*"My life spiraled into a life of self-hatred, drugs, alcohol, and wrong relationships. I ended up having three more abortions. Each time I felt like my life was being sucked out of me. I felt dead inside, empty. I tried to fill the emptiness with more drugs, alcohol, and relationships. I hated myself and what I had become. I wanted to die." – Cecelia*

*Through healing, I was able to come to terms with what I had done and understand the psychological and spiritual consequences of abortion. I was able to grieve the loss of my precious babies, Matthew and Sarah, accept the love and forgiveness of God and given the ability to love and forgive myself. - Patti*

*It wasn't until I lived a Rachel's Vineyard retreat in 2017, that I felt God's forgiveness. Only through God's mercy and forgiveness, I was able to forgive myself. And able to feel God's Blessings, His Grace and His LOVE for me. And to feel joy in my life again. To love my children and grandchildren. GOD'S love! God, I Love you! God has given me the strength to continue in this journey of healing. Living Rachel's was what I needed to fill the hole of emptiness I felt for many years, it saved me, Rachel's saved my life.! - Olivia*

*There is healing for broken hearts and lives after abortion, through the love and forgiveness of Jesus Christ. His work at the cross of Calvary removes all shame, bitterness, self-hatred, and sin, if we only believe and receive Him in our hearts. ... I was able to forgive those involved in my abortion, including myself, after receiving God's forgiveness through Jesus. Now I am silent no more, sharing my story publicly and privately as much as possible, as God opens those doors for me.*

*I wear my SNM sign every Saturday morning at Planned Parenthood where I help to sidewalk counsel -- I know for certain one baby and mother who were saved as a result! I give all glory to Him who has given me the strength and courage to be His hands, His feet, and His voice. Many people passing by have stopped to share their own abortion story with me - which opens up the door to share healing opportunities with them and the love of Christ.*

*We've seen over 120 babies saved from the hands of abortion in Southern California just this year. God allows me to use this testimony in speaking to many others in the same situation of going to Planned Parenthood to kill their child. God truly redeems all things and this is why I will be silent no more! - Steven*
