not put more on you than you can handle. I am unable to commit murder. That is like killing my own children at their age. This is a remarkable website. Everyone should see this site before they consider having an abortion. Everyone needs to see this to determine if they are able to live with themselves after doing this.

I met Fr. Pavone in 1994 in Orlando, FL. He saved my LIFE and my daughter's LIFE! A single mom of one, I found myself with a second unwanted pregnancy. Disappointed in myself and scared, I let my “friends” convince me to have an abortion. That morning I prayed to God, Jesus, and Mary, being a catholic my whole life, I knew abortion was wrong but I scared and confused. My so called “friends” kept reminding me how I could not keep this baby it would ruin my life. I cried all night, all the way to the abortion clinic and at the abortion clinic. I felt so alone and guilty. From the window I saw a picture of Mary and Fr. Pavone! Raised in catholic schools from kindergarten to 12 grade, nuns and priests have been a consent comfort and respect in my life. I came out of that clinic because of Fr. Pavone! I knew God had sent him to help me and he did! He embraced me and told me that everything will be okay. I felt so guilty that I ask him to forgive me and he performed the sacrament of Confession. Priest for Life saved my LIFE and my beautiful Daughter’s LIFE Guadalupe! She is now 16 years old and my only daughter... Fr. Pavone hug me and told me not to be scared God will provide and he did!!!!!!! My daughter has a great father that cares for her and loves her dearly. God has always provide me with everything I ever need for her! We need more Priests like Fr. Pavone! I changed my profile picture with my daughter’s picture so you can see what Fr. Pavone does! She is beautiful, smart and kind young lady and she is here because of Fr. Pavone's passion and commitment to his calling! - Helene Davis

Thank you again for all the hard work you do. It does play a crucial role in many people’s lives - It saved mine and my babies! –Unknown
I just wanted you to know that "Max" was born this Saturday, Dec. 6 at 9:50 a.m. in San Francisco, CA, and you had a part in saving this beautiful infant’s life. Everyone pressured me into getting an abortion, claiming the familiar "it’s only tissues" line, but your website woke me up to that inconsistency. Max is the most beautiful boy, and you should feel proud that you are one of the reasons that he is here on Earth. Congratulations to me, you and Max!! A Thankful Friend, Max’s Mother

Just wanted to let you know that, with the help of this website, I and another person talked a friend out of getting an abortion. She was literally on her way to the clinic. We bombarded her (gently) with information that we learned from your website. Could you now know help us? We are praying for a healthy baby and could use a few extra prayers. Thank you! (and thank you Lord Jesus!!!!!!!) Emily

I just wanted to let you all know I had my little boy on 7/28 and he is the light of my life! I am so glad I didn’t abort him! Thanks to people and organizations like you there is another beautiful child brought into this world! I named him Malakai he was 8 lbs 9 oz and 19 inches long. I named him after the Malachi from your site, I just changed the spelling of the name! Thanks so much and I will be in touch! Michelle

Thank you so much. I think you have really helped me. I think we have decided to tell them to forget about their termination and we will take our chances. I think God will look after us for that. There has to be a reason for this pregnancy. After all, my husband was considered sterile and unable to conceive and now we have conceived and this has to all be for a reason. Thanks a lot for your support. I will keep you updated on our progress as we go along. Also, thanks for the articles. ...I really don’t know how to thank you for all of this. I guess God must have guided me to your web site somehow to assist me in this decision. Something got me there and they say God works in mysterious ways. I am going to hope and pray and do my best to take this to the term and hope that the outcome is great. And your article made me realize that I am not a mother once, but 3 times already and working on number 4. - Jo

..I would like to send my sincere thanks for helping me make the right decision, I have a little boy 4mos old and he is everything to me, even his father who was dragging me to the abortion clinic loves him to death. –Ruth
Feedback from Law Students on Fr. Frank’s presentation

I most benefited from the discussion of how abortion impacts how the person getting the abortion values their own life and the lives of others beyond the value put on the unborn child's life. This perspective is unique and would be helpful in talking with others about the impact of abortion and how it extends beyond the hurt to the unborn child because the mother and others are also impacted through a change in perspective on the answer to the fundamental question of whether it is better to be alive than dead in certain circumstances and about whose decision that is to make.

I thought Fr. Pavone was excellent.

Well-spoken and interesting presenter.

He gave me tools to fight the pro-abortion speech that says that being pro-life is being against the mother.

Loved the pro-life focus!

I liked the practical advice and resources that he gave us as well as his speaking about his experience (especially his involvement in the Terri Schiavo case).

I appreciated Fr. Pavone's insight that our culture has disagreements about the basis philosophical principle that it's better to be alive than dead. Indeed, much of our culture no longer believes this, as evidenced by the differences over abortion and euthanasia.

I really like what he had to say.

I can tell this guy cares about this topic.

The argument made for pro-woman pro-life.

Father was able to provide a good pro-life prospective and tell a few interesting stories I thought it was very interesting!

Father Pavone was amazing. I value the strategy of his talk, in focusing on the websites, cases, and healing retreats that advance life in the courts and healing for those affected by abortion.

Q&A
I like the best represented argumentation for opinion that there is no such a thing as "private abortion".

I liked the term "shockwaves of abortion" -- which I think I'll have to add to my repertoire -- to discredit the idea of a private abortion. I liked the notion of calling things by their medical textbook names, such as dismemberment, to force the pro-abortion folks to address the issue. Father Pavone was an inspiring speaker and I was impressed by his dedication to fight for unborn children. His saying, "when a state authorizes abortion, it is the death of true freedom" is very memorable. His question, "what do you say to a child whose sibling was aborted?" was powerful as well.

Fr. Pavone is a good, compelling communicator.

Father Pavone put into words things that had been on my heart for a while, in a much more eloquent manner than I ever could have.

I thought Fr. Pavone was engaging and personable.

I really liked the topic and how he laid out the argument.

I liked that he was on the front lines of the issue that I feel most passionately about.

His emphasis on the ripple effects of abortion was insightful. Namely, that an abortion is not a "private" act that doesn't affect anyone else.

Father Frank had a well-organized speech. I appreciated learning more about Priest for Life Ministries. I wish more pro-life speakers emphasized like Father Frank that we aren't looking to punish those who have had abortions but rather heal them and raise them up. I also liked how he utilized the stage and did not stay simply behind the podium.

I liked his explanation of how pro-baby/pro-mother is the wrong view.

I thought his information on the focus of late-term abortion was helpful.

It was great to have a Catholic perspective on the abortion issue and I especially enjoyed getting a glimpse of Fr. Pavone's favorite books and sources for his convictions.

Being Pro-Life is pro-woman.

He gave new solid arguments.
I loved the point that all rights can be boiled down to the right to live. Very helpful having the current statutory solutions / legislation.

I have read columns by Father Pavone and read about Priests for Life, so it was interesting to hear from him.

An interesting prospective (abortion is the only product you sell by not talking about it) and also some great resources provided.

I enjoyed having a presentation from a Catholic clergy member--I think hearing from and including Catholic perspectives is especially valuable to me as a Protestant.

Clearly a passionate speaker, winsome and well spoken. I enjoyed listening to him.

Very engaging and informative.

Hearing how to participate in the pro-life movement.

Great speaker.

His passion for changing our culture against abortion.

I appreciated him mentioning all the different websites, books, and other resources for continuing information.

The explanation of Silent No More movement.

Very practical.

Shockwaves analogy.

He does important work and his was a good message for us to hear.

The kind of broad-brush overview of some of the tenants of the pro-life movement, such as tracing it to the philosophical core of it being better to be alive than dead.

The point that Christians can utilize both churches and social media as gathering places, the discussion of the term pro-life, the point that people are confused about whether it is better to be dead or alive, and the resources to read real-life stories.
I liked that his approach emphasized, perhaps more than other speakers who spoke on abortion, the broad societal affect of being a society that embraces abortion.

I like that Fr. Pavone broke up his speech into talking about the baby, the mother, and the law.

He made great points about abortion and morality.

Speaker's passion for the subject matter was contagious.

I really how Fr Pavone highlighted how you cannot separate the good of the child from the good of the mother. Those in favour of abortion try to place this diving line between the two but we can't let ourselves be sucked into debates which place this division between the two.

His argument under not being against the punishment for abortion, but for the life of the killed baby.

Examples of the power of words within legislation and how they force the debate to go in particular pro-life directions.

I liked the practical aspects he shared.

Relevant and important topic.

Appreciated the practical advice on messaging. Find it very useful.

Enjoyed hearing about current legislative issues and where we are headed next.

I liked the idea that the legalization of abortion also means the disintegration of the State.

The speaker was just excellent and engaging. His perspective was inspiring.

He offered substantive, helpful suggestions for legislation that can make a real difference for the pro-life movement and for the unborn.

Good speaker and very good materials.

I liked the way he framed the issues.

Enthusiastic, positive, life embracing, redemptive message.

Good insight about the pro-life movement. I enjoyed and appreciated his passion for the issue.
His passion for the pro-life movement was encouraging.

Practical observations and actual points of action.

I think the fight for life is SO important and I appreciate all of our talks from knowledgeable people on the subject.

Painted an optimistic picture of the pro-life movement and gave a good example of what it means to be pro-life in every sense, including having a concern for the well-being of the mother.

Reinforcing the idea that Christians do not simply love the baby and not care about the mother. Instead, we love both because both are worthy of love and life.

Practical; hearing about specific ministries and strategies.

Talking about practical steps for advancing the cause of life.

I liked the idea of looking at all issues as pro-life, as life is a prerequisite for all rights.

I enjoyed hearing about the strategies that are being utilized in the pro-life movement.

It was helpful to hear an update on what is being done on the issue from Fr. Pavone's perspective.

His explanation of the "shockwaves of abortion" was excellent. I had not considered the effect abortion can have beyond the immediate family. Organizing all of these affected persons into a chorus against abortion is an excellent strategy. I am excited to share this information with Maurer's prolife group.

Practical, well-spoken, and understandable.

The discussion of certain legislation which has had the most movement regarding abortion limitations in state legislatures in the past several years (such as later term abortion legislation and the pain capable act) was helpful in understanding the current legislative atmosphere and direction in this area.

I liked the phrase "the freedom of speech doesn't stop at the doors of the cathedral," altered from Tinker.
I liked that there was a lot of time left for questions.

I was very impressed with Father Pavone and appreciate Blackstone bringing him to speak to us!

Thanks for sharing with us!

I liked the speaker's work on victims of abortion (other than the baby): the mother, family and friends. I feel this is not done enough in the world for people who have gone through this.

It was a treat to hear Fr. Pavone speak. I enjoyed learning about Priests for Life. Thanks for bringing him in.

Fr. Pavone strikes the right note. He discusses the role of post-abortive women in communicating the horrendous and devastating (not empowering) effect of abortion. But rather than discussing people as levers, or pawns, he talks about life as a fundamental right, that undergirds all other rights, and that there is forgiveness, healing and redemption - even hope, in Jesus.

Thank you for leaving time for questions!
Praise from Priests, Deacons and Seminarians

Dear Fr. Frank, God Bless you on your anniversary of ordination. You have been a great blessing to so many of us, giving us a new courage to speak up and speak together for life. May the Lord bless you for many years to come. - In Christ Jesus, Fr. Mitch Pacwa, SJ

Thanks for giving me words for my homilies. -- Fr. Tim

You and your people are doing great work for the Lord. I hate the thought of the Church without it. So may the good Lord guide you in doing your most important work. I pray that yours will be a good meeting and that your indispensable work will increase. You always make great common sense. If I were a millionaire, you surely would get part of it. All of you are in my daily prayers. In the Lord of Love and Life, -- Fr. Paul B. Marx, OSB, Founder of Human Life International

Fr. Pavone is doing such an important service for the Church. He has been remarkable in his initiatives and leadership in the pro-life cause. -- Fr. Michael Scanlan, Franciscan University

Franciscan University is so proud to honor Fr. Frank Pavone. He realizes in everything he does and stands for that all life comes from God and thus has a sacred character. -- Fr. Terence Henry, Franciscan University

My goodness, but you're going from strength to strength. I well remember our conversation here some years ago when you were just launching this apostolate, and it is most gratifying to see how it has born such magnificent fruit. The immediate occasion of this is to congratulate you on the reward proposal for killers of abortionists, and for the really fine materials on "preaching on abortion." I have no doubt that the latter will both embolden and enable many priests to do their duty. .... As ever, -- The Rev. Richard John Neuhaus, President, Religion and Public Life

My name is Father Dennis Cooney. I'm the pastor of Saint Raphael's parish in Lehigh Acres, Florida, and I just want to express my gratitude, my thanks, my admiration for Father Frank Pavone and the work of Priests for Life. This has been a wonderful, valuable work that is keeping the Gospel alive, the Gospel of life alive, in the hearts and the minds of not only many priests but many, many of our people, Catholic and Christian and even non-Christian. So God bless Priests for Life. May their work be blessed and may its message continue, the message of the Gospel of life, of the Lord of life, Jesus Christ. Fr. Denis Cooney, Pastor, Leheigh Acres, FL

My name is Father Rick Rohrer. I'm the pastor of Saints Cyril and Methodius Byzantine Catholic Church in Cary, North Carolina, and one of our first visitors when I moved to North Carolina from Rome was Father Pavone. And he came down to encourage us and he was an inspiration, and the work he's been doing and the support that he gives has been constant and has been a great gift to us, and we remember him with affection. We appreciate that work that's always
done, and we keep him in our prayers as we continue in the work that he has inspired us to do.

-- Fr. Rick Rohrer, pastor, Saints Cyril and Methodius Byzantine Catholic Church in Cary, North Carolina

Dear Fr. Frank, It was indeed a pleasure to have you with us last weekend. The proof of a good speaker/homilist is when the talk is longer than usual and there are hardly any complaints about it. You made quite an impression on the entire parish – we have nothing but positive reviews of your inspiring presentation. We thank you for all the information you brought to [us] in the area of Pro-life. The literature, both in the Church bulletin and at the exit of the Church, has given our parish much to think about and several positive ways to react. -- Fr. Campion, Fr. Lonergan, Fr. Colton and [the entire] parish family.

Even more than Fr. Pavone's powerful message, I was deeply impressed with his person. Throughout a rather grueling (and sometimes disorganized) weekend, he kept his patience, focus and sense of humor. He adapted beautifully to the time constraints of our morning Mass schedule and he showed resilience when things did not go as smoothly as hoped. Off-the-wall comments didn't seem faze him or throw him off. He took genuine interest in what locals groups are doing and was anxious to talk about new approaches. We had a good conversation about practical things that could be done on a parish level. -- Fr. Phil Bloom, Pastor, Holy Family, Seattle

Thank you so much for your presentation to our Archdiocesan Convocation of Priests in Santa Fe. It was such a blessing to have you in our midst and to hear your words of wisdom on the dignity of life. I am so grateful that you touched upon the philosophical issues as well and the present political situation. I imagine it was not a coincidence that President Bush signed the law on that same day banning partial birth abortions. I am sure that many would have wanted you in Washington that day, but we are grateful that you gave your time to us in Santa Fe. I can only imagine the challenges and difficulties you face in the great ministry of Priests for Life. What I admire in you is that you keep such a positive and joyful spirit despite the many difficulties in promoting life. Thank you for being such a good example to me and to so many priests in never giving up on the Victory already won by Jesus Christ. Asking the Lord's blessings upon you and thanking you one again, I am Yours in Christ, -- Rev. Bennett J. Voorhies, Chancellor, Archdiocese of Santa Fe

Dear Fr. Frank, Often, I encounter Priests for Life, in various ways. You are a man of Blessing. So, this word and rejoicing from “an old admirer”. - Fr. Jeremiah Reen, SDB

Fr. Frank: I have been an admirer of your commitment to being a clear and eloquent voice in our time speaking in defense of life and for the unborn... The Lord has put the conviction in my heart that this is the issue of our time that I need to devote my time and meager ability to addressing it. I take inspiration from you and on more than one occasion have made your words my own. I am associated with a chapel of perpetual adoration ad you are frequently remembered there at the altar. Fr. Mike Roy

Dear Father Pavone, We are so grateful to you for blessing us by celebrating mass with us today. Your message reminding us that the darkness of the Culture of Death will not have the last word because Christ lives is a source of encouragement to us all. Your ministry is a great blessing to the whole church, and to us here at Holy Apostles, in particular. We are truly edified by your heroic service to the Church. We deeply appreciate you taking time to be here with us especially due to the time constraints on your schedule in light of the upcoming election. Thank you, Father Pavone for your continuing support of Holy Apostles Seminary. May our Lord and His Blessed Mother abundantly bless you and your ministry. - Sincerely yours in Christ, Rev. Douglas L. Mosey, Rector, Holy Apostles Seminary

The "Priests’ For Life Newsletter" is excellent. I use the word "excellent" very deliberately. It really is excellent. -- Father Thomas

Dear Fr. Frank, Greetings from Minna Diocese Nigeria. I have received a kit from the Priests for Life Association. I am indeed very grateful because the materials are very handy and useful in the fight for Life. We had a meeting for Priests in the Catholic Diocese of Minna and I introduced the Association to them. We are going to hold seminars for Priests and Religious on
the need to be Pro Life as Priests. Also last week I started the Students for Life Association in the University here...I used some of your materials from the Priests for Life website...It has been wonderful working with the students and I believe that very soon we will be reaching out to other students in other high institutions of learning in the country. Thank you very much for the encouragement you are giving us through your programmes on EWTN and the materials you sent to us. -- Yours in Christ, Rev. Fr. Chiedozie, Nigeria

Fr Frank, as a brother priest, I applaud and encourage you to continue the good work of promoting the Gospel of Life in and through your service to Priests for Life. Thank you for the good word on the progress achieved through prayer and charitable protest, as demonstrated by the recent events in Texas, which also expose the lie of "free choice". Please be assured of my prayers and support. Fraternally in Christ, -- Fr. Matthew, NC

In desperation my husband asked [our pastor] if he would at least read some material written for priests from Priests for Life. He said that he would. Months later, with no further contact from him, he did preach one pro life homily. I want you to know once again how much we appreciate your work and how it impacted on one church and brought us a sense of hope. To the best of my knowledge, that was the only pro-life homily he ever gave, but we will always be grateful to you for helping him find a way to speak the truth. Sincerely, -- Bobbie

Thanks for your [your brochure] "Answering Pro-abortion Politicians." It will be a big help in my work. -- Fr. Daniel, OK

I wish to express my appreciation for all you do. I recently requested and received the lovely package with the video, audios and other materials for priests. I gave it to my pastor, Fr. Joseph... He and I later met to discuss bringing the message to our parish and have agreed to start a Respect Life Committee, of which I will be Chair. -- BT

I applaud what you do, and you do it well. I use the materials as a homily resource. "Justice and Peace shall kiss!" -- Fr. Juan

We are continuously praying for you and for your dear and near ones. Our love and prayers are always with you. We have been praying for the success of all your efforts. You are precious in the sight of the Lord! May the coming days be great for you and be filled with the blessings of the Lord! Thank you! -- Fr. Thank you immensely for sending me some of your Newsletters. I really found them enriching and easy to read. In fact, I meet my Assistant Parish Priest and gave him one. He was delighted. I told him to get in touch with you for more information and how he can become a member. I’m also contacting other lay Parishioners who are involved in the pro-life activities here in my parish. ... May our Lady’s Mantle cover you always. Yours in Jesus and Mary, -- Fr. Paul, Africa

I’m an Italian priest. I have visited your web-site. I make you my best congratulations for your web-site. ... Sincerely in Christ -- Fr. Paolo

I just listened to another of your excellent pro-life homilies on EWTN, the one in which you draw a parallel between abortion and the worship of Diana/Artemis in the ancient world and quote from a book in which an abortionist (in a sermon of all things!) refers to abortion as a "good" and as a "sacrament". The clarity with which you address the abortion issue is both magnificent and inspiring. Keep up the good work! ... I don’t know anyone who is as effective a spokesperson nor as "right on" as you are with regard to every aspect of the pro-life cause. ...Please know that I continue to offer you my prayerful support and very best wishes in the excellent work you are doing. -- Fr. Phil

Just new to your website and I found that it is interesting and educational. Keep up the good work. -- Rev. Bernard, Philippines

More power to all of you there and may God bless you and our mission. -- **Fr. Joenick**

Dear Fr. Frank, Please keep up the great work in the Church’s spiritual battle to capture the hearts of all who have fallen to the apathy or unawareness of the extent of the culture of death that pervades our country. I preached on the issue of abortion and the Respect for all life from conception to natural death this past Sunday on Respect for Life Sunday, and told it like it is to the parishes I preached in. -- **Fr. Mike, MI**

Encountering your website gives me an inkling that this is one of what I need at the moment to harness more knowledge on some relevant issues that could help me in my present assignment. I'm now working in one of our big university in metro Manila with a population of 26,000 thousand students. Thanks for your website. More power and God bless you -- **Fr. Rod**

I am offering this note in affirmation of the principle you articulate that people will not do anything about the carnage of pre-birth human life until they actually see abortion - the dismembered, shredded life in miniature that deserves to lie within the womb in safety yet so terribly, terribly vulnerable to this culture of death that is so all-pervasive in our world today. -- **In Christo frater, Fr. B. J., Australia**

I thank the good Lord for the work that you people are doing. I am visiting this site for the first time and hope that I will gain from your resources of knowledge. -- **Rev Fr Stan, Nigeria**

I have recently read in the EWTN news that a group of pro-abortionists is beginning to attack Fr. Pavone, and actually lying about his record and his involvement with acts of violence! I only wanted to say that all of you are in my prayers, and that I know that a big spiritual battle is being engaged against Priests for Life, and I am willing to help in anyway I can to defend LIFE and the TRUTH! It is obvious that your work is really producing great effects, otherwise the counterattacks from the enemy would not be so vicious! So PLEASE, keep up your great work all for the Greater glory of God, and again if I can be of any assistance, please let me know! Blessings! -- **Bro. Fernando**
Fr. Pavone, I have intended to write you for years and tell you what great things God does thru you. Your ability to say the same pro-life message in so many different good ways amazes me and radiates the Holy Spirit at work in you. God prosper you always. -- Rev. J.J., NC

Thank-you for providing quality information to assist in the preparation of homilies during this Respect Life Month & pre-election season! -- Rev. Brian, MI

I quickly agreed to go to Washington and join priests from many different states who were to stand on the stage with Fr. Frank Pavone. He was to be the official spokesman. Twenty of us went to the National Press Club representing many parts of the country, including California and Idaho. After Fr. Pavone's presentation there were some very pointed questions such as "How do you explain the polls that state that Catholic women receive abortions in about the same numbers as the rest of the nation?" and "How do you feel being involved in a cause that has brought death and violence to abortion providers?" Fr. Pavone answered the questions with remarkable poise and accuracy. The press conference went on for an entire hour, which, we were told, far exceeds the usual time frame. I found the Conference challenging and stimulating. In my trip to Washington, I found Priests for Life using the media to the hilt. It was done in a friendly way and with no compromise with the truth of the Gospel. -- Msgr. James, OH

Just finished reading the text of Fr. Pavone’s statement to the press last week. It was nothing short of absolutely awesome and awe inspiring! -- Rev. Joseph

Wholeheartedly, I wish to congratulate your "urgent message" which appeared in the New York Times, July 21st. I am certain that the courageous and clear statement will produce great good,

Your homily, your friendly sharing with your brother priests, and your address at the Pro-Life Rally was most inspiring and elicited many favorable comments. -- Msgr. Leo, NY

Your talk to the deanery has already born some fruit. For the past two years, we have sponsored a pro-life Mass and procession on January 22. Right after your visit, the Santa Fe deanery decided they would sponsor and arrange this annual event. This is an unprecedented level of pro-life involvement for our local priests and I think it will lead to even greater involvement in the future. -- Michael, NM

This note is occasioned by the report about your talk at the CCL Convention in Cincinnati recently. I am delighted with it. Through the years I have noticed you do a magnificent job fighting abortion. Bravo! -- Rev. R. F., IL

We are continuing Father’s aggressive Pro-Life Crusade in the Mobile area with a News Conference on Friday at Providence Hospital (Alabama Citizens for Life & Physicians for Life) and had good coverage and quotes in the Mobile press after a great Life-Chain rally and street formation. Additionally, I had three independent sources inform me of priests who are not normally pro-active on life issues - speaking out boldly against Abortion on Sunday...so a PRO-LIFE grassfire is burning in Mobile! Praise God! In the Battle for LIFE -- Capt. J.D. Smith

Your full-page (NY Times) advertisement was a welcome relief to see. It was a great article and the best of luck to you. -- Fr. Mark, CT

Dear Father Pavone, during Holy Week, I had a chance to watch EWTN. Although I have contributed to Priests for Life, I had never seen you preach before. I was thrilled! Your talk was the most convincing I have ever heard. And what I found especially powerful was your offer of help before or after an abortion...with a toll free number! God is doing a wonderful work through you. May He continue to bless you and all who work with you. In Gratitude, -- Fr. Eric, IN

Dear Fr. Frank, I marvel at your eloquent, convincing, and "no-holds-barred" presentation of pro-life issues and newsletter, and via the EWTN Global Network which I listen to often as I can. -- Rev. Julian

Dear Father Frank: Your newsletter has been a great help to me in my pro-life homilies! Blessings on your super apostolate. -- Fr. David

The pastor spoke again. This time he was quoting you. He said, "Last time we were gathered here, I remember Fr. Pavone saying, 'Imagine we are standing outside a killing center in Montclair,' and for the first time I realized he’s right. There is a killing center in my own town where I am a pastor." – Christopher

Many thanks for coming to Holy Apostles Seminary and giving so fine a talk to our students. They were very much impressed and helped by what you said. It was a very clear and intelligent and thoughtful talk, and our future priests need very much to be moved in the directions, which you were urging them to go. In all your work for priests you have been doing an immense service to all of us in the Church. We are very much in your debt. Your visit here was a very valuable one for us. Many thanks. --- Very Rev. Ronald D. Lawler, O.F.M.Cap., President-Rector

I recently copied your letter. I sent it to our Pastor. The very day I gave it to him, he used it as a Homily. -- LL
Those of us who met and heard you in Oregon - priests and laity alike - are mighty glad you came our way. I am personally very grateful to have met you and seen you in action. The homily you gave in Salem was one of the finest I’ve ever heard and certainly gave me a high standard to aim for in following your good example. -- **Fr. Liam Carey (now Bishop Liam Carey)**

Fr. Pavone’s Mass was beautiful and the homily on Hebrews was the best I have heard. Thanks for EWTN-TV. The Mass for the 29th of Jan should be repeated often since it explains the Mass so beautifully. It was true evangelization! Check out that great homily! -- **Fr. Martin, AL**

I would like to thank Fr. Pavone for inviting me to participate in the webinar. .... It was refreshing and edifying to be connected again to the great work that Priests for Life is doing. I marched right over the office for youth ministry at my parish and handed them a DVD for Silent No More and gave them a pitch to have someone come and speak to the teens and young adults. I am also going to use the liturgy resources right away for the prayers of the faithful. Thank you for all you do to save souls and build up the kingdom of Jesus Christ. Sincerely in Christ, **Fr. Eric Andersen, Beaverton, OR.**

Dear Father: I want to write to say thank you for doing what others won't. I pray that one day we can say to God, we have fought the good fight, and won. **Rev. Mark Ryan, Wesley UMC, Iron River, MI**

Dear Father, I wanted to write you and thank you for the wonderful work you are doing. You have the gift of the priesthood but in addition God has called you to lead us priests in life. That comes from God Himself so you have this as a special vocation in addition to your priestly one. Father you are doing great work and I just wanted to write you and let you know how much I appreciate it. - **Father Bill Liebert, SVD-Divine Word Residence-Techny, Illinois.**

I am encouraged and inspired by your further explanation about life issue. I have commitment of defending life. I firmly believe that this is our duty. During ten years of my pastoral life, we had seminar, preaching and discussing regarding defending life. But due to lack of sources, we could not do much. I believe you can provide me some sources, such as bulletin, books and news. I will have in touch with you. Looking forward of hearing from you. May God bless! **Sincerely, Fr. Modu**

At a time when our pre born brothers and sisters lost their protection to come into this world free from any danger, at a time when so many in our culture lost perspective, even in the church, here you responded to a call to speak out to begin a process to lay foundation of a civilization of life and love. This is how we were created to be, this, I pray is our future that we must strive somehow to create, You have guided us in light of our gospel and church. I pray that the best in us human beings will emerge to live a consistent ethic of life from the beginning of life to the end. Thank you for your courageous inspirational leadership. - Fr. Jim Heyd

I just wanted to let you know that your e-mail newsletters are very informative and truly expose the great harm done to women and the unborn in the great tragedy of abortion. I wish to continue receiving these newsletters by way of e-mail ... Thank you for all that you do in helping women and the unborn! Sincerely, -- Fr. Tom

Dear Fr. Pavone, I am a Jesuit scholastic who cares deeply about the issue of abortion and would like to see more and more women and doctors say yes to life and no to abortion. I would like to see Roe Vs. Wade overturned and I would like our country to someday look back in amazement and wonder at what we did to so many innocent unborn children for so many years. So, thank you for your passion and persistence in your work for ending a culture of abortion. – Unknown

Dear Fr. Frank, Please know that as your brother presbyter I am more than proud for your efforts to wake up this very corrupt society in the USA. I am a priest from the ancient Archdiocese of Smyrna, present "Izmir," in Turkey, and very much appreciate your apostolate defending the most precious gift we had received from God Himself: Life. May God bless you and constantly assist you in your ministry and in every single effort for you to teach all that life must be respected. Thank you for writing on sexual abuse, people need to know even more about what that means in the life of a person. Asking your prayers for my health, the reason of my presence in California, I promise to remember you before the Lord. Very fraternally yours in Christ-God and in the Theotokos, Our Lady of Ephesus, Fr. Fausto Zelaya

Thank you. Keep up your good work. **Fr. JR, MA**

I am indebted to [the] television station EWTN for introducing me to people like you, with strong orthodox convictions and relentless defenders of the Church and the Pope. You have helped me immensely in sustaining and even elevating my faith, hope, and love of God and the Church. **Rev. CC, OH**

In the years that I have been ordained I can never remember meeting a newly ordained priest such as Father Frank Pavone who had such a clear cut agenda of his own from the first day he was ordained. He knew exactly what he wished to devote himself to as well as how he would use his time in the priesthood to achieve his goals. Father Pavone wished to become an apologist - a defender of the Faith through his teaching, writing, and preaching. He is a clear and thorough communicator, whether it be in the written or verbal format. Father Pavone's homilies at St. Charles were always a thorough discussion of the topic that he had chosen to discuss on Sunday. During his time at St. Charles Father Pavone conducted Pre-Cana classes for the young people of Staten Island who were preparing for marriage. He conducted in-service Religious Education classes for teachers in the parochial schools of Staten Island. He also taught classes at St. Joseph's Seminary in the formation program for Permanent Deacons. Each Friday evening Father Pavone conducted a scripture class in the rectory. More recently he has been seen on Cable T.V. giving a series of talks on the Catholic Faith. He has published a newsletter which he sends to over 1200 people all over the country. On the first Sunday of each month Father Pavone prepared an informative insert for the bulletin dealing with an issue of faith or morals. Obviously, Father Pavone is an individual of tremendous capacity. He is highly organized in the use of his time, otherwise he would not have been able to carry on so many outside activities. The people of our parish have benefited from Father's compassionate approach to all penitents in the confessional. He has always been most agreeable in making himself available to serve people's needs. St. Charles Parish is a much richer parish because of Father Pavone's presence in it during the past 4V2 years. It is our prayer that this talented young priest will continue to serve God and His Church as The National Director of Priests for Life. May God Bless his efforts! - **Msgr. Thomas J. Gaffney, Pastor, St Charles Parish, Staten Island, NY** (where Fr. Pavone was first assigned upon his priestly ordination)

Dear Father Frank Pavone and Mrs. Janet Morana, I would just like to thank all the support given to the seminarian Fernando Paiva during his stay in the US, including his attendance in the Retreat / Conference of August 16 21. I congratulate you for this initiative, which happens to be within the scope of his formation in the Gospel of Life issues, included in his path towards priesthood. My warmest regards, **Padre Carlos Rosmaninho, Vice Rector of Seminario Maior de S. Paulo**

I am glad that you exist! -- **Fr. Vasile, Romania**
Hi, I'm C.J. Glaser. I'm a seminarian from the Diocese of Owensboro, Kentucky, and I love Priests for Life. It's really good to see how priests can give a witness for the pro-life movement, especially whenever I'm trying to strive for that, so it's good to see how I can possibly give that witness one day. - **Seminarian C.J. Glaser**

Fr. Pavone, Bless you and your ministry. You have helped me past a few hurdles and your witness to the truth have been the inspiration to me and my ministry. - **Dcn. Marcelino**

Fr. Frank: You recent message about the You Tube “Is this what you mean?” campaign must have been the prompting of the Holy Spirit. It is brilliant. Several of the deacons in this diocese are meeting this Saturday to explore ways to really promote the project. Thanks for the tools! May God continue to bless you and your associates in His service and in the service of human life! - **Deacon Pete, St Johnsbury, VT**

I want to be a member of your fine organization. Your web page is great. So are your written products. Keep up the good work. - **Deacon Gene**

I preach regularly but I have only preached at two funerals in the last 27 years. That is when I searched for help and Fr. Frank came to the rescue. There were about 15 other deacons present, plus two priests and the congregation. All enjoyed the (Fr. Frank Pavone’s) homily titled, "You Do Not Belong to Death!" I did edit the homily and add some personal information about Deacon Joe, but most of the homily was that supplied by Fr. Frank. At the "kiss of peace" I was especially thankful to hear the bishop say to me, "Very well done." Thanks again to Fr. Frank, and may God continue to bless him and his organization. - **Deacon Don, Ontario Canada Archdiocese of Toronto.**

Fr. Pavone, ..I have watched your program, Priests for Life, on EWTN and find it to be a true blessing for the Catholic Church and for our Protestant brothers and sisters. ..I respect you
immensely, and cheer on your efforts along with so many more groups throughout the nation and the world that have stood up to the plate in defense of the Right to Life. -Stephen

Thank you for all the efforts you so tirelessly, and selflessly make for the sake of the Gospel!!! You and Fr. Pavone are outstanding examples for seminarians like myself and for all God's people!!! – Dear friend, I just want to inform you that I received the materials you sent me. I wish to thank you in a most special way. I lack words to express my gratitude. On another note, the materials you sent me are very informing and educative. I love that, my friends love that too. By June I will be doing my apostolic work, the materials will be useful to me...My friend seminarians here in Bigard Memorial Seminary send their greeting to you and Fr. Frank. Tell Fr. Frank that he is doing the job well. Thanks and GOD bless. - JOHN BOSCO OBika, BIGARD MEMORIAL SEMINARY, NIGERIA, WEST AFRICA

The Seminarian Life Link conference has been a tremendous source of pro-life formation. Stuff that would take many books and hours of private study, which there is little time for in Seminary, is given to you in an intense five day retreat/conference with the best and most intelligent pro-life leaders in the world. Now that I have been going two years, I can hardly imagine how I could be formed as truly pro-life without attending this conference, it opens your eyes to reality. Thanks again for all your hard work with the conference. -Mike, St. Joseph's Seminary

This is to say thanks for the sponsorship that allowed me to attend the Seminarian Life Link Conference in August. The speakers, format, activities and facilities all helped provide an environment of prayer, enlightenment and personal growth. The Holy Spirit truly had his hand on the conference. Thanks also for your participation and witness. I am proud to be a part of the pro-life movement and to bring this message to those I interact with.... Living and serving God in this manner will be a part of my permanent ministry. Thanks to you and Priests for Life for being one of the catalysts in making that happen. -John O'Neill, Saint Meinrad School of Theology

Thanks for a very powerful and informative message, and more tools to work with. - St. Meinrad School of Theology

Wonderful. We needed the words you provided to wage the war. - St. Meinrad School of Theology

I just want to let you guys know how much I appreciate all the hard work you put into the Seminarian Life Link Conference. Words can’t describe how blown away I was by the material given to us and how much it opened my eyes to the tragedy of abortion. I feel like I had a second conversion with pro-life issues. --MP, MD (Seminarian)
I am a seminarian...I attended your conference this past summer. I would like to thank you for all your dedicated work; the Two by Two project is incredible! **WD, OR**

I’d just like to take a minute to thank you and the Priests for life organization for your donation of 120 + copies of the prayer handbook entitled In the palm of His Hand by Fr. Frank Pavone. On Saturday mornings, a group of college and theology seminarians pray the rosary at a local abortion clinic. We read the rosary pro-life meditations within the booklet for before each of the decades. It is my intention to get a copy of the booklets you sent to each of our college and theology students here this year. In this way, I hope we can encourage greater participation through prayer and action in defense of God’s gift of life. Hopefully, the men will carry this concern with them as they continue on their vocations, either as a priest or in service amongst the church laity. -- **Jim, Seminarian**

April 17, 1999, this little Italian priest from Staten Island walks into a classroom at Mt. St. Mary's Seminary of the West in Cincinnati Ohio and absolutely shook the dust from the rafters and in doing so changed my life forever. You awoke in me the sleeping giant (no pun intended) of truth and you concluded our lunch by challenging me to 'think BIG,' and thus began Seminarian Life Link. Without your guidance and assistance SLL would still be just another BIG idea in my head. But more importantly from that April 17th morning began my friendship with you. Your constant friendship and guidance has inspired me to be a better man, a better pro-life leader and more importantly a better 'soon-to-be-priest.' I speak for both James and myself when I say, "thank you for your witness to life, your witness to constancy of the truth of the Church and thank you for your witness to the dignity of the Priesthood." .. I can never put into words what you mean to me, and what you have done for me by way of the example you have set for me in both the defense of life and in my future priesthood. – **Eric Bowman**
Praise from Diocesan Respect Life Directors

The response to your message was tremendous. In fact, never before have we had a uniformly positive response to anyone speaking to the entire priestly community here in our diocese. This is a first! Kent Peters, Diocese of Duluth, MN

It was a great honor to have been able to have Fr. Pavone speak at our convention. We have heard nothing but positive responses. Thank you for all of the hard work you do for life. -- Marilyn Wachs, Respect Life Coordinator, Aberdeen, South Dakota

Thank you for the newsletters on line! Fr. Pavone was just in Chattanooga and spoke so passionately and ignited a fire that I pray will help put out the Abortion clinics in Knoxville, like it did the ones in Chattanooga! God Bless you all!! -- Paul Simoneau-Respect Life Director, Knoxville, Tennessee.

Thank you so much for taking the time, energy, and dedication to fly out to the West Coast for our Respect Life Retreat. We've received some wonderful feedback from the event: "it was a quality day", "I got so much out of the conference" , and " It has really invigorated me to get involved again." Certainly, we owe the success of the conference to your commitment in spreading the truth about abortion, your clear and educational seminars, and your enthusiasm! We were certainly honored to have you as a guest speaker for this event. I was told that your staff...was especially friendly, helpful, and gracious in handling our many questions and logistical details. May God bless each of you as you minister to His children! -- George A. Welolek, Director, Office of Public Policy and Social Concerns, Archdiocese of San Francisco

Dear Father Frank, The archdioceses of Miami respect life office sends you our love, prayers. Congratulations on your anniversary as director of Priests for Life and on your 20th anniversary as priest. We are so grateful to God for giving us someone like you who inspires every one of us in the prolife movement to be courageous and to do everything we can to defend the least among us. I admire your strength and your humility and I pray that God will continue to bless you with health and wisdom to know HIS will and to continue HIS work. In the words of Henry Hyde, “Isn’t it remarkable that God wanted you to be born at this time and place? Not St. Francis of Assisi, not St. Catherine of Siena, not St. Ignatius Loyola – but you!” God bless you. -- For their lives, Joan M. Crown, Archdiocese of Miami Respect Life Office

Dear Fr. Frank, Congratulations on the 20th anniversary of your priesthood. You are one of my all time favorite priests. Thank you for all of the help you have given to my ministry as respect life director. Your visits to our local churches, participation in the respect life conferences held in our diocese and for the great resources you provide. Without this, our work would be so much weaker. I will write a letter to Big Boss in heaven and request a half day indulgence for what you have done for us. For a guy in my position, that’s the most they’ll give me. You won’t need it anyway. Sincerely, -- Don Kazimir, Respect Life Director, Diocese of Palm Beach, FL
Dear Fr. Pavone and Janet:
The Fourth Annual Walk for Life West Coast has come and gone and I want to thank you both for being here and helping to make it the great success it was. Your presence helped raise national awareness of what is going on out on the West Coast when it comes to the culture of life. Hopefully, we broke the stereotype that says that everyone in the San Francisco Bay Area and on the West Coast is pro-abortion. We showed the nation that nearly 30,000 people can come together peacefully and in the face of huge opposition to say that life is the best and the only choice. We walked for the rights of the pre-born, for women, men and families. On behalf of all the organizations you traveled across the country to support – the San Francisco Archdiocesan Respect Life Program, the Walk for Life West Coast, the Interfaith Committee for Life and Issues4Life Foundation – thank you. Thank you for your tireless support and for your graciousness in going to all the events we planned for you. It was quite a hectic schedule but your energy and commitment never failed. God bless both of you for your tireless work for the unborn. We are proud to include you in our Walk for Life West Coast family. -- Vicki Evans, Respect Life Coordinator, Archdiocese of San Francisco

I received your recent email with your greetings. Thank you. I also want you to know that we priests are so very proud of the work you are doing. Your leadership and guidance in the Pro-Life movement is truly an inspiration to us and for us. -- Very Rev. E. Michael Camilli, M.S.C. Secretary for Catholic Life and Evangelization Diocese of Allentown, PA

It is with my greatest admiration and respect that I wish to thank you for your willingness to participate in our Summer Rally for Life. The weekend events were a great success. We were able to connect with many people to re-energize their "pro-life batteries". All the planning for the last several weeks and months were well worth the effort as we accomplished our goal of keeping the pro-life message alive during the summer. It was truly a pleasure to meet you (at last) and to spend some time with you. -- Dick Frost, Director, Department of Marriage and Family Life, Diocese of Duluth, MN

The Priests for Life newsletter is well accepted and informative. -- Rev. Jay Peterson, Great Falls-Billings

Priests for Life has been a wonderful resource. It is important to me to know you're there ready to assist. -- Maggie Fitzpatrick Nadol, Diocese of Charlotte

Fr. Pavone has been to our diocese in three separate occasions in which he has reached people of all faiths at a fund-raising banquet, workshops at our diocesan catechetical convention, and homily presentations in our parishes. The helpful resources that he makes available are also distributed and serve as a valuable resource in the parishes which are not able to hear him present in person. Fr. Pavone is received with good evaluations at all the events he has taken part in. We are grateful for the time he has taken to travel and be present in our diocese. -- Rachelle Sauvageau, Director, Diocese of Fargo
Fr Pavone has been here at the invitation of the office of pro-life activities and individual parishes. He ...is well received by thousands on EWTN. Fr. Pavone is always well received whether in person, the newsletter or electronic media. -- Judith A. Gorman, Diocese of Buffalo

On the part of the Family Life Respect Life Office, we wish to express our heartfelt gratitude for your participation in Respect Life '99. Your thoughtful presentation provided our audience with deeper insight and vision about becoming more effective apostles for the Gospel of Life. Equally important is the conviction and hope you give witness to. We are confident that your words will continue to be a source of nourishment for those who attended Respect Life '99. Sincerely in Christ, Fr. John, Bonnici, STD, Director, Family Life and Respect Life Office, Archdiocese of New York and Kevin S.D. Connelly, Respect Life Coordinator, Archdiocese of New York, Family and Respect Life Office

Thank you so much, Father, for all you do! You are without a doubt hero to millions of pre-born babies and one of the Church’s great treasures. -- Rita Diller, Coordinator, Respect Life Ministries, Diocese of Amarillo

Your newsletter is great ... Keep up the great work! God Bless -- Patty Rodriguez, Diocesan Respect Life Coordinator Diocese of Fresno

Father Frank Pavone, National Director for "Priests for Life" was well received by pastors, deacons, administrators and pro-life lay people. His presentation was exceptional. Father Pavone’s talks were nothing but energizing. His remarks seemed to strike a chord in our hearts by the way he was able to convey the Church’s teaching on human life. He was able to gently expose the prevailing justifications for not being actively involved as Catholic Christians. The people...were impressed with his ability to take the human life issues, our place as Catholic Christians in the political and social struggle, and show us why we should be involved and how important our involvement and commitments can be. -- Peggy Sinanian, Pro-Life Director of the Archdiocese of Atlanta.

I want to thank you for the inspiring retreat you preached at My Father's House this past month. I had no idea you are such a powerful preacher and insightful theologian. Joe Collison, Diocesan Pro-Life Director, Diocese of Norwich, CT

Your stay with us here in Louisiana was most inspiring. The pastor had great reviews for you and our pro-life leadership was almost ecstatic. -- Brenda Desormeaux, Diocese of Lafayette, LA

I am very thankful that you were able to give the keynote address at the Bishop's Respect Life Rally ... I am still getting great comments from people about your inspiring keynote address. .... We are very grateful to be able to offer your inspiring and hope filled message to those who were unable to attend the rally. -- Julie Orr, Respect Life Coordinator, Diocese of Baton Rouge, LA
Dear Father Pavone, Thanks for your strong leadership. You are a blessing to America and an inspiration to all of us who labor in the prolife vineyard. Congrats on 20 years as a Priest. May God continue to bless you and your ministry. - Adrienne, Respect life director

As someone who works for the Diocese of Charleston, Family Life Office, I would like to thank you and everyone involved with Priests for Life for your support and guidance. We are inspired by your courage and appreciate the strong pro-life leadership you have provided for us. Thank you for being such a valuable resource for the Church! - Kathy Schmugge

Kathy Schmugge: My name is Kathy Schmugge. I am from the Diocese of Charleston, South Carolina, the director of family life. I just have to say I have been so grateful of the work of the Priests for Life. They have been such an incredible support to our Office of Family Life, which includes Respect Life. I don't know what I would do without their beautiful prayers, their liturgy aids, all of the things that they have helped me and the diocesan director for so very long, so I am so grateful to Father Pavone and to all the Priests for Life and their good work.

Angela Walters: My name is Angela Walters and I am the training coordinator for Gabriel Project for the Diocese of Fort Worth, and we appreciate Father Pavone. When we began Catholics Respect Life, which was the Diocese of Fort Worth pro-life office, Father Pavone came in and held our first fundraiser, the very first one we had, which was at Saint Elizabeth Ann Seton in Keller, and we appreciate so much Priests for Life. They've come in and done other events for us during the years. They come down here. We're now at the March for Life in Washington, D.C. Father Pavone has come in and spoken with us in our chapel to all the youth, done several commentaries for us to all the youth, and helped us in so many different ways. So we really appreciate Priests for Life and all they do.

Margie Breen: Good evening. My name is Margie Breen and I'm from Chicago, and over 12 years ago it was when I first saw Father Frank Pavone at EWTN Defending Life, and he asked people of faith, people of life, to get involved in the pro-life movement, and if they could to make it their vocation, to leave what they were doing and get a job in the pro-life movement, and I said yes, and God started opening doors for me. It didn't happen overnight, but then I got a job with the Archdiocese of Chicago in the Respect Life office, and I worked with them for over 11 years, and the last 3 years of that I was the Respect Life director of that office, and it was amazing. It was a great journey and a great experience, and all because Father Frank Pavone said – asked me, through the TV,
"Would you be willing to do this?" And I said yes. I said yes to God and that was the story. And then I left to help my husband in his job, and so I’m very excited to be a part of the pro-life movement.

Fr. Frank Pavone, You have energized the priests (and the laity) in the United States to become a true and rational voice for the Sanctity of Life. Blessings on you and your work. Affectionately, - **LiciaNicassio, Director of the Office of Respect Life, Los Angeles**

**Those who have had abortions**

Father, I had an abortion more than 30 years ago. I know I've been forgiven by God through confession, but I always felt that I had no right to speak out against abortion and killing since I am guilty. Someone from your staff was very encouraging to me and since then, I have been able to express my feelings a little better. Please know that you are a sort of lifeline for me and I will pray for you that all of your efforts will be rewarded sometime soon. I hope someday there will be no need for a Priests for Life organization because no one will be in danger of being killed. Maybe that’s part of God’s plan and Terri was his instrument. -**Anonymous**

Dear Father Pavone, I have been catching your homilies on Sacred Heart Radio lately. At the end of the mass you have been encouraging the faithful to get in touch with you. I am taking you up on the invitation. Thanks for being a loving voice in the Roman Catholic Church for the post-abortive woman. You and the late Pope John Paul II, really convey love. I chose abortion in 1991. Through the help of many post abortive healing groups I have found healing. The Rachel's Vineyard Retreat was very effective and very loving. I was able to obtain a free copy of Dr. Burke's book A Forbidden Grief. I have distributed this to two Psychiatrists in my area. I am writing to offer myself to the Lord. I will do whatever He needs on behalf of defending and protecting life. I will help you in any way I can. I love you very much Father Frank Pavone. Thank you for extending love to the post abortive woman. **Kathryn**
Praise for our Publications

Amen! and Amen! I will do whatever my part can be, in refusing to service these dens of baby-murder. I especially like the part at the end, "it takes a village to kill a child.....". Touche! Thank you for your work, and please continue. I pray for you, and I am not even Catholic! - -- Mike, CO

Father Frank’s comments struck straight to heart of this issue. I heard the autopsy reports [about Terri Schiavo], and I responded as I was trained to do by the media: I thought, oh well, I suppose she is better off now. But Father Frank set me straight. I am ashamed but strengthened, and I will never forget his comment that profound injury requires profound compassion on our part. Please let Father Frank know that his words changed (and chastened) me, and I am sure countless others, and I will pass them on whenever I can. -- Liz, Richardson

Just a short note to thank you for sending me all of your great material. I do a weekly Respect Life column in our parish bulletin. Very often I use excerpts from your newsletters. I do not want you to think that I take all of your efforts for granted. Many thanks again for everything. -- Kathy, NY

Dear Fr. Pavone and all workers against abortion, Thank you so much for all you are doing. I am so proud of you. God is truly working with you. Your newsletter telling of people and businesses refusing to put up another Planned Parenthood clinic is great. May more people find their backbone and stand up to be counted. We can certainly see God’s hand working through you. - Darlene

Father Pavone, I only wish I could really express in words how much I truly enjoy reading these newsletter and other related materials from Priests for Life. It enriches me so much. Thank you. That is wonderful!...Finally, some Priests with guts! -- Jen, TX

[In response to our newsletter] God Bless you all, I am 45 years old but have always celebrated the miracle of my birth as I was born at 6 months 2 weeks gestation, in a small tiny hospital 45 years ago and here I am. Thank you for your profound dedication. God Bless and Mary keep you -- Theresa

The colored picture on the back of the Jan/Feb. 2003 Vol. 13 was very DISTURBING! God bless you for showing us the truth about how horrendous abortions are. May God Bless you on your efforts to save the unborn and their mothers from the horrors of abortion. -- JT, Kansas

Re: Priests for Life Newsletter: Dear Fr. Pavone: Thank you for your efforts to enlighten clergy and laypersons about the evils of abortion. -- Jerry, TN

Thank you immensely for sending me some of your Newsletters. I really found them enriching and easy to read. In fact, I meet my Assistant Parish Priest and gave him one. He was delighted. I told him to get in touch with you for more information and how he can become a member. He
actually showed interest. I’m also contacting other lay Parishioners who are involved in the pro-life activities here in my parish. I have told some Seminarians and Priest friends about the works and Priest for Life. -- **Paul, Africa**

Your website is terrific and I firmly believe in what you are promoting, especially so as the Pro-life chairman of the Knights of Columbus council of which I am a member. I use the material which I receive in your newsletters in my messages to others. – **James**

Those beautiful 11-wk feet in your Sept-Oct 2002 newsletter prompted me to write you. I wish I had a trillion dollars to give you, but I do not. So I offer these prayers and insights to your cause - the Church's cause. God Bless you and all you do. -- **Karen**

Dear Father Pavone I was so happy to read your article "Yes, you can do something about elections!" [May-June 02 newsletter]............. I know God is working through you and others like you and we will not give up. Thank you. -- **Betty, FL**

Your latest breakthrough is awesome, Father Pavone! I have made 100 copies, so far, of your latest newsletter, about closing down Planned Parenthood. I pray those 100 will send you donations, or at the very least pray for your awesome efforts. I pray other people will make copies and pass them onto their friends, prayer groups, and within their parishes. – **Jan**

That [newsletter] was very thought provoking, Fr. Pavone. While I am not a Catholic, I am certainly pro-Life and anti-abortion, and I will definitely pray, in addition to repentance (which I have done on behalf of my nation many, many times), that God will move in the hearts of the many people who facilitate abortions to stop their unsuspecting and unintentional support of the industry. -- **LLB**

The Priests for Life newsletter is well accepted and informative. -- **Rev. Jay, Great Falls-Billings**

Dear Fr. Frank, I find your [news]letters enlightening and inspirational. Thank you. – **Rita**

Re: January 2002 newsletter: Thanks so much for a beautiful, beautiful message. We will get the local pregnancy center number in our bulletin. – **Madeline**

Well said. Everyone gains when the least are recognized. Your words have re-ignited my passion for [Martin Luther King’s] dream. -- **Michael**

Thanks for the newsletter. Your role reversal on the abortion providers is an interesting strategy- **Tom**

Your newsletter is so helpful to me in addressing issues on life in an educated manner. -- **Trish, Illinois**

Thank you for all the work you do for the unborn. Your newsletter and website give me hope
that one day abortion will be seen by all as the evil it truly is. – Katherine, MO

Firstly, thank you for the newsletter - it was the first one I received and I am very glad to do so! All good wishes to you, and thank you for all you do. – Alison

I really appreciate the articles on abortion and the relationship to voter's importance. May God continue to bless you in doing His work. Your Friend for Life, Mary Ann, IN

"It is with great interest and "spiritual" joy that I read and re-read your columns and newsletters. How wonderfully God is blessing "Priests for Life" in your many good works for life! Each month you bring more good news for life, its workers, and its works. Please know that I pray daily for the spiritual and temporal welfare of Priests for Life...." Sr. Marie, MI

I marvel at your eloquent, convincing, and "no-holds-barred" presentation of pro-life issues and newsletter, and via the EWTN Global Network which I listen to often as I can. – Mary, KS

Dear Priests for Life, Greetings in Christ Our Lord! From here in the United Kingdom, I can see that Priests for Life do a wonderful work in the USA to defend life. Here in the UK, over 180,000 unborn babies are murdered each year through abortion. It occurred to me how good it would be if there was a Priests for Life in the United Kingdom to defend life.-- Yours in Christ, Simon

Dear Father Frank, I am an avid reader of Priests for Life web site, a truly God-inspired ministry for personal faith and commitment to God and the cause of life. My own progress has been founded and is supported by your homilies, writings and wonderful pro-life resources. Father, you suffered and tried so hard to save Terri Schiavo. The insights you have shared about the political and legal “realities” and spiritual truths of Terri’s life and death provide invaluable armoury in the continuing battle for life over evil. SH, South Australia

I write to express our sincere gratitude. I am glad to inform you that we as the youth in our parish, we have been able to raise the consciousness of the youth on the issue of life as well as some adults. We are not going to give up. Thank you very much for the role you are playing to save life. We would like to support you with our prayers and we firmly promise on our part we shall speak for life, fight for life, educate the youth for life and live our lives for life. God Bless you and grant you success. -- Philip, Youth for Life

Thank you for all that you and your staff do to keep us informed. You have opened the eyes of many who would not have known the truth, or who would not have believed the truth. God Bless You and Keep you safe. -- KS

Dear Father Frank, Just a short note to thank you for your columns. They are excellent and inspiring in the battle against abortion.-- Dr. G.J, Australia

First time [on your site] and I have really been touched. Keep up the good work. We shall never back down or apologize to anyone for our continual stand against disrespect of the sanctity of all life. God bless you and your families. -- Thomas, Kenya

I’m a minor seminarian here in Manila, and a bill is proposed to be passed by the Philippine congress to legalize abortion and I think that with sites like this one you can help enlighten people about the bad effects of abortion. This site can help the Catholics in our world today to rethink their stand to legalize abortion. God Bless! -- Spencer

I admire your good work, your tenacity and your perseverance. May our Lord continue to guide and to inspire you all. -- A.W., Australia

Hardly a day goes by that I don’t take a look at your web page with eagerness to see if there’s new material to read. Your work has inspired me a great deal, and is a daily motivation for me.
Thanks for all your dedication and for this "miracle" of a site you have. May God bless you and give you more and more means to fight against this nightmare. -- Jenny, Spain

I am writing a short note to tell you how important your efforts are at this time. I applaud your consistent dedication toward the unborn. May God turn the hearts of his people to pray for the Holy Spirit to convict those in support of abortion. Keep up the good work. - Rene

Your message encouraged me to make a commitment to join the Rosary against abortion outside Parliament House and the abortion clinics here, which I had previously not ‘found time’ to do. God bless you! – Veronica

I am the manager of a French Catholic website and I admire your work. I hear from you at the last Christian Coalition Road to Victory in Washington where I listened to Fr. Pavone’s speech, which was wonderful: I wish we have such priests in France! Blessings, Matthieu

I am so grateful with organization especially to Fr. Frank Pavone who gives me strength to carry on with my pregnancy. Thanks for his prayers. It make me strong and love the God more than ever. --- Fe, Philippines

You are an inspiration to us here in Ireland. – PL

Congratulations for the wonderful work you are doing for the Lord. I have greatly inspired and wish we have one here in our country for our priests. Hope we get the chance to network with you. Thank you so much and God bless. -- Lily, Philippines

I applaud your efforts and implore you to continue. A recent visit to your web site has reminded me of the horrors in our midst which largely go on unnoticed. In Australia we too have blood on our hands as our unborn children are massacred daily. I thank God for people like yourselves who can see beyond the lies and work to expose this darkness to the light of truth. I pray for God’s blessing on your work. Please pray for us in Australia too. It’s a David and Goliath struggle but we know who won! Courage! In Christ, your filial brother, Simon
Praise for our Work on Elections

As communications director for the Pennsylvania Catholic Conference ... I wanted to send you a brief note of encouragement and praise for the good work you did in regard to the recent election. Thank you for your faithfulness and all of your efforts on behalf of the Church, the unborn, and the family. -- Carolyn Astfalk

Father Frank! Congrats on our huge success. .... As I sit here at Camp Cedar near Nasiriyah, Iraq we have had a serious threat the last 4 nights and are on lockdown and total blackout. Kind of freaky but I am still glad to be here helping. Many good things happening here! Thanks for Everything! -- Gary

Father Frank, Congratulations! You did a magnificent job in bringing in the pro-life votes. ... We must always follow Christ and be courageous, as you were (are.) -- Elizabeth

Dear Fr. Pavone, Before the last election I called and wrote to my family, children, cousins and friends and urged them to vote pro-life and vote for the candidate who is pro-life. The response was good, mostly because of the copies of the literature you sent me. I hope to do this again before the next elections .... God bless you all ways and always. – DMJ

Dear Fr. Pavone and the entire PFL staff, Congratulations on a brilliant and indefatigably executed campaign for life and life issues. As we now know, it has paid off handsomely. God Bless you all, -- Mike

Dear Fr. Frank, Thank you for your tireless efforts to elect a pro-life President and Congress. You are an inspiration to me and to all pro-lifers around the country. We need your leadership so desperately as we now go back to work in our legislatures and encourage our priests to lead us in promoting the Culture of Life. If we take advantage of this Year of the Eucharist, much good can be accomplished. Peace, -- Dave, IA

Thanks to God for your moving us to finally make time for defending our church in this political climate. Under your guidance we made a difference. Speaking out especially to our priest has been a blessing and given them the encouragement to come out ..... without fear.. Please keep up the good work. Thanks for your support. – Martha D.

You should know that you were the vehicle that carried the Episcopal and lay lead to “Life with Bush” as we knew it! Thank God for YOU and your staff Kudos and prayers. Keep those fires burning!!!

Fr. Pavone....Today, the day after Election Day, I praise God for His outcome and I thank God for sending us you during this critical time in history. Words cannot express my deep respect and admiration for you, your composure, courage and wisdom on your tenuous position during the
last eight months of this campaign. I think we can ALL sleep better tonight! May God abundantly bless you, and ALL the unborn babies. – **Cathy**

Congratulations Frank, Good job thanks to your wonderful work. Especially good news is the general interpretation of the elections result as reflecting the strong moral and spiritual will of the antiabortion electorate. You’ve aroused a sleeping giant. -- **Herman, C.SS.R.**

Father Pavone, We did it. Our team was better than the team representing all the evil stuff in the world, by God’s Grace. -- **Patricia**

Dear Father, thank you for all of your hard work in fighting for the lives of those that cannot defend themselves. I imagine, there was not a soul on earth who put in the effort, time nor energy that you did this past year....what a blessing to have you leading this fight. ... Your dedication and love for what you do has been such an inspiration. To think of how many people you must have driven to take action is amazing. Again, thank you. Blessings, -- **Lisa**

Dear Fr. Frank, The nation and the preborn children are indebted to you and your friends for what may have been the decisive effort in this election. I salute you and thank God for you. -- **Steve K.**

Dear Fr. Pavone: On this, the "day after", I want you to know that I, as well as so many people, are rejoicing on the outcome of this election and thanking you for all your efforts. You personally must be "relieved" and breathing a bit easier, because YOU DESERVE IT!!!!!!!! May Our Lord continue to bless you abundantly and to give you the strength you need to continue in your awesome ministry; and may Our Mother Mary keep you under Her Mantle and under Her protection every day. Loving and Trusting in Jesus through Mary, -- **Kay**

Dear Father Pavone, My thanks to you for helping ( that’s not a strong enough word) to turn the election for President Bush. My faith in America and the American people is restored My prayer for you and the president will continue. We must get this country back on the right road and keep it there. -- **M. M. Murphy**

Dear Fr. Frank, Thank you so much for showing us a truly Catholic role model on how to act. Thanks for helping Florida vote for Life. God chose to work through you and your staff to give us tremendous help and guidance. May God bless you. – **John**

Dear Fr. Frank, I just wanted to let you know I have not ignored ANY of your letters. I’ve been very busy working at our state ... headquarters on RTL issues including phoning Right to Lifers, discussing the 5 non-negotiable issues in RCIA, .. calling hundreds of folks, ... and doing anything needed to educate & prod folks. I worked ... as a poll watcher/challenger... You motivated me to get off my keester and make a difference. ... I’ll keep on going with your help. Yours with my prayers, with my love -- **John L.**
Thank you, Father Frank for all of your hard work. The country is now in a position to nominate pro-life judges to the Supreme Court. YOU MADE A DIFFERENCE!!! -- Michael, New Orleans

Father Pavone, receiving your e-mail unequivocally casting your vote ... was the brightest spot in the campaign for me. Thank you for your courage and leadership. ... Of course, all the thanks belong to our God who is so good to us. However, you and PFL and, of course, EWTN, all deserve kudos for doing all you could. -- Linda C

Dear Father Pavone, you have probably been told this from other people, but you had a lot to do with winning the pro-life election. Your talks on EWTN must have "hit" many people. I hope Catholics will be more aware, through your teaching and the other priests at EWTN that they have an obligation to vote pro-life, if they are to be in communion with the authentic teachings of the church. This election, I hope, brought the abortion issue more to the front. -- FL

Dear Father Pavone: You thanked a lot of people for their work for the Pro-Life cause in this election. You, however, are the one to deserve thanks. -- Thanks again and God bless you.
Sincerely Yours in Christ, T Miller, M.D., Ph.D.

Dear Father Pavone: I want to thank you for all your hard work to bring about the results of the past election. I believe you were greatly responsible for the outcome—you and perhaps the Swift Boat Vets! Your courage, and your hard work, and your irrefutable arguments certainly were persuasive to many voters—especially Catholics. My favorite was when you were on Bill O'Reilly's program with Father McBrien. Bravo, Father Pavone! We certainly need strong clear directives on Church teaching and morals, and you gave courage to many where there was none before. May God continue to use you and lead and guide you in the great Challenges to life and morals to effect our culture today. With prayers to Our Lady that she keep you as her No. 2 son! -- Dee, Mo

Thank you, Fr. Frank for all that you did for the success of this election through your convictions, your prayers, your faith and dedication and perseverance!!!! I thanked you last week in Ohio and I thank you again! Praise God! God Bless you and your Staff! Peg Young, SFO, Cleveland Right to Life

Dear Father Pavone, Thank you for all the e-mail notices and letters you have sent me before and during the pre-election period. As the mother of seven healthy children, now all adults, I truly appreciate and respect the constant effort you are making to protect the precious unborn and to help the women who fall victim to the pressures of our modern world. Please send me your update commentaries every two weeks. I would sincerely appreciate keeping informed about the pro-life movement. Thank you again. May God bless you always and lead you to help others to finally find a way to end the tragedy of abortions and issues surrounding them. -- JoAnn
Congratulations on a God blessed victory for the unborn! You clearly became God's voice, and His hands and His heart in protecting the unborn. Thank you for responding so powerfully to God's call. -- Mary Ellen

Thank you and God bless you. You got us to vote for the first time in 25 years, both me and my husband, this year. And also got us stirred up so our fountains are flowing, our inner fountains, with what you said this past week about Terri Schiavo. Thank you. I wish we had more priests like you. -- Susan

Thank you for that advice about elections. My problem has been exactly that I keep fantasizing about the perfect candidate who will represent my views on every issue. After reading your column I don't feel the pressure to find the [perfect] candidate. I'll just focus on this important issue. It may take many years, but hopefully politicians will find that a pro-abortion stance will be the kiss of death. -- Ann

Dear Father Pavone: We want to thank you for all that you have been doing for pro-life. We have always been pro-life, and it boggles our minds that anyone could be pro-death In fact, our two sons are adopted – if their biological parents has been pro-death, we would not have our family today. Unfortunately, in this current era, we are living in a culture of death. During the recent presidential election, we were privileged to participate in the activities of priests for life, and we tried to do all we could to support pro-life candidates in Pennsylvania – particularly distributing your “election” prayer to numerous parishes throughout our area. Of course, the pro-life cause did not end with the election, as you have said many times. We are so appreciative of your continued courageous leadership in the face of temerity or indifference, both within the religious and the laity. We need your leadership more than ever – not only with the abortion issue in pro-life but also euthanasia and embryonic stem cell research. Indeed, many people who oppose abortion seem to favor embryonic stem cell research and euthanasia – or are indifferent to these issues. This has been demonstrated by the Terri Schiavo case and the embryonic stem cell legislation, which, if it were not for an expected presidential veto, would have become law. For these reasons, we want to make a donation to Priests for Life – beyond our normal monthly amount. If all of our priests were as fervently pro-life as you are, this enthusiasm would catch on with millions of lay Catholics. This, combined with the efforts of our good non-Catholic brethren, would be a force that could restore our culture of life once again! -- Dr. and Mrs. JF, PA

Thanks very much! I did enjoy the conference call. The pace was perfect and lots of information was effectively covered. Great job! -- Sue E.

Silence denotes acceptance, and it can be deadly. Thank God that some Christians voted their conscience and not the party line. Many thanks to them and to Priests for Life and EWTN for educating individuals about their moral obligation to vote their conscience.
Thank you Fr. Pavone for all the work you did for the election. Your support for the values that our church teaches is so “on target”. We need more church leaders standing up for life. Praise to our Lord for your ministry. -- **Rhonda, Respect Life coordinator**

Thank you for all your support and hard work through the elections, especially your trip to Boston, that gave us a great boost! Hope to see you in Washington in January. – **ER**

Dear Fr. Frank, thank you for all you do! I want you to know that it’s been almost two weeks since you spoke at the Right to Life - Livingston County 14th Annual Focus on Life Dinner in Howell, MI. and we continue to receive compliments on our choice of speaker!! Even as I was making GOTV calls - when I identified myself - several people took this opportunity to comment on how much they enjoyed the evening. One gentleman even went so far as to inform me that while this had been the first dinner he had attended, it would not be the last and he was looking forward to next year’s event (and he wasn’t even Catholic). -- **PS**

After the 10 am Mass that Fr. Pavone celebrated here, two people told me they were [pro-abortion candidate] people going into church but Father’s homily changed their stand to vote for [the pro-life candidate]. -- **AC, Florida.**

I just want to thank Fr. Pavone for all he did for the elections. I was very proud to be a Catholic. He motivated and encouraged Catholics like I have never seen. Our work has just begun. -- **JD, Florida**

Fr. Pavone’s election year presentation was clear, concise and practical in how we as Catholics can get involved in the political process! Thank you. -- **FE, Wisconsin.**

Thank you for coming to my Parish and pointing out ways I can make a difference in encouraging friends and family to support pro-life candidates. – **JM**

Our hats off to you for fighting day and night for life, God, and moral issues…. We attended Fr. Pavone’s appearance in SD and witnessed his uniting word…. Because of you and the Fundamental Christians in this area, we are rid of [a pro-abortion Senator] and got Sen. Hume, a real moral leader. -- **PB, SD**

I know that your speech on the election and abortion deeply affected my pastor. -- **SK, NY**

Congratulations, and thank you. You have reached countless people whom we could not, and in a way that we could not. You are loved, admired, and supported…. Many times I have heard you speak…. I caught the last couple of minutes of your homily for the EWTN Mass, on Catholic radio. My heart ached for you as I listened to your impassioned comments…. I do believe priests like you are our hope for the future. -- **DF, NY**

We believe your efforts were the single most effective to bring out the Catholic vote – a vote for life…. – **Larry**
We are grateful for all you have done in these trying weeks before the election. You were sometimes the voice crying in the wilderness.... In our parish...we carried out many of the suggestions you made, voter registration, distribution of surveys and literature, bulletin notices and intentions that we found in your letters and literature.... May the Holy Spirit continue to guide and strengthen you. You are truly and inspiration. Frances, Respect Life Committee, NY

I can’t thank you and your staff for the great work to accomplish such a great victory for life.... -- JF, Massachusetts

I want to personally thank you for the monumental work you have done before, during, and after the election. It was through your hand of teaching and educating the country that we won for life. -- TL, Pennsylvania

Thank you, Father, for all that you and your priests do for life. I believe that your efforts helped Catholics to vote pro-life in the election. I always am so happy to see you and hear what you have to say about life issues on EWTN. VN, RN, Illinois

Congratulations on saving so many babies. Congratulations for all you’ve done to influence the elections. -- PF, New York

We wanted to congratulate you the staff for doing a tremendous job in the recent elections. God blessed and rewarded your hard work and prayers with VICTORY. -- WS, NM

Thank you for your prayers and emails which have been very powerful. I have sent them out to Parishes around here and to all that I could. They had very powerful effect on everyone. -- DA

Priests for Life was a major player in this election. Congratulations! -- HZ, Florida

I honestly think "I'm sure" that you especially should get most of the credit for [the president ] being re-elected. The Masses and homily that you gave on EWTN on Thursday and Friday first before the election. I feel very positive it was the help by you and many other priests and bishops that really put [him] over the top. I do hope that the country begins to realize the great help you were by being Priests for Life. -- JB, New York

I would like to thank you for all the wonderful work you did during the election. The prayer campaign I feel was truly inspired by the Holy Spirit and it was an honor to take part in it. -- JM, New Jersey

Just want to congratulate you on the big pro-life win in the recent elections. More than anyone else, I believe, you are responsible for the success of the pro-life candidates on November 2nd. Both by all your great preaching on the subject (I heard you many times on the EWTN Masses) and also by all of the prayer crusades, prayer rallies, and prayer vigils that you inspired. -- TR, NJ
I credit you and EWTN with the election win for a pro-life candidate. Without your strong and uncompromising position many Catholics would have voted for the nominal Catholic candidate. Your opposition to him because of his pro-abortion political stance gave them the courage to vote their conscience. Had Catholics not heard your voice and the voice of the Pope, [the pro-abortion candidate] would have undoubtedly been elected. Your "Baptist sister," -- SS, Alabama

You made the difference!

Thank you for working so hard during the 2004 presidential elections. You truly got the word out! I was very glad to hear a priest “tell it like it is.”... We, the laity, need to hear it and from our priests! Even Catholics who wavered on the issues could not be confused on where the Church stands...life being the only issue. -- GP, Alabama

It is my conclusion after looking back at our recent national and local elections that you two clergymen [with Rev. Lou Sheldon] of different faiths were largely responsible for the Pro Life victories by influencing Christians to go to the polls. -- GM, MO

I can’t begin to tell you how proud and comforted you and your work have made us feel during these trying times of the past election. You have made us feel proud – once again – to be called Catholics in a time when our local parish seemed to lose its voice for justice and for the unborn. We were very glad to have Father Wilde speak at [our] parish and confirm to us that what we were feeling and speaking for is truly the Church’s position. We felt that many times our voices were being drowned out in our parish for different reasons. -- NB, Florida

Before the election, my wife and I prayed daily that we would elect a pro-life President and other officials. Now my wife and I daily thank God that our prayers were answered. We thank you for your leadership in helping to achieve this goal.... May God bless you as Priests for Life continues to lead us in the fight against abortion. -- LW, PA

Thank you for all your hard work and especially for your homily preached on EWTN Holy Mass before the election in which you encouraged all of us to pray and vote and claim the victory in His Name.... Your homily reinforced not only the issue of victory with your “get out the vote,” but also was a source of encouragement to me in my present position to lead the abstinence health initiative for teens in Maine.... Your example in speaking out for the unborn has been an inspiration for me, for many years in my life. -- MS, ME

I want to thank you also for your tireless efforts to direct votes of Catholics and Christians to the pro-life candidates. EWTN and you are truly responsible for cooperating with God in His miracle of re-electing [the President]. -- PG, MI

Thank you for your inspired efforts which encouraged such an outpouring of prayer and sacrifices appealing to God’s Mercy in the recent elections. -- BN
We wish to thank you for your leadership in mobilizing the “prayer warriors” for life to storm heaven to bring the Spirit into the election process. We heard you on EWTN and you were very inspirational and when you claimed “victory,” you were prophetic! -- DM, MA

I want to express my sincere personal thanks and that of family and friends for you devotion to the life issues. I believe your role in the election was a direct contributing factor for the re-election of [the President]. You have a right to feel a great sense of accomplishment and pride.... On behalf of babies and their mothers, thank you. -- VS, GA

Thank you, thank you for all the work you and your priest group did to un-seat and not elect the pro-abortion candidates....I was thrilled there was finally a group of priests who incensed enough about the slaughter of these babies to forget about being politically correct and loved by U.S. citizens – if they were to bite the bullet and fight for the unborn. God Bless you all.. -- DS, SD

Congratulations and a big thank you to you and all your Priests for Life. Thanks to your staff and all who helps in any way to make the dramatic work you carried on during the past months so successful. I believe the victory is a miracle given to us by God through the intercession of our Blessed Mother. Your insight into getting us to pray the rosary together with all the other prayerful suggestions you put before us made for a great collective effort and resulted in a power of prayer that resulted in the greatest popular vote in history for the candidate backing our cause. So, thanks, Fr. Pavone. Extend our gratitude to your fellow priests and co-workers. Let’s always remember the Blessed Mother and her miraculous response to the trust we put in her intercession. Let’s continue to keep all the continued work in prayer. May God grant you an ever increasing awareness of His great love for you. -- Sr. Alice, PA

I thank you for the undying leadership and motivation you have provided through the months of this election campaign. Your communications are inspiring. The outcome of the election was not a surprise to me, because we surely are doing the Lord’s work. -- FD, MN

Just can’t tell you how much I thank you and your staff for the great blessing you have been throughout the recent election campaign. Your traveling message to the voters via television (EWTN) and in person was truly a lightning rod for all of us. It was surely a big source of inspiration for the pro-life movement -- everyone who heard you had to be inspired. The result came in on election night! -- MP, SD

We regret not being able to attend the rally in Orlando and meet Fr. Pavone. However with the help of all the prayers and votes of the opposition to the “Culture of Death” and Fr. Pavone’s work we prevailed on Election Day..... Congratulations to Fr. Pavone on a successful trip! Working to save the unborn, -- LD

I wanted to send a message of “Thanks” to Priests for Life and Fr. Frank Pavone. Over the past few months I had been attending church with some of my Protestant friends. I was so impressed by the messages I was hearing which were strongly political. About two weeks ago I
saw Fr. Frank on EWTN giving a commentary on the election issues. I was so impressed and felt so proud that someone was finally speaking out. You have renewed my faith in my Church! I am forwarding your bi-weekly e-mails to all of my friends hoping that your wisdom and the truth of the Word will speak to them. Please, keep them coming! I also wanted to ask if there was anyway of e-mailing or posting the homilies and commentaries shown on EWTN so we can spread your message to a greater audience. Thanks again, I am eagerly awaiting my volunteer assignments from Priests for Life (I signed up last week)! Melissa, San Antonio, TX

Firstly we thank you Fr. Pavone for you work and commitment. Joining with other Christians was very meaningful. God continue to bless you in your work - we stand with you! -- JD, Florida

This is a belated thank you for all you did to help the elections on Nov. 2 by encouraging Catholics to vote and get involved. I truly believe your efforts made a difference. Thanks! God Bless, -- Mary

I cannot express in words the gratitude that we feel for the work you continuously do to promote the Culture of Life about which Pope John Paul II has spoken so often and so eloquently. Your impact on yesterday's elections was enormous. We thank you for coming to [our church], for leading us in prayer during our rally for [the President].., and for your wonderful pre-election series in EWTN. Your website continues to provide us with wonderful resources for use in our Churches and community. Priests for Life has truly been a gift to us from Almighty God. We thank you for being His wonderful instrument. You can be assured of our prayers. -- EW, Ohio

Thanks for the tremendous work you do in assisting with the elimination of abortions. You also did an excellent job when interviewed on [the O'Reilly Factor]. -- Deacon Lee.

I personally want to thank you for all the hard work you did for the Presidential election. I firmly believe that you personally deserve much of the credit for getting [the President] re-elected. Your tireless efforts have paid off and I am one person who is forever grateful. You have helped to rally the troops....but we have only just begun. Thank you again – KL, Massachusetts

I hope that I speak for all of your supporters in saying
Thank you for your perseverance
Thank you for your moral clarity
Thank you for your example
Thank you for your priesthood
God bless you and your ministry.
JC

Dear Fr. Pavone: Thanks you for getting me involved with politics this election. I got tired of watching you on EWTN and doing nothing about the Pro-Life movement. Because the Holy Spirit used you to move me to action, you also indirectly are responsible for what my cousin did. He is a 62- year-old Southern Baptist in Florida. To the best of my knowledge this is the first
election he has been involved in, and he outdid me – he distributed 4,500 pieces of literature. -- AG

Thanks for Fr. Pavone’s encouragement at the conference at Franciscan University in June, we made assertive efforts in our parish of greater boldness. We had a voter registration in our church vestibule two weekends in a row . . . . We passed out literature on candidates voting record for abortion when and where we could. We did a lot of one on one sharing and we used Fr. Pavone’s tape from the conference when we met resistance. Thank you and God bless you for your mission for the unborn and their mothers and fathers. -- ML, Ohio

Thanks be to God and thanks be to you for the fantastic outcome of the Elections. On October 29, when I was preaching at the Mass on EWTN, I said that I was confident about the outcome, because I know what you, and all the other faithful pro-life people, are like. You gave me confidence and, together, we gave the Lord an opportunity to change things! -- DT, CA

Bravo Father Frank Pavone! Thank you so much for your hard work, helping us who do not really follow politics and understand. -- RS

Well done to you all on running an excellent election education campaign. -- PK, England

The silent, moral, family-values majority have spoken and we have won. I am deeply grateful to Father Pavone for all his wonderful work to bring this about. Thank you. -- DD

Congratulations and blessings on the victory for us all!!!!! You work so hard on behalf of the innocent lives that need our protection. God Bless you always and please be with us always. -- AD, PA

Thank you for your insight, encouragement and all you do for the Pro-Life arena. Your advice has certainly always given me an opportunity to feel like a can do, and accomplish a successful end. Particularly, at this most crucial time. -- MF, FL

If pro-life candidates win today (please God...), I believe it will be greatly due to your efforts. Thank you so, so much. I love you and appreciate immensely what you have been doing. In their hearts, -- JI

I watched your program at EWTN all the time you talked about the elections . . . . I did what you told us. I made many, many copies, showed one to the priest before Saturday Mass and he gave me permission to pass copies outside the church which I did . . . . The next day I went in front of a voting place and join [others] who were there passing propaganda. I showed my copies and everyone wanted one to make copies for their relatives and friends. It was quite a success and I felt very proud being able to do something just the way you suggested during the programs at EWTN. I joined the Novenas, Masses and Rosaries as you also suggested, prayed day and night the day of the election. I did not sleep Tuesday, just pray and waited till late morning to hear that we had succeeded, praise God. -- EF
I have been closely praying with you in the 9 week novena prayer for your land’s elections. I was also very privileged to have watched you being interviewed on TV. I also have been very much attached to your e-mails, in a way I am now able to explain it to the next person why we as Christians should stand up against abortion. I am very thrilled about how you have allowed our Almighty God to use you as His instrument. In a very special way, I want you to know that there are Catholic Christians in the Republic of Namibia (Southern Africa) who wish to commend and claim you for the Kingdom of God on this earth. May the Holy Spirit guide you and be with you in everything you do. I love and cherish you a lot and I continue to pray to God to grant you strength, light and salvation in order for His Kingdom to be fully established in His people. Yours in Christ, MM, Namibia

I thank God today for the victory for life! . . . Thank you for all you have done, your messages (forwarded to me by others) made a difference in my heart during this election. God bless you! -- John

Dear Father Frank and all: Regardless of the election results I want to say Thank You. You have emptied yourself. You overlooked nothing and you have been tireless. On behalf of my unborn brothers and sister I give God thanks for raising up a priest such as yourself, Father Frank. Many thanks and prayers always to you and your faithful staff. Mercy, Jesus. Mercy on us. -- Patty in Pennsylvania

Thank you all, and May God bless you all for the hard work you all have done for this election! You have all a hand in the victory we all share today! Thank you, and may God abundantly bless you all!!! Sincerely, TL

Thanks for the newsletter and all you do. I feel confident that organizations like yours are responsible for the positive election outcome. You requested that we inform you of activities that we participated in to help the pro-life cause. As a family we prayed, participated in the election novena, said rosaries especially the pro-life rosary, and tried to reach as many people in our community as possible with the message of pro-life. -- JE

Thanks for all your effort over the last weeks . . . .We appreciate all you did to help the country decide to protect life!! -- JF

Fr. Pavone’s intelligent, informed, passionate plea to people of faith to use all resources of their minds and hearts while voting for the highest position in our great land is to be commended! March on, Christian soldiers! -- NF, PA

I firmly believe that the outcome of the Ohio vote would have been quite different if it had not been for you. Thank you for your guidance and inspiration. -- LZ, OH

Many, many thanks to you for being a constant ‘voice in the darkness’ speaking out for all of God’s little ones. Your untiring efforts during this campaign season have made a major impact.
on many voters and with God's continued help, will lead to an eventual overturn of Roe v Wade. Thank you for the continued e-mail updates throughout the past months. May God continue to bless you in your ministry. -- JI

Now that the election is won and the moral people of the USA have spoken, we want to thank you for the inspiration you have given all of us. -- LH, IN

May God continue to bless you and everyone at Priests for Life. . . . I saw you on Fox News TV and that was a wonderful thing! God Bless -- DM, Kentucky

I just want to thank you for your beautiful prayer. I did say it every day and I know it brought me closer to God. I’m sure this prayer helped assure us the USA will have a much better chance of protecting the lives of unborn children. Thanks again for all you did during this election season and praise be to God. -- AT

Yeah!!! It works!!!! That prayer prevailed!! Thanks for all you are doing. -- Cyndi, Alaska.

Thank you so much for your commitment to the unborn! You have blessed all of the pro-life community with your messages of life, hope and truth. May God bless you with His presence and guidance in a way that you have never experienced before. -- Kathy Roush, President, Grand Traverse Area Right to Life

Thank you immensely for your fervent and powerful words on pro-life that educated me and guided (changed) my voting choices in this important 2004 election. In addition to your wonderful EWTN programs, I greatly appreciate all the vital information you sent from your priestsforlife.org website, which I forwarded to many relatives and friends. At times confused and disappointed, I was uplifted and empowered by your valuable bi-monthly letters, which I e-mailed or printed and delivered to many individuals, groups, and churches. Because of YOU, "Vote Life 2004" became my mission! -- Gloria

We have won! We congratulate Fr. Frank on his brilliant homilies and hard work. Thanks to Almighty God now many thousands of innocent little lives will be spared, through the decisions of President Bush! -- DO

All your tireless work--it was amazing and no doubt brought out more of the vote for the right person. Among all the reasons the other side lost you weren't given credit . . . . But we know and God certainly knows--may he bless you all abundantly!!!! -- S&D, NV

We wanted to thank you for your 'over-the-top' effort you put into this election concerning the Catholic 5 non-negotiables, and especially down in Florida. -- KR, NC

Thank you for your prayers and emails that have been very powerful. I have sent them out to Parishes around here and to all that I could. They had very powerful effect on everyone. Bless you for standing and fighting this most holy fight. We stand with you for the precious lives of
the unborn. We need thousands more like you. You are a strong voice and an inspiration to believers everywhere! -- DA

Thank you for organizing people via e-mail to pray & work to support a pro-life candidate in the past presidential election . . . I participated in the novena prayers that you encouraged. Thank you for being a Catholic priest, and for guiding us in doing good works on behalf of pre-born children. I may not have gotten involved in the election at all (except to vote) if it had not been for your encouragement. God bless -- AW, Tennessee

Thank you so much for your tireless and courageous work during this election year! God has blessed our country with your leadership, and the election victory we celebrate is in large part due to the efforts of pro-life warriors like yourself. You continue to inspire us to press on, not to lose hope, and to continue to console Jesus in this battle for the Culture of Life! MM, CA

May God continue to bless Fr. Pavone...he's doing a great job! In my opinion it was because of his prayer to Almighty God that we all said, that Bush was re-elected. -- LL

The nation and the pre-born children are indebted to you and your friends for what may have been the decisive effort in this election. -- SK

Thank you for all the work you and your staff are doing. I watch you often at EWTN, and you had an impact on me on whom to vote for. May God continue to work through your open boldness about abortion. -- Jennifer

I am certain that we would not have won this election if it were not for you. I know that every pro-life person in this country contributed to electing Bush, but without you we could not have done it. You are a true shepherd of your people, Father Pavone. You are the leading force driving our country in the right direction. God has blessed our country today by allowing ... all the pro-life candidates to get elected. Praised be Jesus Christ forever! ! ! -- JR

Thank you Father Pavone, Priests for Life and staff!! Because of you and your tired-less work, Christians across the country have come out to voice their vote. My husband and I have been turned around by EWTN and Father Pavone. The Pro-life message has changed our votes and our lives for good. Thank you for your uncompromising stand for God’s commands. In Christ, BP, Texas

Thank you so much for all of your efforts with this election! It is wonderful to see the recognition by the media that the faithful remnant still demands morality and values in their president! Only through your efforts and the power of our prayers was it possible to get that point across!! Thank You Thank You Thank You!!! ED

Congratulations are due to you in achieving yesterday's positive election results . . . . We found your messages very helpful in discussion the major moral issues that our country faces. We
admire your courage with which you spoke out [and] your efforts with which you clarified our Catholic Bishops statements on voting. -- FK

I am proud that through God's grace I was able to help by using your prayer novena and your emails and the National Catholic Register's editorial on The Five Non-Negotiable Issues for Catholic Voters. I would not have attempted the things I did without your encouragement and inspiration on your EWTN shows and your homily in last Friday's Mass. -- BM

I wish to thank you for the wonderful work you did to help make these election results possible. I saw you a few times on EWTN and was aware of your Novena of Masses for election, as well as of your coordinated prayer effort with its base online. . . . I believe that the work of men like you has helped Catholics to see the light with regard to where they should place their vote. Thank you again. -- AC, MI

God bless you and your staff at Priests for Life...you have worked tirelessly for the President and Catholics listened and were inspired by you! The President owes you a large debt of gratitude. I sincerely mean that and I know that the materials you distributed, the prayer that you wrote which I have been saying every day since August, the visits you made and the speeches you made all played a large part in the Catholic vote for the President. I will more vigilant in the coming years to keep up with the judges the President appoints particularly to the Supreme Court but perhaps his candidates to the bench will have more success now that we have won the Senate and the House! May God continue to bless your work in leading us out of the culture of death under which we have been burdened for so long. With respect, -- GK, Massachusetts

Thank you for everything. Because of Priests for Life and I found the courage to tell people that I am a one issue voter - Pro-Life. I also added the words Pro-Life to the “I Voted” sticker and intend to wear it proudly on the train home this evening. I have been able to do this because of your organization, and the priests at EWTN. Keep reminding priests that their flocks are yearning to hear their voices and to follow. Thank you, -- Theresa

Father Pavone, Thank you so very much for your untiring work for the unborn. You are truly an inspiration to us and a wonderful motivator. You have filled us with desire and information. No matter what the outcome, you have done an excellent job for the good of all the people. God bless you many times over. May you sleep well soon! -- LF, North Carolina

Fr. Pavone - You did it! Success!! Thank you for working so hard for God's kingdom. Your leadership meant thousands of votes for pro-life candidates. I'm a deacon and I preached at 3 of the 4 Masses at our parish last Sunday. My homily was almost a copy of your homily at the Friday Mass at EWTN. You are a tremendous inspiration for me and many others. You give us a great deal of hope. Keep up the good work. We love you. - Tom M, FL

Thank you Father Frank for everything you do, every moment, every hour, every day and every night. Thank you Father Frank, for living the gospel of life. I am so thankful to have met you and
to share in the great call you have answered of God. I hope to hear from you soon. Your friend for life forever, -- Linda A.

“Dear Father Frank, thank you for your leadership in this election. You are my new hero. I do not know if you had my name down as your grassroots helper, but I worked very hard with you for our cause.

“I watched you on EWTN and you spoke to my soul. I checked your website and obtained the information I needed. I printed the attorney’s letter, and my husband carried it in his pocketed when he distributed the flyers to the churches.

“I read your emails and followed your advice. I watched your programs. We called and emailed churches to put your program information in church bulletins. I listened to your homilies. The last two days of the election, I repeated over and over to my family and friends and myself, ‘Drop everything you normally do in these days and work on the election.’ Thank you, Father Frank, for giving us direction.” -- Rosinda, FL

“Dear Father, Thank you so much for your bold and unwavering voice and work in the protection of the unborn. We watch you regularly in our home on EWTN. And although you have energized me several times before on the pro-life movement, your most recent homily at Daily Mass convicted me to vote.

“Although usually blasé about political involvement, I felt a strong compulsion to go and make my voice and vote for all the pre-born babies that will never get the chance to vote.

“I thought that it was very interesting that as strongly convicted as I felt, I found that my tire on my car was flat, it was raining, and I had to stop at five different locations to get it fixed.

“Now, normally, something like this before would have made me infuriated, and I would have skipped the voting station. But when I pulled up, I knew I was responding to God’s call to do my part. I was so energized when leaving the polling station, I completely forgot about all the obstacles impeding me casting my vote. I just wanted to say thank you for all you can do. May God bless you and your entire organization.” -- Brian
